The Mobius Trip William Garner, 1978 *The Möbius Trip* William Garner, 1978 **The Möbius Strip** Jonathan D. Amith, 2005-10-10 The Möbius Strip explores the history political economy and culture of space in central Guerrero Mexico during the colonial period This study is significant for two reasons First space comprises a sphere of contention that affects all levels of society from the individual and his or her household to the nation state and its mechanisms for control and coercion Second colonialism offers a particularly unique situation for it invariably involves a determined effort on the part of an invading society to redefine politico administrative units to redirect the flow of commodities and cash and ultimately to foster and construct new patterns of allegiance and identity to communities regions and country Thus spatial politics comprehends the complex interaction of institutional domination and individual agency The complexity of the diachronic transformation of space in central Guerrero is illustrated through an analysis of land tenure migration and commercial exchange three salient and contested aspects of hispanic conquest The Möbius Strip therefore addresses issues important to social theory and to the understanding of the processes affecting the colonialization of non Western societies Technology, Innovation, Entrepreneurship and Education Jeremy Foss, David Crawford, Waqas ur Rahman, 2025-10-09 This book constitutes the refereed proceedings of the 5th EAI International Conference on Technology Innovation Entrepreneurship and Education TIE 2025 held in Cambridge UK during March 17 18 2025 The 8 full papers included in this book were carefully reviewed and selected from 29 submissions These papers provide a vision of technologies applied to enterprise education medicine and cultural heritage reflecting our collective ambition to explore pioneering ideas and redefine the future of learning innovation and societal progress **Bloodwars** Brian Lumley, 1995-11-15 The highly anticipated conclusion to the blood chilling Vampire World trilogy begun in Blood Brothers and continued in The Last Aerie At the height of their powers twin brothers Nathan and Nestor Keogh are locked in mortal combat determined to destroy each other The outcome of their battle will determine the fates of two worlds and countless humans Zoomland Florentina Armaselu, Andreas Fickers, 2023-12-31 Despite a variety of theoretical and practical undertakings there is no coherent understanding of the concept of scale in digital history and humanities and its potential is largely unexplored A clearer picture of the whole spectrum is needed from large to small distant to close global to local general to specific macro to micro and the in between levels The book addresses these issues and sketches out the territory of Zoomland at scale Four regions and sixteen chapters are conceptually and symbolically depicted through three perspectives bird s eye overhead and ground view The variable scale representation allows for exploratory paths covering areas such as theoretical and applicative reflections on scale combining a digital dimension with research in history media studies cultural heritage literature text analysis and map modelling creative use of scale in new digital forms of analysis data organisation interfaces and argumentative or artistic expressions Zoomland provides a systematic discussion on the epistemological dimensions
