Soviet Berausende Vergaenglichkeit Briefe 19261950:

Gender and Politics in the Age of Letter-Writing, 1750-2000 Máire Cross, 2017-05-15 Letters have long been an outlet for political expression whether they articulate the personal politics of the daily routine or the political views of individuals who witness or participate in dramatic events In addition letters can be unusually revealing records of the relations between men and women Though letters have frequently been studied as a privileged space for literary social and cultural expression the three dimensional relationship of politics gender and letters has not been the focus of an entire volume The nineteen essays in this collection examine how the gendered nature of political literacy is revealed over a 250 year period through letter writing whether the writer is famous or unknown the wife of a prominent politician or activist a political prisoner or political militant Ranging wide in terms of subject matter and geography the contributors examine correspondence that ponders familial concerns as well as letters providing political commentary on the effects of war or revolution on everyday life Among the impressive group of international scholars are Jim Allen Clare Brant Edith Gelles Jane Rendall and Si n Reynolds [A History of Women's Writing in Germany, Austria and Switzerland](#) Jo Catling, 2000-03-23 This volume makes the wide ranging work of German women writers visible to a wider audience It is the first work in English to provide a chronological introduction to and overview of women s writing in German speaking countries from the Middle Ages to the present day Extensive guides to further reading and a bibliographical guide to the work of more than 400 women writers form an integral part of the volume which will be indispensable for students and scholars of German literature and all those interested in women s and gender studies **Women Without a Past?** Joanne Sayner, 2007 Contains autobiographies written by women who experienced Nazism from different perspectives Elfriede Br ning Hilde Huppert Greta Kuckhoff Elisabeth Langg sser Melita Maschmann Inge Scholl and Grete Weil This book examines autobiography as a form of writing at the centre of debates on the self truth and history *'This Anguish, Like a Kind of Intimate Song'* Lillian Leigh Westerfield, 2004 This literary history explores the reality of European women s roles in fighting Nazism By comparing the resistance literature of French and German authors this book links the traditional gender expectations for women and the conventions of their everyday lives with their unique forms of resistance Theirs was an opposition grounded in the ordinary beyond the sphere of political violence Women were long regarded as outsiders to combat and politics with no stake in upholding resistance myths Women authors therefore freely rendered the personal and moral landscape of the resister s world in a new vocabulary They revised standard rhetoric and replaced heroism and bullets with the values of home human relationships and candid acknowledgement of the sorrow fear and uncertainty of war *Encyclopedia of German Literature* Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics

essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings
