Southport The Architectural Legacy Of A Connecticut Village:

Southport Jan Cigliano, Ralph G. Schwarz, 1989 **Fairfield and Southport** Beth L. Love, 2000 Fairfield including its village of Southport is steeped in tradition and is rich in history Many people who call this coastal Connecticut community home already know that Fairfield was founded in 1639 by Roger Ludlow and was visited in 1789 by Pres George Washington who actually spent the night at the Sun Tavern However do they also know the history of Pulpit Rock or for that matter could they locate it What about the granite planter at the junction of Main Street Center Street and Harbor Road do they know the story behind that Those residents who remember Fairfield when as well as those with a desire to learn more about Fairfield when will be fascinated by Fairfield and Southport **Fairfield, Connecticut** Barbara E. Austen, Barbara D.

Bryan, 1997-11-01 In the fall of 1639 Roger Ludlow a founder of the colony of Connecticut led a small group of men and a large herd of cattle to the shore of Long Island Sound where they established a settlement that became known as Fairfield With this exciting new photographic history the members of the Fairfield Historical Society have created a unique look back in time More than 200 rare photographs in this book document the dramatic changes that have occurred in Fairfield s landscape and population during the last 130 years of its 350 year history Agriculture dominated Fairfield s economy from its founding to the mid nineteenth century With the rise of neighboring Bridgeport as an industrial center in the 1860s to 1920s laborers and business owners moved to Fairfield and the once rural landscape was transformed into suburban home lots Today the town s population is a vibrant mix of commuters local business people and young families **Showplace of**

America Jan Cigliano, Jan Cigliano Hartman, 1991 In cooperation with Western Reserve Historical Society Euclid Avenue which runs through the heart of downtown Cleveland was for 60 years one of the finest residential streets of any city in 19th century America Showplace of America is the fascinating account of the rise and fall of this elegant promenade including portrayals of the eminent architects who created its opulent residences and colorful details about the lives of the wealthy people who occupied them The families who resided within this linear four mile neighborhood epitomized Midwestern grandeur in the second half of the 19th century The 1893 Baedeker s travel guide to the United States labeled it one of the most beautiful residence streets in America as others hailed it Millionaires Row the finest avenue in the west and the most beautiful street in the world Modeled after the grand boulevards of Europe this magnificent neighborhood was distinguished for the prominence of its architects as well as the families who lived there Local architects Jonathan Goldsmith Charles W Heard Levi T Scofield Charles F Schweinfurth and Coburn Barnum and national firms Peabody Stearns and McKim Mead White created houses that were stunning monuments to Cleveland and America s growing prosperity Ironically the tremendous success of Cleveland s industry and commerce which had nurtured the rise of this grand avenue fostered its fall Downtown commerce expanded along the avenue at the sacrifice of its leading entrepreneurs residential have The houses were demolished as the avenue became what is today a neglected urban thoroughfare Photographs and illustrations from the
