*Topographies of Japanese Modernism* Seiji M. Lippit, 2002-04-01 What happens when a critique of modernity a revolt against the traditions of the Western world is situated within a non European context where the concept of the modern has been inevitably tied to the image of the West Seiji M Lippit offers the first comprehensive study in English of Japanese modernist fiction of the 1920s and 1930s Through close readings of four leading figures of this movement Akutagawa Yokomitsu Kawabata and Hayashi Lippit aims to establish a theoretical and historical framework for the analysis of Japanese modernism The 1920s and 1930s witnessed a general sense of crisis surrounding the institution of literature marked by both the radical politicization of literary practice and the explosion of new forms of cultural production represented by mass culture Against this backdrop this study traces the heterogeneous literary topographies of modernist writings Through an engagement with questions of representation subjectivity and ideology it situates the disintegration of literary form in these texts within the writers exploration of the fluid borderlines of Japanese modernity

**Touching the Unreachable** Fusako Innami, 2025-09-30

Fusako Innami offers the first comprehensive study of touch and skinship relationality with the other through the skin in modern Japanese writing. The concept of the unreachable that is the lack of characters' complete ability to touch what they try to reach for provides a critical intervention on the issue of intimacy. Touch has been philosophically addressed in France but literature is an effective or possibly the most productive venue for exploring touch in Japan as literary texts depict what the characters may be concerned with but may not necessarily say out loud. Such a moment of capturing the gap between the felt and the said, the interaction between the body and language can be effectively analyzed by paying attention to layers of verbalization or indeed translation by characters' utterances, authors' depictions and readers' interpretations. Each of the writers discussed in this book, starting with Nobel prize winner Kawabata Yasunari, Tanizaki Jun'ichirō, Yoshikuni Junnosuke and Matsuura Rieko, presents a particular obsession with objects or relationality to the other constructed via the desire for touch. In *Touching the Unreachable*, phenomenological and psychoanalytical approaches are cross-culturally interrogated in engaging with literary touch to constantly challenge what may seem like the limit of transferability regarding concepts, words and practices. The book thereby not only bridges cultural gaps beyond geographic and linguistic constraints but also aims to decentralize a Eurocentric hegemony in its production and use of theories and brings Japanese cultural and literary analyses into further productive and stimulating intellectual dialogues. Through close readings of the authors' treatment of touch, Innami develops a theoretical framework with which to examine intersensorial bodies interacting with objects and the environment through touch.

*The Paradoxes of Japan's Cultural Identity* Roy Starrs, 2025-10-01 Japan is widely regarded as having a unique culture and a strong national identity. Paradoxically, however, many basic elements of Japanese culture are not originally Japanese. Since the beginning of its history, Japan has been one of the world's major importers of foreign cultures. Its culture was thoroughly hybrid long before that word became fashionable in contemporary global studies. But this does not mean that Japan's culture lacks originality. The Japanese have always made strikingly original contributions, even improvements to whatever they imported. Even more significantly, the hybridity of their culture produced ongoing tensions that served as a kind of creative dynamo for Japanese writers, artists and intellectuals. This book explores the fundamental creative tension between the native and the foreign in many areas of Japanese culture, from politics and religion to art and literature, a tension also often interpreted as between tradition and modernity.

*The Columbia Anthology of Modern Japanese Literature* J. Thomas Rimer, 2011-11-15 Featuring choice selections from the core anthologies *The Columbia Anthology of Modern Japanese Literature: From Restoration to Occupation, 1868-1945* and *The Columbia Anthology of Modern Japanese Literature: From 1945 to the Present*, this collection offers a concise yet remarkably rich introduction to the fiction, poetry, drama and essays of Japan's modern encounter with the West. Spanning a period of exceptional invention and transition, this volume is not only a critical companion to courses on Japanese literary and intellectual development but also an essential reference for scholarship on Japanese history, culture and interactions with the East and West.
