Trans-Saharan Trade Routes Matt Lang, 2017-07-15 Between the sixth and sixteenth centuries trade flourished between sub Saharan Africa and Arab cultures Traders exchanged gold slaves cloth and salt along the trans Saharan routes This trade was directly responsible for seismic shifts in African economies and the foundation of new empires This book explores how this complex trade network shaped the history of Africa the Middle East and Europe **Historical Dictionary of Libya** Ronald Bruce St John, 2023-03-15 Of all the countries in North Africa and the Middle East less has been known about Libya for decades Only recently have we begun to appreciate the complexity of Libya's turbulent past including the revolution in 2011 in which demands for better living conditions and more job opportunities led to widespread protests When the Muammar al Qaddafi regime responded with force to these peaceful protests killing scores of unarmed civilians the protesters called for regime change In what came to be known as the February 17 Revolution the 42 year old Qaddafi regime was overthrown and Qaddafi was killed in October 2011 Over the next decade Libya endured a series of interim transitional governments in a prolonged struggle to draft a new constitution and to elect a democratic national government Historical Dictionary of Libya Sixth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Libya Islamic Empires Justin Marozzi, 2020-02-04 Islamic civilization was once the envy of the world From a succession of glittering cosmopolitan capitals Islamic empires lorded it over the Middle East North Africa Central Asia and

swathes of the Indian subcontinent while Europe cowered feebly at the margins For centuries the caliphate was both ascendant on the battlefield and triumphant in the battle of ideas its cities unrivaled powerhouses of artistic grandeur commercial power spiritual sanctity and forward looking thinking in which nothing was off limits Islamic Empires is a history of this rich and diverse civilization told through its greatest cities over the fifteen centuries of Islam from its earliest beginnings in Mecca in the seventh century to the astonishing rise of Doha in the twenty first Marozzi brilliantly connects the defining moments in Islamic history from the Prophet Mohammed receiving his divine revelations in Mecca and the First Crusade of 1099 to the conquest of Constantinople in 1453 and the phenomenal creation of the merchant republic of Beirut in the nineteenth century and how this world is continuing to change today **Near Death in the Desert** Cecil

Timbuktu Marq De Villiers, Sheila Hirtle, 2012-11-13 The first book for general readers about the storied past of one of the world's most fabled cities Timbuktu the name still evokes an exotic faraway place even though the city's glory days are long gone Unspooling its history and legends resolving myth with reality Marq de Villiers and Sheila Hirtle have captured the splendour and decay of one of humankind's treasures Founded in the early 1100s by Tuareg nomads who called their camp Tin Buktu it became within two centuries a wealthy metropolis and a nexus of the trans Saharan trade Salt from the deep Sahara gold from Ghana and money from slave markets made it rich In part because of its wealth Timbuktu also became a centre of Islamic learning and religion boasting impressive schools and libraries that attracted scholars from Alexandria Baghdad Mecca and Marrakech The arts flourished and Timbuktu gained near mythic stature around the world capturing the imagination of outsiders and ultimately attracting the attention of hostile sovereigns who sacked the city three times and plundered it half a dozen more The ancient city was invaded by a Moroccan army in 1600 beginning its long decline since then it has been seized by Tuareg nomads and a variety of jihadists in addition to enduring a terrible earthquake several epidemics and numerous famines Perhaps no other city in the world has been as golden and as deeply tarnished as Timbuktu Using sources dating deep into Timbuktu's fabled past alongside interviews with Tuareg nomads and city residents and officials today de Villiers and Hirtle have produced a spectacular portrait that brings the city back to life
