The Multiple Values Of Wilderneb:

The Multiple Values of Wilderness H. Ken Cordell, John Clark Bergstrom, James M. Bowker, 2005 Gone are those of the 1950s and early 1960s who championed preserving wild lands and who influenced and saw the birth of the National Wilderness Preservation System NWPS Gone too are myriad eager managers and proponents of wild land protection of the late 1960s and 1970s who helped rear the fledgling Wilderness system and bring it into adolescence by adding management practices and policy interpretations In this the 40th year since the birth of the NWPS this middle age federal land system is surrounded by many new faces as its childhood friends have moved on to other callings have retired or are no longer with us Needed in these new times is a clear comprehensive articulation of the multiple values of Wilderness The overall purpose of this book is to tell fully what we know about the range of values Americans hold toward the NWPS in a factual wide ranging and science based way A multidisciplinary team of authors and researchers clarify the meaning of different types of Wilderness values and present replicable science based evidence of these values in this volume The intended audience is all those new faces who can and do have power over the future of the U S National Wilderness Preservation System as well as all who seek to influence those who have this power This book is also intended for teachers students and other inquisitive people involved in formal or informal learning and research programs The authors intend this compilation to help better inform interested and engaged members of the general public about the values of their public Wilderness areas After all it is the American citizen who is ultimately responsible and can influence public policy in the greatest measure through their individual and collective voices and actions Publisher **Personal, Societal, and Ecological Values of Wilderness**, 2000
