Board of Trade Journal ,1918 Unjust Enrichment James Edelman,Elise Bant,2016-08-25 Unjust enrichment is one of the least understood of the major branches of private law This book builds on the 2006 work by the same authors which examined the developing law of unjust enrichment in Australia The refinement of the authors thinking responding to novel issues and circumstances that have arisen in the maturing case law has required many chapters of the book to be completely rewritten The scope of the book is also much broader It concerns the principles of the law of unjust enrichment in Australia New Zealand England and Canada Major decisions of the highest courts of these jurisdictions in the last decade provide a fertile basis for examining the underlying principles and foundations of this subject The book uses the leading cases particularly in England and Australia to distil and explain the fundamental principles of this branch of private law The cases discussed are current as of 1 May 2016 although the most recent could only be included in footnotes Congressional Record United States. Congress,1978 **The Iron Age** ,1929 **The Northwestern Druggist** ,1921 *Kenya National Assembly Official Record (Hansard)* ,1965-09-14 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya **Non-Proliferation** Stockholm International Peace Research Institute,2020-11-19 Is the appearance of new nuclear weapon states inevitable Who are the sponsors and apologists of nuclear weapons and why are others in favour of renouncing them What are the implications for international security of the increasingly wide use of nuclear energy How can nuclear threats be defused Originally published in 1985 SIPRI s study suggests some answers to these questions The book examines the situation in a number of countries of key importance for non proliferation the two nuclear weapon states which have declined to join the 1968 Non Proliferation Treaty China and France a group of nuclear threshold states also remaining outside the Treaty Argentina Brazil India Israel Pakistan South Africa and Spain and a group of states both developed and developing which for various reasons have joined the Treaty Canada Egypt South Korea Sweden Switzerland and Taiwan The focus of the book is on motivations for and against nuclear proliferation An analysis of these motivations leads the editor to make detailed recommendations aimed at halting the spread of nuclear weapons Appendices include a list of nuclear facilities in the countries studied specifying the degree of their coverage by international controls and other relevant documentation Rural Development Perspectives ,1997 *Export Administration Regulations* United States. Office of Export Administration, "Greeley," ,1889 *Law and Authority under the Guise of the Good* Veronica Rodriguez-Blanco,2014-12-01 The received view on the nature of legal authority contains the idea that a sound account of

legitimate authority will explain how a legal authority has a right to command and the addressee a duty to obey The received view fails to explain however how legal authority truly operates upon human beings as rational creatures with specific psychological makeups This book takes a bottom up approach beginning at the microscopic level of agency and practical reason and leading to the justificatory framework of authority The book argues that an understanding of the nature of legal normativity involves an understanding of the nature and structure of practical reason in the context of the law and advances the idea that legal authority and normativity are intertwined This point can be summarised thus if we are able to understand both how the agent exercises his or her practical reason under legal directives and commands and how the agent engages his or her practical reason by following legal rules grounded on reasons for actions as good making characteristics then we can fully grasp the nature of legal authority and legal normativity Using the philosophies of action enshrined in the works of Elisabeth Anscombe Aristotle and Thomas Aquinas the study explains practical reason as diachronic future directed intention in action and argues that this conception illuminates the structure of practical reason of the legal rules addressees The account is comprehensive and enables us to distinguish authoritative and normative legal rules in just and good legal systems from apparent authoritative and normative legal rules of evil legal systems At the heart of the book is the methodological view of a practical turn to elucidate the nature of legal normativity and authority Southern Hardware ,1915 *Export administration regulations* United States.
