Audiobooks, Literature, and Sound Studies Matthew Rubery, 2011-05-09 This is the first scholarly work to examine the cultural significance of the talking book since the invention of the phonograph in 1877 the earliest machine to enable the reproduction of the human voice Recent advances in sound technology make this an opportune moment to reflect on the evolution of our reading practices since this remarkable invention Some questions addressed by the collection include How does auditory literature adapt printed texts What skills in close listening are necessary for its reception What are the social consequences of new listening technologies In sum the essays gathered together by this collection explore the extent to

which the audiobook enables us not just to hear literature but to hear it in new ways Bringing together a set of reflections on the enrichments and impoverishments of the reading experience brought about by developments in sound technology this collection spans the earliest adaptations of printed texts into sound by Charles Dickens Thomas Hardy and other novelists from the late nineteenth century to recordings by contemporary figures such as Toni Morrison and Barack Obama at the turn of the twenty first century As the voices gathered here suggest it is time to give a hearing to one of the most talked about new media of the past century

[Opera as Soundtrack](#) Jeongwon Joe,2016-05-13 Filmmakers fascination with opera dates back to the silent era but it was not until the late 1980s that critical enquiries into the intersection of opera

and cinema began to emerge Jeongwon Joe focusses primarily on the role of opera as soundtrack by exploring the distinct effects opera produces in film effects which differ from other types of soundtrack music such as jazz or symphony These effects are examined from three perspectives peculiar qualities of the operatic voice various properties commonly associated with opera such as excess otherness or death and multifaceted tensions between opera and cinema for instance opera as live embodied high art and cinema as technologically mediated popular entertainment Joe argues that when opera excerpts are employed on soundtracks they tend to appear at critical moments of the film usually associated with the protagonists and the author explores why it is opera not symphony or jazz that accompanies poignant scenes like these Joe s film analysis focuses on the time period of the post 1970s which is distinguished by an increase of opera excerpts on soundtracks to blockbuster titles the commercial recognition of which promoted the production of numerous opera soundtrack CDs in the following years Joe incorporates an empirical methodology by examining primary sources such as production files cue sheets and unpublished interviews with film directors and composers to enhance the traditional hermeneutic approach The films analysed in her book include Woody Allen s Match Point David Cronenberg s M Butterfly and Wong Kar wai s 2046
