**The Illustrated History of the Cinema** David Robinson,1986      **The movie book : an illustrated history of the cinema** Don Shiach,1999-10-01      The Illustrated History of the Cinema Ann Lloyd,David Robinson,1987      The Movie Book Anness Publishing,Don Shiach,1997      **The Turn to Gruesomeness in American Horror Films, 1931-1936** Jon Towlson,2016-09-27 Critics have traditionally characterized classic horror by its use of shadow and suggestion Yet the graphic nature of early 1930s films only came to light in the home video DVD era Along with gangster movies and sex pictures horror films drew audiences during the Great Depression with sensational content Exploiting a loophole in the Hays Code which made no provision for on screen gruesomeness studios produced remarkably explicit films that were recut when the Code was more rigidly enforced from 1934 This led to a modern misperception that classic horror was intended to be safe and reassuring to audiences The author examines the 1931 to 1936 happy ending horror in relation to industry practices and censorship Early works like Murders in the Rue Morgue 1932 and The Raven 1935 may be more akin to The Texas Chain Saw Massacre 1974 and Hostel 2005 than many critics believe      **The Oxford Illustrated History of the Third Reich** Robert Gellately,2018-02-16 At age thirty in 1919 Adolf Hitler had no accomplishments He was a rootless loner a corporal in a shattered army without money or prospects A little more than twenty years later in autumn 1941 he directed his dynamic forces against the Soviet Union and in December the Germans were at the gates of Moscow and Leningrad At that moment Hitler appeared however briefly to be the most powerful ruler on the planet Given this dramatic turn of events it is little wonder that since 1945 generations of historians keep trying to explain how it all happened This richly illustrated history provides a readable and fresh approach to the complex history of the Third Reich from the coming to power of the Nazis in 1933 to the final collapse in 1945 Using photographs paintings propaganda images and a host of other such materials from a wide range of sources including official documents cinema and the photography of contemporary amateurs foreigners and the Allied armies it distils our ideas about the period and provides a balanced and accessible account of the whole era

**Cinema Year by Year** Robyn Karney,Joel Waldo Finler,Ronald Bergan,2006 Tracing the development of cinema from the first experiments of Edison to all the winners of the 2006 Academy Awards this bestselling annual is the definitive chronology of the movies      **Judas Iscariot: Damned or Redeemed** Carol A. Hebron,2016-09-22 At the beginning of the 20th century Judas was characterised in film as the epitome of evil the villainous Jew Film makers cast Judas in this way because this was the Judas that audiences had come to recognize and even expect But in the following three decades film makers as a result of critical biblical study were more circumspect about accepting the alleged historicity of the Gospel accounts Carol A Hebron examines the figure of Judas across film history to show how the portrayal becomes more nuanced and more significant even to the point where Judas becomes the protagonist with a role in the film equal in importance to that of Jesus Hebron examines how in these films we begin to see a rehabilitation of the Judas character and a restoration of Judaism Hebron

reveals two distinct theologies rejection and acceptance The Nazi Holocaust and the exposure of the horrors of genocide at the end of World War II influenced how Judaism Jews and Judas were to be portrayed in film Rehabilitating the Judas character and the Jews was necessary and film was deemed an appropriate medium in which to begin that process
