Sinners And Citizens Bestiality And Homosexuality In Sweden 1880 1950:

Sinners and Citizens Jens Rydström, 2003-11-15 *Sinners and Citizens* explores how sexual habits changed in Sweden during its development from an agrarian society into a modern welfare state Jens Rydström examines the history of homosexuality and bestiality in that country to consider why these sexual practices have been so closely linked in virtually all Western societies He limns sharply the distinctive experience of rural life showing that to regularly witness farm animals stirred passions and sparked ideas especially among young farmhands Based on medical journals psychiatric reports and court records from the period as well as testimonies from men in diaries letters and interviews *Sinners and Citizens* reveals that bestiality was once a dreaded crime in Sweden But in time mention of the practice disappeared completely from legal and medical debates This Rydström contends is because models of penetrative sodomy shifted from bestiality to homosexuality as Sweden transformed from a rural society into a more urban one As the nation's economy and culture became less identified with the countryside so too did its idea of deviant sexual behavior *Sexual Perversions, 1670-1890* J. Peakman, 2009-07-30 A fascinating glimpse into the history of sexual perversions and diversions including fetishism cross dressing effeminate men and masculinized women sodomy tribadism masturbation necrophilia rape paedophilia flagellation and sado masochism asking how these sexual inclinations were viewed at a particular time in history **Interspecies Interactions** Sarah Cockram, Andrew Wells, 2017-09-14 *Interspecies Interactions* surveys the rapidly developing field of human animal relations from the late medieval and early modern eras through to the mid Victorian period By viewing animals as authentic and autonomous historical agents who had a real impact on the world around them this book concentrates on an under examined but crucial aspect of the human animal relationship interaction Each chapter provides scholarly debate on the methods and challenges of the study of interspecies interactions and together they offer an insight into the part that humans and animals have played in shaping each other's lives as well as encouraging reflection on the directions that human animal relations may yet take Beginning with an exploration of Samuel Pepys often emotional relationships with the many animals that he knew the chapters cover a wide range of domestic working and wild animals and include case studies on carnival animals cattle dogs horses apes snakes sharks and invertebrates These case studies of human animal interactions are further brought to life through visual representation by the inclusion of over 20 images within the book From sleeve cats to lion fights *Interspecies Interactions* encompasses a broad spectrum of relationships between humans and animals Covering topics such as use emotion cognition empire status and performance across several centuries and continents it is essential reading for all students and scholars of historical animal studies *Queer Voices in Post-War Scotland* J. Animalia Americana Colleen Glenney Boggs, 2013-01-08 Consulting a diverse archive of literary texts Colleen Glenney Boggs places animal representation at the center of the making of the liberal American subject From the bestiality trials of the seventeenth century Plymouth Plantation to the emergence of sentimental pet culture in the nineteenth Boggs traces a history of human animal sexuality in America one shaped by sexualized animal bodies and affective pet relations Boggs concentrates on the formative and disruptive presence of animals in the writings of Frederick Douglass Edgar Allan Poe and Emily Dickinson Engaging with the critical theories of Michel Foucault Giorgio Agamben Judith Butler Donna Haraway and others she argues that animals are critical to the ways in which Americans enact their humanity and regulate subjects in the biopolitical state Biopower or a politics that extends its reach to life thrives on the strategic ambivalence between who is considered human and what is judged as animal It generates a space of indeterminacy where animal representations intervene to define and challenge the parameters of subjectivity The renegotiation of the species line produces a tension that is never fully regulated Therefore as both figures of radical alterity and the embodiment of biopolitics animals are simultaneously exceptional and exemplary to the biopolitical state An original contribution to animal studies American studies critical race theory and posthumanist inquiry Boggs thrillingly reinterprets a long and highly contentious human animal history

Censoring Sex Research Thomas K Hubbard, Beert Verstraete, 2013-08-31 This volume brings into daylight one of the most explosive episodes of censorship and censure of academic scholarship in recent decades presenting an extended version of Bruce Rind's suppressed essay on sexual relations between male adults and adolescents cross culturally accompanied by twelve essays arguing for or against Rind and analysing the controversy

Encountering Crises of the Mind, 2018-09-24 Mental health and madness have been challenging topics for historians The field has been marked by tension between the study of power expertise and institutional control of insanity and the study of patient experiences

This collection contributes to the ongoing discussion on how historians encounter mental crises. It deals with diagnoses, treatments, experiences, and institutions largely outside the mainstream historiography of madness in what might be described as its peripheries and borderlands from medieval Europe to Cold War Hungary from the Atlantic slave coasts to Indian princely states and to the Nordic countries. The chapters highlight many contests and multiple stakeholders involved in dealing with mental suffering and the importance of religion, lay perceptions, and emotions in crises of mind. Contributors are Jari Eilola, Waltraud Ernst, Anssi Halmesvirta, Markku Hokkanen, Kalle Kananoja, Tuomas Laine, Frigga Susanna Niiranen, Anu Rissanen, Kirsi Tuohela, and Jesper Vaczy Kragh.

Queer Sexualities in Early Film Shane Brown, 2016-07-26 Since the publication of Vito Russo's seminal study *The Celluloid Closet* in 1981, much has been written about the representation of queer characters on screen. Until now, however, relatively little attention has been paid to how queer sexualities were portrayed in films from the silent and early sound period. By looking in detail at a succession of recently found films and revisiting others, Shane Brown examines images of male-male intimacy, buddy relationships, and romantic friendships in European and American films made prior to 1934, including *Different from the Others* and *All Quiet on the Western Front*. He places these films within their socio-political and scientific context and sheds new light on how they were intended to be viewed and how they were actually perceived. In doing so, Brown offers his readers a unique insight into a little-known area of early cinema, queer studies, and social history.

Southern Masculinity Craig Thompson Friend, 2010-01-25 The follow-up to the critically acclaimed collection *Southern Manhood: Perspectives on Masculinity in the Old South* (Georgia, 2004), *Southern Masculinity* explores the contours of southern male identity from Reconstruction to the present. Twelve case studies document the changing definitions of southern masculine identity as understood in conjunction with identities based on race, gender, age, sexuality, and geography. After the Civil War, southern men crafted notions of manhood in opposition to northern ideals of masculinity and as counterpoint to southern womanhood. At the same time, manliness in the South, as understood by individuals and within communities, retained and transformed antebellum conceptions of honor and mastery. This collection examines masculinity with respect to Reconstruction, the New South, racism, southern womanhood, the Sunbelt, gay rights, and the rise of the Christian Right. Familiar figures such as Arthur Ashe are investigated from fresh angles, while other essays plumb new areas such as the womanless wedding and Cherokee masculinity.

Patient Zero and the Making of the AIDS Epidemic Richard A. McKay, 2017-11-22 Now an award-winning documentary feature film, *The Search for a Patient Zero* has been key to media coverage of major infectious disease outbreaks for more than three decades. Yet the term itself did not exist before the emergence of the HIV/AIDS epidemic in the 1980s. How did this idea so swiftly come to exert such a strong grip on the scientific media and popular consciousness? In *Patient Zero*, Richard A. McKay interprets a wealth of archival sources and interviews to demonstrate how this seemingly new concept drew upon centuries-old ideas and fears about contagion and social disorder. McKay presents a

carefully documented and sensitively written account of the life of Ga tan Dugas a gay man whose skin cancer diagnosis in 1980 took on very different meanings as the HIV AIDS epidemic developed and who received widespread posthumous infamy when he was incorrectly identified as patient zero of the North American outbreak McKay shows how investigators from the US Centers for Disease Control inadvertently created the term amid their early research into the emerging health crisis how an ambitious journalist dramatically amplified the idea in his determination to reframe national debates about AIDS and how many individuals grappled with the notion of patient zero adopting challenging and redirecting its powerful meanings as they tried to make sense of and respond to the first fifteen years of an unfolding epidemic With important insights for our interconnected age Patient Zero untangles the complex process by which individuals and groups create meaning and allocate blame when faced with new disease threats What McKay gives us here is myth smashing revisionist history at its best

Thörn,2012-01-25 Using an analytical framework based on Foucault s concept of governmentality and through unique case studies this volume explores the ongoing transformations taking place in the Swedish welfare state *Immigrants in the Sexual Revolution* Andrew DJ Shield,2017-08-29 This book focuses on the latter half of the twentieth century when much of northwest Europe grew increasingly multicultural with the arrival of foreign workers and post colonial migrants whilst simultaneously experiencing a boom in feminist and sexual liberation activism Using multilingual newspapers foreign worker organizations archives and interviews this book shows that immigrants in the Netherlands and Denmark held a variety of viewpoints about European gender and sexual cultures Some immigrants felt solidarity with and even participated in European social movements that changed norms and laws in favor of women s equality gay and lesbian rights and sexual liberation These histories challenge today s politicians and journalists who strategically link immigration to sexual conservatism misogyny and homophobia
