Department of the Army, 1959      **Inside the Soviet Army** Viktor Suvorov, 1984      **The Soviet Army's High Commands in War and Peace, 1941-1992** Richard W. Harrison, 2022-07-28 The first full treatment of the unique phenomenon of High Commands in the Soviet Army during World War II and the Cold War The war on the Eastern Front during 1941 45 was an immense struggle running from the Barents Sea to the Caucasus Mountains The vast distances involved forced the Soviet political military leadership to resort to new organizational expedients in order to control operations along the extended front These were the high commands of the directions which were responsible for two or more fronts army groups and along maritime axes one or more fleets In all five high commands were created along the northwestern western southwestern and North Caucasus strategic directions during 1941 42 However the highly unfavorable strategic situation during the first year of the war as well as interference in day to day operations by Stalin severely limited the high commands effectiveness As a consequence the high commands were abolished in mid 1942 and replaced by the more flexible system of supreme command representatives at the front A High Command of Soviet Forces in the Far East was established in 1945 and oversaw the Red Army s highly effective campaign against Japanese forces in Manchuria The Far Eastern High Command was briefly resurrected in 1947 as a response to the tense situation along the Korean peninsula and the ongoing civil war in China but was abolished in 1953 soon after Stalin s death Growing tensions with China brought about the recreation of the Far Eastern High Command in 1979 followed a few years later by the appearance of new high commands in Europe and South Asia However these new high commands did not long survive the collapse of the Soviet Union in 1991 and were abolished a year later The book relies almost exclusively on Soviet and post communist archival and other sources and is the first unclassified treatment of this subject in any country East or West      **The Red Army: the Red Army, 1918 to 1945** Sir Basil Henry Liddell Hart, 1956      **The Soviet Military Experience** Roger R. Reese, 2002-01-04 The Soviet Military Experience is the first general work to place the Soviet army into its true social political and international contexts It focuses on the Bolshevik Party s intention to create an army of a new type whose aim was both to defend the people and propagate Marxist ideals to the rest of the world It includes discussion of the origins of the Workers and Peasant s Red Army effects of the Civil War Bolshevik regime s use of the military as a school of socialism effects of collectivization and rapid industrialisation of the 1920s and 1930s Second World War and its profound repercussions ethnic tensions within the army effect of Gorbachev s policies of Glasnost and Perestroika      **A History of the Soviet Army** Michel Garder, 1966      **Soviet Life** , 1972      **The Military History of the Soviet Union** F.
