Save Room for Pie Roy Blount,2016-03-15 Our best laid plans will yield to fate And we will say We lived We ate Roy Blount Jr is one of America s most cherished comic writers He s been compared to Mark Twain and James Thurber and his books have been called everything from a work of art Robert W Creamer The New York Times Book Review to a book to read till it falls apart Newsweek Now in Save Room for Pie he applies his much praised wit and charm to a rich and fundamental topic food As a lifelong eater Blount always got along easy with food he didn t have to think he just ate But food doesn t exist in a vacuum there s the global climate and the global economy to consider not to mention Blount s chronic sinusitis which constricts his sense of smell and consequently his taste buds So while he s always frowned on eating with an ulterior motive times have changed Save Room for Pie grapples with these and other food related questions in Blount s signature style Here you ll find lively meditations on everything from bacon froth to grapefruit Kobe beef to biscuits You ll also find defenses of gizzards mullet okra cane syrup watermelon and boiled peanuts an imagined dialogue between Adam and Eve in the Garden of Eden input from Louis Armstrong Frederick Douglass and Blaze Starr and of course some shampooed possums and carjacking turkeys In poems and songs limericks and fake or sometimes true news stories Blount talks about food in surprising and innovative ways with all the wit and verve that prompted Garrison Keillor in The Paris Review to say Blount is the best He can be literate uncouth and soulful all in one sentence **Alphabet Juice** Roy Blount,2009-09-29 Ali G How many words does you know Noam Chomsky Normally humans by maturity have tens of thousands of them Ali G What is some of em Da Ali G Show Did you know that both mammal and matter derive from baby talk Have you noticed how wince makes you wince Ever wonder why so many h words have to do with breath Roy Blount Jr certainly has and after forty years of making a living using words in every medium print or electronic except greeting cards he still can t get over his ABCs In Alphabet Juice he celebrates the electricity the juju the sonic and kinetic energies of letters and their combinations Blount does not prescribe proper English The franchise he claims is over the counter Three and a half centuries ago Thomas Blount produced Blount s Glossographia the first dictionary to explore derivations of English words This Blount s Glossographia takes that pursuit to other levels from Proto Indo European roots to your epiglottis It rejects the standard linguistic notion that the connection between words and their meanings is arbitrary Even the word arbitrary is shown to be no more arbitrary at its root than go to guy or crackerjack From sources as venerable as the OED in which Blount finds an inconsistency at whisk and as fresh as Urbandictionary com to which Blount has contributed the number one definition of alligator arm and especially from the author s own wide ranging experience Alphabet Juice derives an organic take on language that is unlike
