

SOUTHERN CAPITALISM

The Political Economy of North Carolina, 1880–1980

Phillip J. Wood

Southern Capitalism The Political Economy Of Nc 1880 1980

Glenda Elizabeth Gilmore

Southern Capitalism The Political Economy Of Nc 1880 1980:

Southern Capitalism Philip J. Wood, 1986-08-13 Southern Capitalism challenges prevailing views of Southern development by arguing that the persisting peculiarities of the Southern economy such as low wages and high poverty rates have not resulted from barriers to capitalist development nor from the lingering influence of planter values Wood argues that these peculiarities can instead be best understood as the consequence of a strategy of capitalist development based on the creation and preservation of social conditions and relations conducive to the above average exploitation of labor by capital focusing on the evolving relationship between capital and labor as the core of this strategy Wood follows the process of capitalist industrialization in North Carolina from its beginnings in the aftermath of the Civil War to the 1980s **Southern Capitalism** Phillip J. Wood, 1986 **Revolt of the Tar Heels** James M. Beeby, 2008 During the 1890s North Carolina witnessed a political revolution as the newly formed Populist Party joined with the Republicans to throw out do nothing conservative Democrats Focusing on political transformation electoral reform and new economic policies to aid poor and struggling farmers the Populists and their coalition partners took power at all levels in the only southern state where Populists gained statewide office For a brief four years the Populists and Republicans gave an object lesson in progressive politics in which whites and African Americans worked together for the betterment of the state and the lives of the people James M Beeby examines the complex history of the rise and fall of the Populist Party in the late nineteenth century His book explores the causes behind the political insurgency of small farmers in the state It offers the first comprehensive and in depth study of the movement focusing on local activists as well as state leadership It also elucidates the relationship between Populists and African Americans the nature of cooperation between Republicans and Populists and local dynamics and political campaigning in the Gilded Age In a last gasp attempt to return to power the Democrats focused on the Populists weak point race The book closes with an analysis of the virulent campaign of white supremacy engineered by threatened Democrats and the ultimate downfall of already quarreling Populists and Republicans With the defeat of the Populist ticket North Carolina joined other southern states by entering an era of segregation and systematic disfranchisement James M Beeby is an assistant professor of history at Indiana University Southeast Equal Rights For All. Special Privileges For None. Re-Examining The Anti-Federalist Populist Heritage Of Freedom Thomas E. Vass , 2014-02-28 About 55% of American citizens abhor the transformation of the society and government into a European socialist state but do not know what to do to restore freedom A clue for what comes next can be gained by re examining the history of the Anti Federalist arguments against the current constitution **Social Consequences of Economic Restructuring in the Textile Industry** Cynthia D. Anderson, 2014-02-04 This book analyzes the dramatic social impacts of global economic restructuring in the US textile industry and the consequences for Southern textile mill communities With the expansion of markets in the global economy government policies such as NAFTA and GATT are greatly affecting the domestic production of textiles Increased global

competitiveness has led to technological modernization plant shutdowns and downward pressure on wages Many family owned companies are merging into conglomerates some of which are international Concurrently the structure of power and domination in Southern textile communities is changing Paternalistic control typically portrayed as a form of traditional authority and benevolent protection of workers is no longer dominant With the decreased need for skilled labor textile company owners are not obligated to provide mill villages with housing electricity and water Formerly protected communities are now players on an international scale with workers competing for jobs on a global level New forms of class exploitation racism and sexism provide a contested terrain for mill employees As the industry restructures workers and their households are faced with new challenges To understand these social impacts I examine globalization restructuring and spatialization as processes embedded in multiple layers of reality The multi level analysis focuses on the Southern textile industry a leading firm its surrounding labor market area and members of the community Historical statistical and qualitative interviewing methods yield data that demonstrate redefined labor markets reconstituted race relations and household adaptations Changes in firm and industry impact shop floor labor processes including increased production pace new management strategies and technological adjustments As embedded layers of social relations the multi level outcomes are both negative and positive creating new winners and losers in Southern communities

Gender and Jim Crow, Second Edition Glenda Elizabeth Gilmore, 2019-01-09 This classic work helps recover the central role of black women in the political history of the Jim Crow era Glenda Elizabeth Gilmore explores the pivotal and interconnected roles played by gender and race in North Carolina politics from the period immediately preceding the disfranchisement of black men in 1900 to the time black and white women gained the vote in 1920 Gilmore argues that while the ideology of white supremacy reordered Jim Crow society a generation of educated black women nevertheless crafted an enduring tradition of political activism In effect these women served as diplomats to the white community after the disfranchisement of their husbands brothers and fathers Gilmore also reveals how black women's feminism created opportunities to forge political ties with white women helping to create a foundation for the emergence of southern progressivism In addition Gender and Jim Crow illuminates the manipulation of concepts of gender by white supremacists and shows how this rhetoric changed once women black and white gained the vote

Jewish Identity in the Reconstruction South Anton Hieke, 2013-05-28 How far can Jewish life in the South during Reconstruction 1863 1877 be described as German in a period of American Jewry traditionally referred to as German Jewish in historiography To what extent were Jewish immigrants in the South acculturated to Southern identity and customs Anton Hieke discusses the experience of Jewish immigrants in the Reconstruction South as exemplified by Georgia and the Carolinas The book critically explores the shifting identities of German Jewish immigrants their impact on congregational life and of their identity as Southerners The author draws from demographic data of six thousand individuals representing the complete identifiable Jewish minority in Georgia South and North Carolina from 1860 to 1880 Reconstruction it is concluded

has to be seen as a formative period for the region's Jewish congregations and Reform Judaism. The study challenges existing views that are claiming German Jews were setting the standard for Jewish life in this period and were perceived as distinct from Jews of another background. Rather, Hieke arrives at a conclusion that takes into consideration the migratory movement between North and South.

Declarations of Dependence Gregory P. Downs, 2011. In this highly original study, Gregory Downs argues that the most American of wars, the Civil War, created a seemingly un-American popular politics rooted not in independence but in voluntary claims of dependence. Through an examination of the pleas and

The South as an American Problem Larry J. Griffin, Don Harrison Doyle, 1995. In this volume, twelve authors take a challenging new look at the South. Departing from the issue that has lately preoccupied observers of the South, the region's waning cultural distinctiveness, the contributors instead look at the dynamics of the region's long troubled relationship with the rest of the nation. What they discover allows us all to view the current state and future course of the South as well as its link to the broader culture and polity in a new light. To envision the concept of the Problem South and what it means to those within and without the region, six historians have joined together with a sociologist, an economist, two literary scholars, a legal scholar, and a journalist. Their essays, which range in subject from the South's climate to its religious fundamentalism to its great outpouring of fiction and autobiography, are the products of strong and independent minds that cut across disciplines, disagree among themselves, blend contemporary and historical insights, and confront conventional wisdom and expedient generalities. Although consensus among the contributors was never the goal of this collection, some common themes do suggest themselves. Above all, there is not only a South defined by its geography, history, and society but also a mythic and metaphoric South, one continually refashioned by national, regional, discourse trends, and events. In addition, the South has long been a mirror in which America has viewed itself. The nation has sought time and again to change the region but it has also used the South to expose and modify darker impulses of American culture.

Everybody's Problem Karen M. Hawkins, 2017-12-10. Through her case study of Craven Operation Progress, Karen Hawkins challenges a number of assumptions regarding the Community Action Agencies (CAAs) central among them being that middle-class whites on CAA boards were either uninterested or unable to meet the needs of poor citizens and that biracial agreement and cooperation was essentially impossible. Drawing from untapped primary sources, Hawkins finds some successes in interracial cooperation. Hawkins contends that it was not only liberal action that led to economic and social change in Eastern North Carolina but also moderate compromise and open-mindedness.

Latin American Migrations to the U.S. Heartland Linda Allegro, Andrew Grant Wood, 2013-05-22. This collection examines Latino immigrants and the movement of the Latin American labor force to the central states of Oklahoma, Kansas, Nebraska, Arkansas, Missouri, and Iowa. Contributors look at outside factors affecting migration, including corporate agriculture, technology, globalization, and government. They also reveal how cultural affinities like religion, strong family ties, farming, and cowboy culture attract these newcomers to the Heartland. Throughout, essayists point to how hostile neoliberal policy reforms

have made it difficult for Latin American immigrants to find social and economic stability Filled with varied and eye opening perspectives Latin American Migrations to the U S Heartland reveals how identities economies and geographies are changing as Latin Americans adjust to their new homes jobs and communities Contributors Linda Allegro Tisa M Anders Scott Carter Caitlin Didier Miranda Cady Hallett Edmund Hamann Albert Iaroi Errol D Jones Jane Juffer L szl J Kulcs r Janelle Reeves Jennifer F Reynolds Sandi Smith Nonini and Andrew Grant Wood **Competitive Manufacturing** Stuart A. Rosenfeld,2012-06-01 Originally published in 1992 by the Center for Urban Policy Research New Brunswick NJ **Dollars for Dixie** Katherine Rye Jewell,2017-04-24 Organized in 1933 the Southern States Industrial Council s SSIC adherence to the South as a unique political and economic entity limited its members ability to forge political coalitions against the New Deal The SSIC s commitment to regional preferences however transformed and incorporated conservative thought in the post World War II era ultimately complementing the emerging conservative movement in the 1940s and 1950s In response to New Dealers attempts to remake the southern economy the New South industrialists heirs of C Vann Woodward s new men of the New South effectively fused cultural traditionalism and free market economics into a brand of southern free enterprise that shaped the region s reputation and political culture Dollars for Dixie demonstrates how the South emerged from this refashioning and became a key player in the modern conservative movement with new ideas regarding free market capitalism conservative fiscal policy and limited bureaucracy The White House Looks South William E. Leuchtenburg,2005-10 Perhaps not southerners in the usual sense Franklin D Roosevelt Harry S Truman and Lyndon B Johnson each demonstrated a political style and philosophy that helped them influence the South and unite the country in ways that few other presidents have Combining vivid biography and political insight William E Leuchtenburg offers an engaging account of relations between these three presidents and the South while also tracing how the region came to embrace a national perspective without losing its distinctive sense of place According to Leuchtenburg each man had one foot below the Mason Dixon Line one foot above Roosevelt a New Yorker spent much of the last twenty five years of his life in Warm Springs Georgia where he built a Little White House Truman a Missourian grew up in a pro Confederate town but one that also looked West because of its history as the entrep t for the Oregon Trail Johnson who hailed from the former Confederate state of Texas was a westerner as much as a southerner Their intimate associations with the South gave these three presidents an empathy toward and acceptance in the region In urging southerners to jettison outworn folkways Roosevelt could speak as a neighbor and adopted son Truman as a borderstater who had been taught to revere the Lost Cause and Johnson as a native who had been scorned by Yankees Leuchtenburg explores in fascinating detail how their unique attachment to place helped them to adopt shifting identities which proved useful in healing rifts between North and South in altering behavior in regard to race and in fostering southern economic growth The White House Looks South is the monumental work of a master historian At a time when race class and gender dominate historical writing Leuchtenburg

argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people s lives and that presidents can be change makers The Dynamics of Racial Progress Antoine L. Joseph,2016-07-22

Race relations in the United States have long been volatile marked on the one hand by distrust and violence but tempered on the other by periods of conciliation integration and relative harmony This path breaking blend of history sociology political science and economics argues that the key factor determining the quality of race relations is economic When economic equality spreads so do social and political equality Conversely economic downturns and widening income disparities promote political inequality polarizing blacks and whites To support this provocative thesis the author examines key events and eras in American history since the Reconstruction particularly the black migration and the New Deal policies of the interwar years the civil rights movement of the 1950s and 60s and the rise and decline of affirmative action in the late twentieth century He also analyzes the racial policies and politics of the major political parties and shows how they played the race card to win support *A Fabric of Defeat* Bryant Simon,2000-11-09 In this book Bryant Simon brings to life the politics of white South Carolina millhands during the first half of the twentieth century His revealing and moving account explores how this group of southern laborers thought about and participated in politics and public power Taking a broad view of politics Simon looks at laborers as they engaged in political activity in many venues at the polling station on front porches and on the shop floor and examines their political involvement at the local state and national levels He describes the campaign styles and rhetoric of such politicians as Coleman Blease and Olin Johnston himself a former millhand who eagerly sought the workers votes He draws a detailed picture of mill workers casting ballots carrying placards marching on the state capital writing to lawmakers and picketing factories These millhands politics reflected their public and private thoughts about whiteness and blackness war and the New Deal democracy and justice gender and sexuality class relations and consumption Ultimately the people depicted here are neither romanticized nor dismissed as the stereotypically racist and uneducated rednecks found in many accounts of southern politics Southern workers understood the political and social forces that shaped their lives argues Simon and they developed complex political strategies to deal with those forces RIGHTEOUS INDIGNATION Joe Creech,2010-10-01 Righteous Indignation uncovers what motivated conservative mostly middle class southern farmers to revolt against the Democratic Party by embracing the radical even revolutionary biracial politics of the People s Party in the 1890s While other historians of Populism have looked to economics changing markets or various ideals to explain this phenomenon in Righteous Indignation Joe Creech posits evangelical religion as the motive force behind the shift This illuminating study shows how Populists wove their political and economic reforms into a grand cosmic narrative pitting the forces of God and democracy against those of Satan and tyranny and energizing their movement with a sacred sense of urgency This book also unpacks the southern Protestants complicated approach to political and economic questions as well

as addressing broader issues about protest movements race relations and the American South **Klansville, U.S.A** David Cunningham,2013 In Klansville U S A David Cunningham tells the story of the astounding trajectory of the Klan during the 1960s by focusing on the pivotal and under explored case of the United Klans of America UKA in North Carolina Why the KKK flourished in the Tar Heel state presents a puzzle and a window into the complex appeal of the Klan as a whole This Rebellious House Steven J. Keillor,1996-10-03 Examining United States history from Columbus to Clinton Steven J Keillor disabuses us of the notion that our nation has ever been a genuinely Christian one He focuses on various political economic and cultural policies or events the Civil War westward expansion that are now often cited to disprove or debunk Christianity

The Influencer Factory Grant Bollmer,Katherine Guinness,2024-04-16 Influencers are more than social media personalities who attract attention for brands argue Grant Bollmer and Katherine Guinness They are figures of a new transformation in capitalism in which the logic of the self is indistinguishable from the logic of the corporation Influencers are emblematic of what Bollmer and Guinness call the Corpocene a moment in capitalism in which individuals achieve the status of living breathing talking corporations Behind the veneer of leisure and indulgence most influencers are laboring daily usually for pittance wages to manufacture a commodity called the self a raw material for brands to use with the dream of becoming corporations in human form by owning and investing in the products they sell Refuting the theory that digital labor and economies are immaterial Bollmer and Guinness search influencer content for evidence of the material infrastructure of capitalism Each chapter looks to what literally appears in the backgrounds of videos and images the houses cars warehouses and spaces of the market that point back to the manufacturing and circulation of consumer goods Demonstrating the material reality of producing the self as a commodity The Influencer Factory makes a crucial contribution to our understanding of contemporary economic life

Southern Capitalism The Political Economy Of Nc 1880 1980 Book Review: Unveiling the Power of Words

Southern Capitalism The Political Economy Of Nc 1880 1980 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Southern Capitalism The Political Economy Of Nc 1880 1980 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Southern Capitalism The Political Economy Of Nc 1880 1980 has opened up a world of possibilities. Downloading Southern Capitalism The Political Economy Of Nc 1880 1980 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Southern Capitalism The Political Economy Of Nc 1880 1980 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Southern Capitalism The Political Economy Of Nc 1880 1980. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Southern Capitalism The Political Economy Of Nc 1880 1980. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Southern Capitalism The Political Economy Of Nc 1880 1980, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Southern Capitalism The Political Economy Of Nc 1880 1980 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Southern Capitalism The Political Economy Of Nc 1880 1980 Books
