Mercury is the closest planet to the Sun and the smallest one in the entire Solar System. This planet's name has nothing to do with the liquid metal, since Mercury was named after the Roman messenger god. Despite being closer to the Sun than Venus, its temperatures aren't as terribly hot as that planet's. Its surface is quite similar to that of Earth's Moon, which means there are a lot of craters and plains

Speaking of craters, many of them were named after artists or authors who made significant contributions to their respective fields. Mercury takes a little more than 58 days to complete its rotation, so try to imagine how long days must be there! Since the temperatures are so extreme, albeit not as extreme as in Venus, and the solar radiation is so high, Mercury has been deemed to be non-habitable for humans

The Wounded Surgeon: Confessions and Transformations in Six American Poets Adam Kirsch, 2005-04-17 One of the most promising young poet critics in America Los Angeles Times examines a revolutionary generation of poets Robert Lowell Elizabeth Bishop Sylvia Plath John Berryman Randall Jarrell and Delmore Schwartz formed one of the great constellations of talent in American literature In the decades after World War II they changed American poetry forever by putting themselves

at risk in their poems in a new and provocative way Their daring work helped to inspire the popular style of poetry now known as confessional But partly as a result of their openness they have become better known for their tumultuous lives afflicted by mental illness alcoholism and suicide than for their work This book reclaims their achievement by offering critical biographies of the poetry tracing the development of each poet s work exploring their major themes and techniques and examining how they transformed life into art An ideal introduction for readers coming to these major American poets for the first time it will also help veteran readers to appreciate their work in a new light *Telling America's Story to the World* Harilaos Stecopoulos, Harry Stecopoulos, 2023 *Telling America's Story to the World* is the first study to demonstrate the important role that US cultural diplomacy played in the making of postwar US literature It does so by discussing how the work of Ralph Ellison Robert Frost William Faulkner Langston Hughes and Maxine Hong Kingston was used to demonstrate American cultural identity *The Cambridge Companion to Latina/o American Literature* John Morán González, 2016-06-13 *The Cambridge Companion to Latina o American Literature* provides a thorough yet accessible overview of a literary phenomenon that has been rapidly globalizing over the past two decades It takes an innovative approach that underscores the importance of understanding Latina o literature not merely as an ethnic phenomenon in the United States but more broadly as a crucial element of a trans American literary imagination Leading scholars in the field present critical analyses of key texts authors themes and contexts from the early nineteenth century to the present They engage with the dynamics of migration linguistic and cultural translation and the uneven distribution of resources across the Americas that characterize Latina o literature This Companion will be an invaluable resource introducing undergraduate and graduate students to the complexities of the field **The Cambridge History of Latin America** Leslie Bethell, 1984 This volume discusses trends in twentieth century Latin American literature philosophy art music and popular culture **American Women Poets of the Nineteenth Century** Cheryl Walker, 1992 This publication marks the first time in a hundred years that a wide range of nineteenth century American women s poetry has been accessible to the general public in a single volume Included are the humorous parodies of Phoebe Cary and Mary Weston Fordham and the stirring abolitionist poems of Lydia Sigourney Frances Harper Maria Lowell and Rose Terry Cooke Included too are haunting reflections on madness drug use and suicide of women whose lives as Cheryl Walker explains were often as melodramatic as the poems they composed and published In addition to works by more than two dozen poets the anthology includes ample headnotes about each author s life and a brief critical evaluation of her work Walker s introduction to the volume provides valuable contextual material to help readers understand the cultural background economic necessities literary conventions and personal dynamics that governed women s poetic production in the nineteenth century *The American Poet Laureate* Amy Paeth, 2023-05-16 *The American Poet Laureate* shows how the state has been the silent center of poetic production in the United States since World War II It is the first history of the national poetry office the U S poet laureate highlighting the careers of Elizabeth Bishop Robert Frost

Gwendolyn Brooks Robert Pinsky Tracy K Smith Juan Felipe Herrera and Joy Harjo at the nation's Capitol It is also a history of how these state poets participated in national arts programming during the Cold War Drawing on previously unexplored archival materials at the Library of Congress and materials at the John F Kennedy Presidential Library Amy Paeth describes the interactions of federal bodies including the Central Intelligence Agency the State Department and the National Endowment for the Arts with literary organizations and with private patrons including Prozac heiress Ruth Lilly The consolidation of public and private interests is crucial to the development of state verse culture recognizable at the first National Poetry Festival in 1962 which followed Robert Frost's Mission to Moscow and which became dominant in the late 1990s and early 2000s The American Poet Laureate contributes to a growing body of institutional and sociological approaches to U S literary production in the postwar era and demonstrates how poetry has played a uniquely important and largely underacknowledged role in the cultural front of the Cold War **Why Should I Write a Poem Now** Graziano

Krätli, 2018-12-15 In October 1949 the poet William Carlos Williams received a letter from a young man from India who was studying engineering at Stanford University but wanted to write poetry Williams was intrigued enough to write back Their intense epistolary relationship lasting almost a decade and little known up to now is chronicled in this edition of their letters Rayaprol returned to India and lived a quiet life as a civil engineer Yet his commitment to poetry spurred by Dr Williams's long distance mentoring never faltered and the three collections he published eventually gained him a lasting position in the canon of postcolonial Anglophone poetry in India Rich in personal details feelings and moods the Rayaprol Williams correspondence is particularly significant as it provides valuable information about transnational literary modernism in the context of American cultural influence during the Cold War as well as the role played by US philanthropic organizations and their relationship to overt and covert CIA operations in India *Eight American Poets* Joel Conarroe, 1997-02-25 In this

generous anthology Joel Conarroe has assembled the work of eight poets who have shaped and to some extent defined American verse since 1940 Elizabeth Bishop James Merrill Sylvia Plath Allen Ginsberg Theodore Roethke John Berryman Anne Sexton and Robert Lowell The 164 selections in *Eight American Poets* include widely anthologized works like Roethke's *My Papa's Waltz* several of Berryman's *Dream Songs* and Anne Sexton's *Ringed by the Bells* as well as poems that are less familiar but just as haunting Prefaced with a discerning introduction and individual biographical essays **Jersey Breaks:**

back to the voices of his neighborhood to music and a distinctly American tradition of improvisation with influences including Mark Twain and Ray Charles Marianne Moore and Mel Brooks Emily Dickinson and Sid Caesar Dante Alighieri and the Orthodox Jewish liturgy He reflects on how writing poetry helped him make sense of life's challenges such as his mother's traumatic brain injury and on his notable public presence including an unprecedented three terms as United States poet laureate Candid engaging and wry Jersey Breaks offers an intimate self portrait and a unique poetic understanding of American culture      *Volcanic Reflections: a Bilingual Anthology of Contemporary Ecuadorian Poetry* Ronald

**National Poetry, Empires and War** David Aberbach,2016-09-13 Nationalism has given the world a genre of poetry bright with ideals of justice freedom and the brotherhood of man but also at times burning with humiliation and grievance hatred and lust for revenge driving human kind as the Austrian poet Grillparzer put it From humanity via nationality to bestiality National Poetry Empires and War considers national poetry and its glorification of war from ancient to modern times in a series of historical social and political perspectives Starting with the Hebrew Bible and Homer and moving through the Crusades and examples of subsequent empires this book has much on pre modern national poetry but focuses chiefly on post 1789 poetry which emerged from the weakening and collapse of empires as the idealistic liberalism of nationalism in the age of Byron Whitman D Annunzio Yeats Bialik and Kipling was replaced by darker purposes culminating in World War I and the rise of fascism Many national poets are the subject of countless critical and biographical studies but this book aims to give a panoramic view of national poetry as a whole It will be of great interest to any scholars of nationalism Jewish Studies history comparative literature and general cultural studies
