South Africa And The Transvaal War:

South Africa and the Transvaal War (Complete) Louis Creswicke, 2007-01-01 The Transvaal War like a gigantic picture cannot be considered at close quarters To fully appreciate the situation and all that it embraces the critic must stand at a suitable distance He must gaze not merely with the eye of to day or even of the whole nineteenth century but with his mind educated to the strange conditions of earlier civilisation For in these conditions will be found the root of the widespread mischief the answer to many a riddle which superficial observers have been unable to comprehend The racial hatred between Boer and Briton is not a thing of new growth it has expanded with the expansion of the Boer settlers themselves In fact on the Boer side it is the only thing independent of British enterprise which has grown and expanded since the Dutch first set foot in the Cape This took place in 1652 Then Jan Van Riebeck of the Dutch East India Company first established an European settlement and a few years later the burghers began life as cattle breeders agriculturists and itinerant traders These original Cape Colonists were descendants of Dutchmen of the lower classes men of peasant stamp who were joined in 1689 by a contingent of Huguenot refugees The Boers or peasants of that day were men of fine type a blend between the gipsy and the evangelist They were nomadic in their taste lawless and impatient of restrictions bigoted though devout and inspired in all and through all by an unconquerable love of independence With manners they had nothing to do with progress still less Isolation from the civilised world and contact with Bushmen Hottentots and Kaffirs kept them from advancing with the times Their slaves outnumbered themselves and their treatment of these makes anything but enlivening reading From all accounts the Boer went about with the Bible in one hand and the sjambok in the other instructing himself assiduously with the Word while asserting himself liberally with the deed Yet he was a first rate sporting man a shrewd trafficker and at times an energetic tiller of the soil The early settlements were Rondebosch Stellenbosch and Drakenstein in the valley of the Berg River Here the Dutch community laboured and smoked and married multiplying itself with amazing rapidity and expanding well beyond the original limits Dutch domination at the Cape lasted for 143 years after the landing of Van Riebeck but gradually internal dissensions among the settlers resulted in absolute revolt Meanwhile the Dutch in Europe had lost their political prestige and the country was overrun by a Prussian army commissioned to support the House of Orange In 1793 in a war against allied England and Holland France gained the day and a Republic was set up under French protection thereby rendering Holland and her colonies of necessity antagonistic to Great Britain After this the fortunes of the Cape were fluctuating In 1795 Admiral Elphinstone and General Craig brought about the surrender of the colony to Great Britain

South Africa and the Transvaal War Louis

Creswicke, 1900 **South Africa and the Transvaal War, Vol.8 (of 8) (Illustrations)** Various, 2015-01-15 Everyone who has followed the story of the War in South Africa from start to finish will assuredly have acquired a keen and lasting interest in the land which has been won by the expenditure of so much blood and treasure Earnestly will he discuss in his mind all

questions connected with the development of the New Dominions of the King and vigilantly will he watch every action of the Government in regard to them In order rightly to estimate the difficulties to be overcome and the issues to be hoped for and to follow these questions with complete apprehension it is necessary to be familiar with their aspect in every possible light To this end the Editor has invited the co operation of various well known Authorities each of whom has kindly contributed his opinion on matters coming within his special experience The Publishers claim therefore that in this Volume is collected the cream of modern thought furnished at first hand by those whose mastery of their subject and whose interest in the Empire render them competent to instruct in the intricacies of the South African problems with which for some time to come we must stand face to face That these writers do not on all points entirely agree is a matter for congratulation as readers are thus enabled to view the political panorama from every reasonable standpoint and weigh the pros and cons of their arguments with perspicuity and without prejudice At the present juncture when Mr Chamberlain the greatest of Colonial Secretaries is visiting South Africa the Publishers are convinced that this Volume is the most valuable book on the new Colonies that has yet been offered to the Public
