compact and concise than the earlier ones New Suggested Discussion Topics are added and contemporary issues such as the Global Financial Tsunami Asian economic integration and Michael Spence's World Bank Report are also dealt with Lim Chong Yah: An Autobiography - Life Journey Of A Singaporean Professor Chong Yah Lim, 2017-01-18 Why are some nations rich and others poor Why do the citizens of some countries lead a happy prosperous life while others struggle in terrible want This book takes the reader through the eventful life journey of one of Singapore's best known economists and educators Professor Lim Chong Yah Born in Malacca the author planted tapioca to feed himself and his family caught fish in paddy fields and was thrown in jail as a 10 year old during the war He fought to win a Commonwealth scholarship to get a decent education met the love of his life at a Chinese New Year party became a Professor at two of the best universities in Asia and went on to write one of the most widely used economics textbooks of the time *Elements of Economic Theory* At 84 Lim Chong Yah is as feisty indomitable and curious as when he was a small cheeky boy catching fighting fish in those paddy fields And he still asks the fundamental question of how each of us can make a difference **Southeast Asian Development** Andrew McGregor, 2008-03-03 Southeast Asia has long fascinated development practitioners and researchers for being one of the few regions of the world that has resisted global trends to become a successful developing region Divided into accessible thematic chapters this book adopts a unique perspective of equitable development to outline the strengths and weaknesses of the transformations taking place in the Southeast Asian region Focusing on four key themes equality and inequality political freedom and opportunity empowerment and participation and environmental sustainability these concepts are used to explore Southeast Asian development and trace the impacts that the growing popularity of market led and grassroots approaches are having upon economic political and social processes Whilst the diversity of the region is emphasized so are some of the homogenizing trends such as the concentration of wealth and services in urban areas and the subsequent migration of rural people into urban factories and squatter settlements The ongoing commercialization and industrialization of rural agriculture as well as the expansion of non farm income earning opportunities in rural spaces and the alarming rates of environmental degradation which threaten health and livelihoods are also exposed In highlighting how Southeast Asian development is unevenly distributing wealth opportunities and risks throughout the region this book emphasizes the need for creative new approaches to ensure that benefits of development are equitably enjoyed by all Including illustrations case studies and further reading this book provides an accessible up to date introductory text for students and researchers interested in Southeast Asian development development studies Asian studies and geography *Singapore's National Wages Council: An Insider's View* Chong Yah Lim, 2013-12-30 Written by Emeritus Professor LIM Chong Yah Founding Chairman of the tripartite National Wages Council NWC this unique volume offers readers an insider's view of the genesis and the evolution of the wage determination mechanism and system in Singapore under the aegis of the NWC As a tripartite body dealing with wages wage policies and wage related matters and promoting Growth with Equity the NWC played a

critical role in transforming industrial relations in Singapore from the then confrontational approach to that of mutual understanding esprit de corps and social co partnership Drawing from his 30 year experience as NWC Chairman 1972 2001 Singapore s eminent Economics Professor shares with readers the important process and problems of seeking equitable wage increases through tripartite consensus based on a yearly national wage guideline system The book also chronicles the role of the NWC in crisis management in 1974 1985 and 1998 and in Economic Restructuring 1979 1981 The structure and operation of this unique Singapore institution and the interesting problems of securing unanimity of support from the three tripartite partners are revealed in the book Some important NWC personalities and their concerns and unique contributions are interestingly covered anecdotally **Exchange Rate Systems And Policies In Asia** Paul Sau Leung Yip,2008-11-05

This important book comprises insightful papers on lessons learned from some major exchange rate and monetary experiences in Asia exchange rate crisis management in Asia and choice of exchange rate systems in Asia Originally published in the Singapore Economic Review Vol 52 No 3 2007 it deals primarily with the exchange rate systems and policies in the three largest economies in Asia China Japan and India It also contains a paper on Singapore s exchange rate system whose success could make it a role model for other small open economies Notable contributors include Ronald McKinnon and John Williamson among others The editor is the original designer of China s latest exchange rate system reform Learning Diversity in the Chinese Classroom Shane N. Phillipson,2007-10-01 A unique feature of Learning Diversity in the Chinese Classroom is its Chinese context for meeting the educational requirements of children with special needs At a time when many of the currently available texts in the area have a general perspective Asian teachers and students have long felt the need for a text that specifically recognizes the local context Learning Diversity in the Chinese Classroom notes that international trends including those in many Southeast Asian countries are moving toward inclusive education and special needs and includes chapters on giftedness counseling and behavior management Section 1 of the book describes the context of inclusive education in Asia Summaries of the special features of the classroom in the region the conceptions of inclusion and cultural diversity from the perspective of the Asian classroom and how these are different to the Western classroom are provided Section 2 focuses on various approaches to meeting the educational and socio emotional needs of children in the inclusive classroom The first part is concerned with theoretical underpinnings of the type of need and the second part describes examples of how a teacher can cater for this type of diversity according to subject including mathematics Chinese English information technology and arts Section 3 widens the perspective and describes a whole school approach to meeting the educational requirements of children with special needs A systems approach is taken whereby the success of the inclusive school is dependent on the functioning of a number of interrelated parts This section draws from recent case studies which describe the approaches taken by a number of schools that have been successful in implementing inclusive education Learning Diversity in the Chinese Classroom will appeal to teachers parents health professionals who are working

with children with special educational needs *Southeast Asian Personalities of Chinese Descent* Leo Suryadinata, 2012 This is a bold project recording the lives of a particular group of Southeast Asians Most of the people whose biographies are included here have settled down in the ten countries that constitute the region Each of them has either self identified as Chinese or is comfortable to be known as someone of Chinese ancestry There are also those who were born in China or elsewhere who came here to work and do business including seeking help from others who have ethnic Chinese connections With the political and economic conditions of the region in a great state of flux for the past two centuries it is impossible to find consistency in the naming process Confucius had stressed that correct names make for the best relationships In this case Professor Leo Suryadinata has been pursuing for decades the elusive goal of finding the right name to give to the large numbers of people who have in one way or another made their homes in or made some difference to Southeast Asia I believe that when he and his colleagues selected the biographies to be included here they have taken a big step towards the rectification of identities for many leading personalities In so doing he has done us all a great service Professor Wang Gungwu National University of Singapore Singapore and Asia in a Globalized World Wai Mun Chia, Hui Ying Sng, 2009 This book is a spin off from a highly successful seminar series jointly organized by the Division of Economics of the Nanyang Technological University NTU and the Ministry of Education MOE of Singapore The seminars discuss contemporary domestic and regional economic issues and public policies that are relevant to the everyday lives of Singaporeans The wish to introduce these economic issues to a broader audience outside the confinement of a lecture theatre came to fruition with the completion of this book This book contains 13 chapters that are grouped under three sections Under the section OC Public Policies and Economic Issues of Singapore OCO Singapore s public policies in the areas of healthcare Central Provident Fund and monetary policy are explored as well as issues concerning Singapore s economic development such as economic transformation innovation and capital accumulation are discussed The second section OC Singapore and the Region in a Globalized World OCO looks at the challenges and opportunities presented to Singapore and the region in an increasingly globalized world Current issues on the sub prime crisis and Asian monetary integration are also discussed The last section OC Other Economic Issues OCO consists of papers in specific areas such as economics of medical decisions economics of love and the role of exchange rates in foreign direct investment **Economic Growth Of Singapore In The Twentieth Century: Historical Gdp Estimates And Empirical Investigations** Ichiro Sugimoto, 2011-01-12 Research on Singapore s economic history has been complicated by the absence of economic data on pre independence Singapore This book aims to fill the gap by presenting a time series of historical GDP estimates for the periods 1900 39 and 1950 60 The new data presented in the book sheds light on two key aspects of Singapore s economic history namely the relationship between economic instability and growth as well as the government s fiscal policy towards economic growth As the first comprehensive empirical economic history of twentieth century Singapore this book is a valuable reference source for

academics and graduate students interested in development and empirical economics **Singapore and Asia** Hui Ying Sng, Sng Hui Ying, Wai Mun Chia, 2010 This book is an annual effort by the economists at the Nanyang Technological University to provide analysis interpretations and insights of contemporary economic issues affecting Singapore and Asia It covers two key themes 1 Global Financial Tsunami and 2 other economic issues affecting Singapore and Asia The Global Financial Tsunami is currently ravaging the world financial systems and the world economy The authors brilliantly tackle pertinent issues such as fiscal and monetary management of the current crisis impacts of the crisis on the Singapore and Asian economies policy measures implemented by Singapore and other countries to combat the crisis and regional efforts to mitigate the adverse impacts of the crisis A wide range of important economic issues affecting Singapore and Asia including inflation exchange rate workfare environmental economics population and worth of human life in Singapore are addressed competently The chapters build on economic and analytical frameworks to help readers better understand the economic and policy issues discussed **Asian Economies** Jamus Jerome Lim, 2024-03-25 An insightful and thorough exploration of the economies of Asia In Asian Economies History Institutions and Structure seasoned economist and professor Jamus Jerome Lim provides a comprehensive discussion and incisive analysis of the economies of Asia In addition to discussing the sharp contrasts between the region's three major economies China India and Japan Lim also provides an overview of the rise of the Dragon economies of the East to the resource rich economies of the West The book adopts a unique approach to the treatment of these economies weaving in aspects of these countries economic geography and history their idiosyncratic institutions and structures along with providing a comparative and international perspective The book offers Careful emphasis on the geographic preconditions and enduring legacy of economic history on the contemporary and future prospects of each of the countries and regions discussed within Examinations of the importance of the political and economic institutions as well as market and industrial structures in shaping the trajectories of the economies considered in the book Discussions of the dramatic differences and similarities between the Asian economies as well as how these differences shape these economies interactions with the rest of the world Perfect for undergraduate and graduate students of economics Asian Economies will also earn a place on the bookshelves of business and finance professionals seeking to understand the economies of the world's most diverse and dynamic region Closing Rice Yield Gaps in Asia Melanie Connor, Martin Gummert, Grant Robert Singleton, 2023-10-04 This open access book contributes not only to the scientific literature on sustainable agricultural development and in particular rice agriculture but also is highly valuable to assist practitioners projects and policymakers due to its sections on reducing carbon footprint agricultural innovations and lessons learned from a multi country multi stages development project The scope of the book is conceived as a detailed documentation of the implementation dissemination and impact of the CORIGAP project in Sri Lanka Myanmar Thailand China Vietnam and Indonesia with spill over to Cambodia and the Philippines It pulls together actionable research findings with the experience

of bringing these findings into use The aim of the book is to provide a wide array of pathways to impact for sustainable rice production in lowland irrigated rice based agricultural systems The book is written by local actors of the rice value chain researchers and engineers working on a range of best management practices climate smart rice production innovations knowledge translation and dissemination as well as decision making and policy aspects It is envisioned that the contents of the book can be translated into messages that can help farmers extension workers policymakers and funders of agricultural development decide on implementing best management practices and climate smart technologies in their agroecological systems by presenting the technological practical options along the rice value chain and the partnerships and business models required for their implementation The book is aimed at practitioners extension specialists researchers and engineers interested in information on current best management practices sustainable and climate smart rice production and constraints that need further investigation Furthermore the book is also aimed at policymakers and agricultural development funders required by public opinion and legally binding agreements to reduce greenhouse gas emissions conserve biodiversity and increase agroecological practices who are looking for research based evidence to guide policymaking and implementation

Singapore's Success Henri C. Ghesquière, 2007 This monograph seeks the key to good economic policy by explaining Singapore's remarkably rapid development the world's fastest growing economy between 1960 and 2000 and asks whether the city state's success can be translated to other countries Engineering prosperity is at the heart of Singapore The book demonstrates how exceptional cohesion amongst economic outcomes policies institutions values and leadership over a long period account for the impressive results obtained The author is careful not to present Singapore as a model to be copied uncritically in its specifics but as a case history that illustrates general principles which other countries might wish to apply to their particular circumstances Well researched yet highly readable Singapore's Success Engineering Economic Growth will appeal to Singaporeans and a wide international audience including policy makers and advisors students of development economics and anyone interested in the quest for sustained economic growth

Think ASEAN! Philip Kotler, Hermawan Kartajaya, Den Huan Hooi, 2007 New Page 1 Overview Think ASEAN explores how companies should think of ASEAN as one borderless market that requires different marketing strategies to capture It offers fresh perspectives to marketers all over the region on the upcoming trends of regionalization that can cause significant changes in future marketing activities It argues that ASEAN marketers should not only be concerned about their local or global but also their regional marketing activities The book contains three parts Part I describes the landscape of ASEAN and explains clearly why ASEAN marketing is needed Parts II and III discuss companies that have been very successful in implementing ASEAN Marketing Part II looks at short cases of companies to explore their core marketing strategies these companies include Bengawan Solo Singapore Dji Sam Soe Indonesia Goldilocks the Philippines Royal Selangor Malaysia Black Canyon Thailand and Number One Tonic Drink Vietnam Part III contains more comprehensive cases of selected companies including AirAsia

and Yamaha Features of This Book Think ASEAN is the first publication of the Philip Kotler Center for ASEAN Marketing Special foreword written by Ong Keng Yong the Secretary General of ASEAN There are several marketing models developed by the authors e g the 4C Diamond sub model and the Sustainable Model The 20 companies featured as case studies are excellent working models of companies that have used the positioning differentiation brand triangle successfully to market their brands Southeast Asia Chong-Yah Lim,2004 Southeast Asia The Long Road Ahead is a serious and concise study on various important economic aspects of Southeast Asia Existing economic studies on the region are mainly topical in nature Most of the publications only attempt to offer a partial treatment of the issues and fail to examine these issues in a holistic manner The objective of this book is to provide a more complete cross country discussion on the economic issues and problems facing Southeast Asia Besides critically examining the multiple facets of changes and problems that have been and will be encountered by Southeast Asia the book also presents a lucid exposition on the prospects of the region However it does not stop there It moves on to provide pointers and suggestions on how Southeast Asian countries should proceed with their development options and processes The book should be of interest to economists graduate students on Southeast Asia and all those who want to have a better knowledge and understanding of the important Southeast Asian region **Water Law, Poverty, and Development** Philippe Cullet,2009-07-16 This monograph comprehensively examines water law regulations and reform in the present decade going beyond a simple analysis of existing water law and regulations to encompass environmental social economic and human rights aspects of water as a natural resource Using the specific case of India and on the related international law and policy framework that directly influences water regulatory developments in India this book offers what will be the first and only analysis of water law reforms taking place at the national level in many developing countries in their domestic and international context On the one hand international freshwater law remains under developed and existing legal instruments such as the 1997 UN Convention only address a limited set of relevant issues Yet the international law and policy framework concerning freshwater is increasingly important in shaping up law reforms taking place at the national level in particular in developing countries Indeed non binding resolutions such as the Dublin Statement on Water and Sustainable Development 1992 have had an immense influence on water law reforms in most developing countries This book seeks to conceive of and analyse freshwater regulation in a broader context and go beyond a literature that either lauds or criticises ongoing water sector reforms to provide an analytical basis for the reforms which all countries will have to adopt in the near or medium term future Congressional Record United States. Congress,1966 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Globalization and Marginalization in Mountain**

Regions Raghubir Chand, Walter Leimgruber, 2016-06-14 This book looks at the global importance of mountain systems emphasizing their ecological and socio economic role in light of climate change and globalization With a special focus on the Himalayas it also examines the Czech German Austrian mountain borderland the Alps the Andes the highland regions of Malaysia and the Arctic The contributors specialists in their fields all use an integrative approach that develops and argues the concept of mountain regions as a global common good Readers also discover that mountain systems and mountain communities are often marginalized and left behind by the process of globalization Case studies throughout detail the effects of climate change and global warming on both nature and local regional societies such as declining water supplies a shifting vegetation line and other important issues facing not only mountains but also the vast regions depending on them In addition the comprehensive coverage offers authenticated viewpoints from some of the most eminent explorers of Tibet in the nineteenth century More than 50 percent of the global human population draws benefits directly or indirectly from mountain resources and services This book provides practitioners researchers students and other interested readers with a compelling look at the global importance of this imposing yet sensitive ecosystem

The Modernization of Labour Law and Industrial Relations in a Comparative Perspective Silvia Spattini, 2009-01-01 Not all labour law and industrial relations scholars agree on the efficacy of the comparative approach that the analysis of measures adopted in other countries can play a constructive role in national and local policy making However the case deserves to be heard and no better such presentation has appeared than this remarkable book the carefully considered work of over 40 well known authorities in the field from a wide variety of countries including Australia France India Israel Peru Poland and South Africa The volume contains papers delivered at a conference sponsored by the Marco Biagi Foundation at the University of Modena and Reggio Emilia in March 2008
