Turkish-American Relations since 1783 TUBA ÜNLÜ BILGIÇ, BESTAMI S. BILGIÇ, 2022-11-28 Recent public squabbles between American and Turkish leaders and lawmakers have led many to question what kind of an alliance Turkey and the United States have This book is directly concerned with this question and attempts to shed light on every single detail related to the nature of this alliance With discussions on the historical evolution of the bilateral relations and current disagreements on various issues such as the Turkish acquisition of Russian air defense systems and the Kurdish question in the Middle East this study offers a lucid genealogy of the Turkish American alliance for all those interested in the subject

"*Is the Turk a White Man?*" Murat Ergin, 2016-09-27 In 1909 the US Circuit Court in Cincinnati set out to decide whether a Turkish citizen shall be naturalized as a white person the New York Times article on the decision discussing the question of Turks' whiteness was cheekily entitled *Is the Turk a White Man* Within a few decades having understood the importance of this question for their modernization efforts Turkish elites had already started a fantastic scientific mobilization to position the Turks in world history as the generators of Western civilization the creators of human language and the forgotten source of white racial stock In this book Murat Ergin examines how race figures into Turkish modernization in a process of interaction between global racial discourses and local responses "The Turk" in the Czech Imagination (1870s-1923) Jitka Malečková, 2020-09-29 In *The Turk in the Czech Imagination 1870s 1923* Jitka Malečková describes Czechs' views of the Turks in the last half century of the existence of the Ottoman Empire and how they were influenced by ideas and trends in other countries including the European fascination with the Orient images of the Turk contemporary scholarship and racial theories The Czechs were not free from colonial ambitions either as their attitude to Bosnia Herzegovina demonstrates but their viewpoint was different from that found in imperial states and among the peoples who had experienced Ottoman rule The book convincingly shows that the Czechs mainly viewed the Turks through the lenses of nationalism and Pan Slavism in
