South Africa's Top Sites Philip Harrison, 2004 Spiritual travel is an area of growth as more and more people seek refuge from the materialism and superficiality of life in the post-modern world. Spiritual travel includes pilgrimage to sacred sites, religious retreats or simply visits to places associated with the great religions of the world.

The Top Ten Diseases of All Time Stacey Smith?, 2023-10-24 Infectious diseases have been with us for millennia and continue to pose a threat from the irritation of flu season to the potential extinction of our species. We instinctively fear them and alter our behaviour as a result. The reason we bury bodies six feet deep is because that was the depth that stopped plague transmission from the dead in the Middle Ages. Many religious practices such as avoiding certain meats were established because of foodborne disease transmission. In *The Top Ten Diseases of All Time*, Stacey Smith presents the top ten deadliest diseases and their effects on society, providing a wealth of information about the trajectory and terrible impact of each disease and humanity's reaction to these diseases throughout the millennia. Did you know, for example, that the medical symbol evolved from the worms wrapped around a stick because that was the only way to remove Guinea worms from the body, so having a stick meant you were a doctor? Smallpox is the third worst disease ever, yet it remains the only successfully eradicated human disease, but not for long, thanks in part to a successful vaccine, in part to photographic recognition cards, and in part due to helicopter-led forced vaccinations of whole villages in the former Yugoslavia. This brings up issues of individual rights versus public good that remain relevant today. Four diseases were targeted for eradication in the 20th century; the failure to do so led directly to the creation of the environmental movement. The inability of priests to explain how to stop the plague in the Middle Ages broke the back of the church as an all-powerful and all-knowing institution and led to colonialism and slavery. *The Top Ten Diseases of All Time* offers a fascinating overview of the deadliest diseases to spread throughout the world, including HIV/AIDS, Spanish Flu, Measles, The Black Death, Smallpox, and others.

South Africa at 10 World Economic Forum, 2004 Prominent political, business, and civil leaders share their views on the progress made by South Africa in the first ten years of democracy. The perspectives are introduced by President Thabo Mbeki. Reuel Khoza considers

South Africa's role in Africa in the context of NEPAD Cyril Ramaphosa takes a positive view of the future for black economic empowerment while Wendy Luhabe makes it clear that ordinary women have by and large been left behind in the race for empowerment Neal Chapman and Peter Wrighton aptly refer to the confluence of influences of civics churches business and individuals in bringing about the peaceful transition Tito Mboweni shows how the normalisation of relations with the rest of the world has made it unnecessary to follow unduly restrictive fiscal and monetary policies and created leeway for the promotion of economic growth The subsequent opening of South Africa to the wider world enabled a new era for South African business as exemplified by Graham McKay's description of the globalisation of SABMiller just as South Africa's first multiracial government is redressing the evils of
