

Southern Homefront 1861-1865

James R. Arnold, Roberta Wiener

Southern Homefront 1861-1865:

Women and the American Civil War Theresa McDevitt, 2003-09-30 The first reference work to draw together the stories and studies of women in the American Civil War this annotated bibliography offers access to the literature that documents the history of women who experienced the war changed it and were changed by it Offering nearly 800 entries it lists both primary and secondary sources classic and current works and items in print and available on the Internet Drawing together over one hundred years of writings *Women in the American Civil War An Annotated Bibliography* is an invaluable resource for readers and researchers interested in this neglected topic During the American Civil War women played a highly significant role yet modern writers often overlook their experiences and contributions *Women in the American Civil War An Annotated Bibliography* is the first reference work to focus exclusively on women in the war Sections list sources on such diverse topics as women as nurses and medical relief workers women's changing economic roles their lives as refugees as spies and scouts or in military camps It also looks at the literature on the miscellaneous topics of women in public wives of politicians and military commanders family life and women on the wrong side of the law *Onward Southern Soldiers* Traci Nichols-Belt, 2011-08-18 The Civil War was trying bloody and hard fought combat for both sides What was it then that sustained soldiers low on supplies and morale For the Army of Tennessee it was religion *Onward Southern Soldiers Religion and the Army of Tennessee in the Civil War* explores the significant impact of religion on every rank from generals to chaplains to common soldiers It took faith to endure overwhelming adversity Religion united troops informing both why and how they fought and providing the rationale for enduring great hardship for the Confederate cause Using primary source material such as diaries letters journals and sermons of the Army of Tennessee Traci Nichols Belt along with Gordon T Belt presents the history of the vital role of the army's religious practices **The Home Front in the South** Diane Smolinski, 2001-01-01 Describes daily life and society of southerners during the Civil War and explains how the largely agricultural economy played a role in their lives *The American Civil War, 1861-1865* Reid Mitchell, 2013-11-14 The American Civil War caused upheaval and massive private bereavement but the years 1861-1865 also defined a great nation This book provides a concise introduction to events from the secession to the end of the war It focuses on the military progress of the war Union and Confederate politics social change particularly the emancipation of North American slaves The social history associated with the war is dealt with alongside the familiar military and political events This inclusive approach allows the reader to consider equally the history of men and women blacks and whites in the conflict It deals with both the Union and the Confederacy integrating the latest literature on the war and society into a clear account The book concludes with an assessment of emancipation the rebuilding of the economy and the war's consequences An array of primary documents supports the text together with a chronology glossary and Who's Who guide to key figures **Henrico Home Front, 1861-1865** James Henry Bailey, 1963 *Life Goes on* James R. Arnold, Roberta Wiener, 2001-11-01 Looks at life on

the home front during the Civil War examining the experiences of men and women from the North and South who kept farms factories hospitals homes and other institutions running during the conflict **Letters from the Southern Home Front**

Joseph A. Fry,2022-10-05 Joseph A Fry s Letters from the Southern Home Front explores the diversity of public opinion on the Vietnam War within the American South Fry examines correspondence sent by hundreds of individuals of differing ages genders racial backgrounds political views and economic status reflecting a broad swath of the southern population These letters addressed to high profile political figures and influential newspapers took up a myriad of war related issues Their messages enhance our understanding of the South and the United States as a whole as we continue to grapple with the significance of this devastating and divisive conflict **The Confederate States of America, 1861-1865** E. Merton

Coulter,1950-06-01 This book is the trade edition of Volume VII of A History of the South a ten volume series designed to present a thoroughly balanced history of all the complex aspects of the South s culture from 1607 to the present Like its companion volumes The Confederate States of America is written by an outstanding student of Southern history E Merton Coulter who is also one of the editors of the series and the author of Volume VIII The drama of war has led most historians to deal with the years 1861 to 1865 in terms of campaigns and generals In this volume however Mr Coulter treats the war in its perspective as an aspect of the life of a people The attempt to build a nation strong enough to win independence naturally drew Southerners attention to such problems as morale money bonds taxes diplomacy manufacturing transportation communication publishing armaments religion labor prices profits race problems and political policy Mr Coulter balances these phases of the struggle in their relation to war itself and the whole is dealt with as a period in the history of a people And finally Mr Coulter deals with the ever recurring questions Did secession necessarily mean war Was the South from the very beginning engaged in a hopeless struggle And if not why did it lose **Confederate Home Front** William Warren

Rogers,2001-10-12 Drawing from a wealth of historic documents and personal papers William Warren Rogers Jr provides a detailed political economic social and commercial history of Montgomery Alabama from 1860 to 1865 Rogers s account begins with an examination of daily life in the city before the war and ends with the situation in Montgomery as set against a disintegrating Confederacy and the city s surrender to Union troops **Beating Plowshares Into Swords** Paul A. C.

Koistinen,1996 Koistinen describes how an undeveloped preindustrial economy forced Americans to fight defensive wars of attrition like the Revolution and the War of 1812 By the time of the Mexican War however a gradually maturing economy allowed the United States to use a much more offensive minded strategy to achieve its goals The book concludes with an exhaustive examination of the Civil War a conflict that both anticipated and differed from the total wars of the industrialized era Koistinen demonstrates that the North relied upon its enormous economic might to overwhelm the Confederacy through a strategy of annihilation while the South bungled its own strategy of attrition by failing to mobilize effectively a much less developed economy **Foran Tabernaklet** ,1926 The Southern Home Front of the Civil War Roberta Baxter,2011-01-01

Describes life in the southern United States during the Civil War discussing life on farms plantations and in cities and the roles played by women children and slaves

North Carolina English, 1861-1865 Michael E. Ellis, 2024-01-12 In North Carolina English 1861 1865 Michael E Ellis offers an Oxford English Dictionary like take on regional language based on more than two thousand letters and diaries composed by North Carolinians during the Civil War These documents are part of a larger project the Corpus of American Civil War Letters CACWL aimed at locating photographing and transcribing letters written during the period from all parts of the country With little formal education the correspondents were men and women who wrote by ear often reproducing their spoken language through unconventional spellings and grammatical forms as well as regional or archaic words and usages The core of the book is an alphabetically arranged glossary of words and expressions characteristic of mid nineteenth century North Carolina each containing excerpts from the letters themselves to illustrate meaning and usage While the majority of the writers were Confederate soldiers and their family members the collection also includes letters from slaves former slaves and African Americans from North Carolina serving in the Union Army The soldiers letters rarely contain details about battles except to list the names of relatives or neighbors among the killed or wounded After a battle a soldier might simply write the Like of ded men an horses I never saw before or we hav lost a heep of men and kild a heep of yankeys As Joel Howard of Lincoln County wrote home in June 1863 I have bin in the ware and Saw the ware and heard tell of the ware till I have got tired of it if I Could get clear of this ware I neve r want to Read of A nother Food is perhaps the most common topic followed by illness Numerous terms relate to farming clothing religion and the effects of the war itself as well as entries for expressions that have long since disappeared from American English in the gants on the goose and up the spout In addition to the glossary Ellis offers an extensive overview of North Carolina English of the period delves into the social background of the letter writers and provides invaluable guidance to the ways in which Civil War letters should be read A unique window into a largely neglected corner of our extraordinarily rich and regionally distinct language this volume will prove an indispensable reference for scholars and students seeking to reconstruct the world of the common Civil War soldier

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

Jefferson Davis, Confederate President Herman Hattaway, Richard E. Beringer, 2002 Now two Civil War historians Herman Hattaway and Richard Beringer take a new and closer look at Davis s presidency In the

process they provide a clearer image of his leadership and ability to handle domestic diplomatic and military matters under the most trying circumstances without the considerable industrial and population resources of the North and without the formal recognition of other nations **BOOK JACKET** The Politics of Faith During the Civil War Timothy L.

Wesley, 2013-05-13 In The Politics of Faith during the Civil War Timothy L. Wesley examines the engagement of both northern and southern preachers in politics during the American Civil War revealing an era of denominational governmental and public scrutiny of religious leaders. Controversial ministers risked ostracism within the local community, censure from church leaders, and arrests by provost marshals or local police. In contested areas of the Upper Confederacy and Border Union, ministers occasionally faced deadly violence for what they said or would not say from their pulpits. Even silence on political issues did not guarantee a preacher's security as both sides arrested clergymen who defied the dictates of civil and military authorities by refusing to declare their loyalty in sermons or to pray for the designated nation, army, or president. The generation that fought the Civil War lived in arguably the most sacralized culture in the history of the United States. The participation of church members in the public arena meant that ministers wielded great authority. Wesley outlines the scope of that influence and considers conversely the feared outcomes of its abuse. By treating ministers as both individual men of conscience and leaders of religious communities, Wesley reveals that the reticence of otherwise loyal ministers to bring politics into the pulpit often grew not out of partisan concerns but out of doctrinal, historical, and local factors. The Politics of Faith during the Civil War sheds new light on the political motivations of homefront clergymen during wartime, revealing how and why the Civil War stands as the nation's first concerted campaign to check the ministry's freedom of religious expression.

The Notorious Isaac Earl and His Scouts Gordon L. Olson, 2014-05-14 While large armies engaged in epic battles in the eastern theater of the Civil War, a largely unchronicled story was unfolding along the Mississippi River. Thirty Special Scouts under the command of Lieutenant Isaac Newton Earl patrolled the river, gathering information about Confederate troop activity, arresting Rebel smugglers and guerillas, and opposing anti-Union insurrection. Gordon Olson gives this special unit full book-length treatment for the first time in The Notorious Isaac Earl and His Scouts. Olson uses new research in assembling his detailed yet very readable account of Earl, a dynamic leader who rose quickly through Union Army ranks to command this elite group. He himself was captured by the Confederates three times and escaped three times, and he developed a strategic and later romantic relationship with a Southern woman, Jane O'Neal, who became one of his spies. In keeping the river open for Union Army movement of men and supplies to New Orleans, Earl's Scouts played an important heretofore unheralded role in the Union's war effort. Guerrillas, Unionists, and Violence on the Confederate Home Front Daniel E. Sutherland, 1999-08-01 Until recently, this localized violence was largely ignored; scholars focusing instead on large-scale operations of the war, the decisions and actions of generals and presidents. But as Daniel Sutherland reminds us, the impact of battles and elections cannot be properly understood without an examination of the struggle for survival on the

home front of lives lived in the atmosphere created by war Sutherland gathers eleven essays by such noted Civil War scholars as Michael Fellman Donald Frazier Noel Fisher and B F Cooling each one exploring the Confederacy s internal war in a different state All help to broaden our view of the complexity of war and to provide us with a clear picture of war s consequences its impact on communities homes and families This strong collection of essays delves deeply into what Daniel Sutherland calls the desperate side of war enriching our understanding of a turbulent and divisive period in American history

Virginia at War, 1865 William C. Davis, James I. Robertson, 2012-01-06 The final volume in this comprehensive history of Confederate Virginia examines the end of the Civil War in the Old Dominion By January 1865 most of Virginia s schools were closed many newspapers had ceased publication businesses suffered and food was scarce Having endured major defeats on their home soil and the loss of much of the state s territory to the Union army Virginia s Confederate soldiers began to desert at higher rates than at any other time in the war returning home to provide their families with whatever assistance they could muster It was a dark year for Virginia *Virginia at War 1865* presents a striking depiction of a state ravaged by violence and destruction In the final volume of the *Virginia at War* series editors William C Davis and James I Robertson Jr have once again assembled an impressive collection of essays covering topics that include land operations women and families wartime economy music and entertainment the demobilization of Lee s army and the war s aftermath The volume ends with the final installment of Judith Brockenbrough McGuire s popular and important *Diary of a Southern Refugee during the War*

Loyalty and Loss Margaret M. Storey, 2004-09-01 Though slavery was widespread and antislavery sentiment rare in Alabama there emerged a small loyalist population mostly in the northern counties that persisted in the face of overwhelming odds against their cause Margaret M Storey s welcome study uncovers and explores those Alabamians who maintained allegiance to the Union when their state seceded in 1861 and beyond Storey s extensive groundbreaking research discloses a socioeconomically diverse group that included slaveholders and nonslaveholders business people professionals farmers and blacks By considering the years 1861 1874 as a whole she clearly connects loyalists sometimes brutal wartime treatment with their postwar behavior

As recognized, adventure as well as experience more or less lesson, amusement, as without difficulty as promise can be gotten by just checking out a ebook **Southers Homefront 18611865** next it is not directly done, you could believe even more roughly speaking this life, something like the world.

We find the money for you this proper as with ease as simple artifice to acquire those all. We have the funds for Southers Homefront 18611865 and numerous books collections from fictions to scientific research in any way. among them is this Southers Homefront 18611865 that can be your partner.
