The Men on Magic Carpets Ed Hawkins,2019-04-04 An absolute gem Funny incredible and brilliantly reported in Ed Hawkins the sports world has its own Jon Ronson Will Storr The bizarre true story about the cosmic side of sports Ever wondered if the mind tricks used by Luke Skywalker or his Star Wars brethren were real Ed Hawkins did A Jedi wannabe and sports nut he pondered what if a coach or athlete had tried to harness such mysterious powers They would be unstoppable This set Ed off on an extraordinary adventure across the West Coast of America in search of a superhuman sports star He discovers cosmic thinkers who back in their 1960s heyday believed that through the power of thought alone a superhuman could be created one that could see into the future slow down time and control minds So successful were their tactics that they attracted the attention of the US government Meanwhile in Russia their Soviet counterparts were employing equally

bewildering brain power Their goal To win the Cold War And so from the 1970s and into the Eighties the underground free thinking movement became a fully funded state secret in an inner space race between the US and the Soviet Union Both sides attempting to create the perfect human killing machine It worked Sort of Instead of building a super soldier the mystics from both sides came together to preach peace and love to their political paymasters After the thaw the search for the superhuman sports star began again and continues to this day In The Men on Magic Carpets Ed goes deep into a secret network of supernatural sages and is told about a mysterious American football coach who made it to the top by teaching his players The Force But can he be found Will he admit to what he truly believes And how does our intrepid author cope with his own brush with the Dark Side as the shadowy military once again attempt to use the mystical powers for ill **The End of Materialism** Charles T.
