

The background of the entire image is a vibrant, abstract space-themed scene. It features a dark blue and black cosmic background filled with numerous small, glowing yellow and white stars. A large, bright, multi-colored nebula or galaxy core is visible on the right side, with swirling patterns of purple, pink, blue, and green. Two anime-style characters are positioned on the left side of the image. The character on the left is a young woman with long, flowing brown hair, wearing a white and red outfit with a large red bow. She is holding a long, silver sword vertically. The character on the right is a young man with short black hair, wearing a dark, flowing robe. He is holding a long, silver sword horizontally. The overall composition is dynamic and visually striking, typical of anime promotional art.

By the Sword Richard Cohen, 2007-12-18 Like swordplay itself *By the Sword* is elegant accurate romantic and full of brio the definitive study hugely readable of man's most deadly art Simon Winchester With a new Preface by the author Napoleon fenced So did Shakespeare Karl Marx Grace Kelly and President Truman who as a schoolboy would practice fencing with Bess his future wife when the two of them returned home from school Lincoln was a canny dueler Ignatius Loyola challenged a man to a duel for denying Christ's divinity and won Less successful but no less enthusiastic was Mussolini who would tell his wife he was off to get spaghetti their code to avoid alarming the children *By the Sword* is an epic history of sword fighting a science an art and for many a religion that began at the dawn of civilization in ancient Egypt and has been an obsession for mankind ever since With wit and insight Richard Cohen gives us an engrossing history of the world via the sword Praise for *By the Sword* Touch While scrupulous and informed about its subject Richard Cohen's book is about more than swordplay It reads at times like an alternative social history of the West Sebastian Faulks In writing *By the Sword* Cohen has shown that
