## **Soviet Communes:**

Soviet Communes Robert G. Wesson,1963      Soviet Russia Pictorial ,1924      **Russian Peasant Organisation Before Collectivisation** D. J. Male,1971-02-02 Historical study of political aspects of the land tenure system in the USSR and intergroup relations between rural worker societies communes and political party organisations rural soviets leading to the onset of the collective economy in agriculture Bibliography pp 239 to 247 references and statistical tables      Soviet Russia ,1921      Co-operation in Soviet Russia Z. Stencel-Lensky,1920      **Soviet Perspectives on African Socialism** Arthur Jay Klinghoffer,1969      **Contemporary Soviet Government** L.G. Churchward,2024-04-12 Contemporary Soviet Government 1975 is a leading study of the practice of Soviet government examined against a background of Soviet Marxism It presents an analysis of the Soviet political system since the death of Stalin and places considerable emphasis on the role of state as distinct from Party organisations as the author contends that these are more important than commonly realised in the West

**Ministries of Compassion among Russian Evangelicals, 1905-1929** Mary Raber,2016-05-13 The present study fills a gap in the study of the evangelical movement in Russia by presenting a comprehensive picture of their compassionate ministry during their longest stretch of relative freedom before the 1980s Better known for their energetic preaching and literature work Russian evangelicals also gave attention to compassionate ministry although it was never extensive because of their marginal status They established assistance funds organized charitable institutions practiced urban rescue ministry participated in the Russian temperance movement and established economic communities Each area is distinct yet all were supported by the same set of theological convictions The Russian evangelicals were convinced that their witness should consist of good works as well as words and that the gospel had the power to undo human suffering While intentionally cultivating an attitude of concern for the needs of others they taught that compassion was the concern of all members of the community regardless of economic status or age In their publications evangelicals devoted a good deal of teaching to the proper Christian attitude toward money and giving They drew on Western models but also their indigenous sectarian roots

Soviet Security and Intelligence Organizations 1917-1990 Michael Parrish,1992-01-30 One of the hallmarks of the Soviet system was its heavy reliance on internal and foreign security and intelligence organizations Not surprisingly given the secrecy surrounding Soviet efforts in these areas no biographical reference tools and few bibliographies have been published to date In this context Michael Parrish s work is a unique undertaking In the first section to the volume biographies are provided on some 4 000 officials in senior and mid level positions who had served in Cheka NKVD RFSFR GPU KGB and other organizations Also included are officials of the Committee for State Control formerly Ministry of State Control and before that Commissariat of Workers and Peasants Inspection Prominent political personalities with earlier ties to security services such as N A Bulganin are listed even though such service formed only a brief part of their careers Others listed include party officials such as A A Kuznetsov who at different times served as the Party s watchdog of security organs Also

included because of their close association with repression and security organs are members of Stalin's inner circle. The second part of the volume is a survey of books in English published between 1917 and 1990 which related to Soviet security and intelligence organizations. This is followed by a biographical addendum, a glossary of terms and material showing the development of Soviet security organizations. No one concerned with current intelligence issues and the role of security organizations in Soviet life can ignore this volume.

**Living the Revolution** Andy Willimott, 2017. *Living the Revolution* offers a pioneering insight into the world of the early Soviet activist. At the heart of this book are a cast of fiery-eyed, bed-headed youths determined to be the change they wanted to see in the world. First banding together in the wake of the October Revolution, seizing hold of urban apartments, youthful enthusiasts tried to offer practical examples of socialist living. Calling themselves urban communes, they embraced total equality and shared everything from money to underwear. They actively sought to overturn the traditional family unit, reinvent domesticity and promote a new collective vision of human interaction. A trend was set, a revolutionary meme that would in the coming years allow thousands of would-be revolutionaries and aspiring party members to experiment with the possibilities of socialism. The first definitive account of the urban communes and the activists that formed them, this volume utilizes newly uncovered archival materials to chart the rise and fall of this revolutionary impulse. Laced with personal detail, it illuminates the thoughts and aspirations of individual activists as the idea of the urban commune grew from an experimental form of living limited to a handful of participants in Petrograd and Moscow into a cultural phenomenon that saw tens of thousands of youths form their own domestic units of socialist living by the end of the 1920s. *Living the Revolution* is a tale of revolutionary aspiration, appropriation and participation at the ground level. Never officially sanctioned by the party, the urban communes challenge our traditional understanding of the early Soviet state, presenting Soviet ideology as something that could both frame and fire the imagination.

**An Introduction to the Soviet Legal System** E.L. Johnson, 2024-11-26. *An Introduction to the Soviet Legal System* 1969 sets the main features of modern Soviet law against their background in Russian legal history and Marxist political thought. Important constitutional provisions are examined in detail and their value in practice considered. In the second part of the book, special emphasis is given to those parts of the system most likely to interest the general reader and the non-legal specialist in Soviet affairs. Criminal Procedure and Family Law are considered in detail, as are Trade Unions and the settlement of Labour Disputes. Special features of the Soviet legal system such as the legal position of the State Bank, collective farms and the state-controlled commercial and industrial enterprises are examined. The final chapter is devoted to the work of the Soviet legal profession.

**Andrew Garve and Soviet Russia** Paul Winterton, 2015-03-05. A collection of writings by journalist Paul Winterton, better known later as Andrew Garve, on Soviet Russia published between 1931 and 1945, documenting his growing disillusion with the regime. It includes his first published work, *A Student in Russia*.

*The Collective and the Individual in Russia* Oleg Kharkhordin, 2023-04-28. Oleg Kharkhordin has constructed a compelling

subtle and complex genealogy of the Soviet individual that is as much about Michel Foucault as it is about Russia Examining the period from the Russian Revolution to the fall of Gorbachev Kharkhordin demonstrates that Party rituals which forced each Communist to reflect intensely and repeatedly on his or her self an entirely novel experience for many of them had their antecedents in the Orthodox Christian practices of doing penance in the public gaze Individualization in Soviet Russia occurred through the intensification of these public penitential practices rather than the private confessional practices that are characteristic of Western Christianity He also finds that objectification of the individual in Russia relied on practices of mutual surveillance among peers rather than on the hierarchical surveillance of subordinates by superiors that characterized the West The implications of this book expand well beyond its brilliant analysis of the connection between Bolshevism and Eastern Orthodoxy to shed light on many questions about the nature of Russian society and culture Oleg Kharkhordin has constructed a compelling subtle and complex genealogy of the Soviet individual that is as much about Michel Foucault as it is about Russia Examining the period from the Russian Revolution to the fall of Gorbachev Kharkhordin demon *Reluctant Cold Warriors* Vladimir Kontorovich, 2019-09-02 The academic study of the Soviet economy in the US was founded to help fight the Cold War Vladimir Kontorovich evaluates how well the new field fulfilled this task and shows that it largely neglected the military sector which underpinned the Soviet Cold War effort Professional norms of economics and political pressures drove researchers to ignore the priorities of their government sponsors and to fundamentally misinterpret their subject

**Coloniality, Nationality, Modernity** Epp Annus, 2018-12-07 Soviet postcolonial studies is an emerging field of critical inquiry with its locus of interest in colonial aspects of the Soviet experience in the USSR and beyond The articles in this collection offer a postcolonial perspective on Baltic societies and cultures that is a perspective sensitive to the effects of Soviet colonialism The colonial situation is typically sustained by the help of colonial discourses which carry the pathos of progress and civilization In Soviet colonial discourse the pathos of progress is presented in terms of communist value systems which developed certain principles of the European Enlightenment and rearticulated them through Soviet ideology This collection explores the establishment of Soviet colonial power structures but also strategic continuities between Soviet and Tsarist rule and the legacy of Soviet colonialism in post Soviet Baltics Soviet norms and rules imposed upon the Baltic borderlands produced new forms of transculturation gave

birth to new cultural authenticities and developed complex entanglements of colonial modern and national impulses Analyses of colonial patterns in Soviet and post Soviet Baltic societies helps bring us closer to understanding the Soviet legacy in the former Soviet borderlands and in present day Russia The chapters were originally published in a special issue of the Journal of Baltic Studies
