English Drama of the Early Modern Period 1890-1940 Jean

Chothia, 2016-07-01 The period 1890-1940 was a particularly rich and influential phase in the development of modern English theatre, the age of Wilde and Shaw and a generation of influential actors and managers from Irving and Terry to Gielgud and Olivier. Jean Chothia's study is in two parts, beginning with a portrait of the period setting the narrative context and considering the dramatic, social and cultural changes at work during this time. It then focuses on some of the main themes in the theatre from Shaw and comedy to the rise of political and radio drama, providing an interpretative framework for the period. This volume will be of great benefit to students and academics of English literature and drama as it covers the work of the major dramatists of the period as well as considering the dramatic output of literary figures such as James Eliot and Lawrence. *The Rise and Fall of the Well-Made Play (Routledge Revivals)* John Russell Taylor, 2013-12-19 First published in 1967, this title considers the idea of the well-made play in the context of how and why it has been devalued and how far in allowing it to be devalued we have lost sight of certain important elements of the theatre. The focus of the book is largely on the development of British theatre and those who have been instrumental to it. This is an indispensable introduction for any student with an interest in the history and development of the British theatre.

Modern Drama and the Rhetoric of Theater W. B. Worthen, 2015-01-30 The history of drama is typically viewed as a series of inert styles. Tracing British and American stage drama from the 1880s onward, W. B. Worthen instead sees drama as the interplay of text, stage production and audience. How are audiences manipulated? What makes drama meaningful? Worthen identifies three rhetorical strategies that distinguish an O'Neill play from a Yeats or these two from a Brecht. Where realistic theater relies on the natural qualities of the stage scene, poetic theater uses the poet's word, the text to control performance. Modern political theater, by contrast, openly places the audience at the center of its rhetorical designs, and the drama of the postwar period is shown to develop a range of post-Brechtian practices that make the audience the subject of the play. Worthen's book deserves the attention of any literary critic or serious theatergoer interested in the relationship between modern drama and the spectator. **The Quarterly Journal**, 1929 *Pinero: Three Plays* Sir Arthur Wing Pinero, 2014-05-08 Born within a year of both Shaw and Wilde, Pinero was one of the most popular and prolific playwrights of his age. This volume contains his three best and still most often performed plays, each written in a different mode: *The Magistrate* (1885), a splendid farce; *The Second Mrs Tanqueray* (1893), a social problem play; and *Trelawny of the Wells* (1898), an affectionate comedy on the inevitability of change.

The Universal Jewish Encyclopedia ... Isaac Landman, Simon Cohen, 1942 **Writers, Readers, and Reputations** Philip Waller, 2008 Philip Waller explores the literary world in which the modern best-seller first emerged, with writers promoted as stars and celebrities advertising both products and themselves. *Dramatic Bibliography*, 1933 *Sir Arthur Pinero's Plays and Players* Henry Fyfe, 1930 *A Literary History of England Vol. 4* A. Baugh, Kemp Malone, 1959
