Folk-Songs of the Southern United States Josiah H. Combs,1967-01-01 The spirit of balladry is not dead but slowly dying The instincts sentiments and feelings which it represents are indeed as immortal as romance itself but their mode of expression the folksong is fighting with its back to the wall with the odds against it in our introspective age This statement by Josiah Henry Combs is that of a man who grew up among the members of a singing family in one of the last strongholds of the ballad making tradition the Southern Highlands of the United States Combs was born in 1886 in Hazard Kentucky the heart of the mountain feud area a significant background for one who was to take a prominent part in the ballad war of the 1900s Combs s intimate knowledge of folk culture and his grasp of the scholarly literature enabled him to approach the ballad controversy with common sense as well as with some of the heat generated by the dispute Although in the early twentieth century there was probably no more controversy about the nature of the folk and folksong than there is today it was a different kind of controversy Many theories of the origins of folksong current at that time such as the alleged relationship of traditional ballads to primitive poetry did not take into account contemporary evidence Combs said Here as elsewhere I go directly to the folk for much of my information allowing the songs language names customs of the people to help settle the problem of ancestry In brief a conscientious study of the lore of the folk cannot be separated from the folk itself Folk Songs du Midi des tats Unis published as a doctoral dissertation at the University of Paris in 1925 was an introduction to the study of the folksong of the Southern Appalachians together with a selection of folksong texts collected by Combs Folk Songs of the Southern United States the first publication of that work in English is based on the French text and Combs s English draft To this edition is appended an annotated listing of all songs in the Josiah H Combs Collection in the Western Kentucky Folklore Archive at the University of California Los Angeles The appendix also includes the texts of selected songs The aim of this edition is to make the contents of the original volume more readily available in English and to provide an index to the Combs Collection that may be drawn upon by students of folksong The book also offers texts of over fifty songs of British and American origin as sung in the Southern Highlands

American Folk Songs Norman Cohen,2008-09-30 This state by state collection of folksongs describes the history society culture and events characteristic of all fifty states Unlike all other state folksong collections this one does not focus on songs collected in the particular states but rather on songs concerning the life and times of the people of that state The topics range from the major historical events such as the Boston Tea Party the attack on Fort Sumter and the California Gold Rush to regionally important events such as disasters and murders labor problems occupational songs ethnic conflicts Some of the songs will be widely recognized such as Casey Jones Marching Through Georgia or Sweet Betsy from Pike Others less familiar have not

been reprinted since their original publication but deserve to be studied because of what they tell about the people of these United States their loves labors and losses and their responses to events The collection is organized by regions starting with New England and ending with the states bordering the Pacific Ocean and by states within each region For each state there are from four to fifteen songs presented with an average of 10 songs per state For each song a full text is reprinted followed by discussion of the song in its historical context References to available recordings and other versions are given Folksongs such as those discussed here are an important tool for historians and cultural historians because they sample experiences of the past at a different level from that of contemporary newspaper accounts and academic histories These songs in a sense are history writ small Includes Away Down East The Old Granite State Connecticut The Virginian Maid s Lament Carry Me Back to Old Virginnny I m Going Back to North Carolina Shut up in Cold Creek Mine Ain t God Good to Iowa Dakota Land Dear Prairie Home Cheyenne Boys I m off for California and others Southern Music/American Music Bill C.
