**The Miracle of Therapy** Georgiana G. Rodiger,1989      *Karl Barth's Theology of Relations, Volume 1* Gary

Deddo,2015-08-04 This work originally published as one volume in the Peter Lang series Issues in Systematic Theology is now available in two volumes In the first volume Gary Deddo shows how Barth grasped the nature of relations as intrinsic to the being and act of the Triune God and to God's relations to us and our relationship to God in Christ Deddo then completes his comprehensive survey showing how Barth saw the reality of the divine relationships analogically pertains by grace to humanity and its creaturely relationships Barth's doctrine of God Christology and theological anthropology are all intrinsically onto relational to borrow a term coined by Thomas F Torrance In the second volume Deddo shows how Barth's relational theology is intrinsically ethical As a case study Deddo explicates Barth's ethical teaching on the relationship between parents and children found in section 54 of his chapter on Freedom in Fellowship in CD III 4 He further demonstrates the relevance and fruitfulness of Barth's theology of relations for critically engaging other theological and non theological views of the family and for shedding ethical light on a wide range of contemporary issues facing families especially in the North American context Karl Barth is known for his insight into the inseparability of act and being in God What is less recognized is that Barth's theological understanding of dynamic covenantal relationship is also essential to his doctrine of the Triune God his Christology and theological anthropology God is revealed in Jesus Christ to be one in act being and relation Humanity is revealed in Jesus Christ to be essentially a unity of act being and relation The failure to see the ethical implications of Barth's theology can be traced in large part to the failure to grasp how Barth's understanding of God's being and act is also essentially relational Deddo's work corrects this oversight and opens up the door to better comprehension of Barth's trinitarian doctrine of God his Christology anthropology and ethics      **Karl Barth's Theology of**

**Christians Who Counsel** Ray S. Anderson, 2010-11-01 How does one view Christian counseling as a calling What is the role and task of the counselor from a theological perspective How does one strip away the ambiguity that is too often inherent in the words therapy and counseling in a religious setting Ray S Anderson has written this book as a theologian with a keen interest in helping Christian counselors fulfill their task more effectively by enabling them to see that task more clearly Too often even counselors who achieve effective results are beset by what Anderson calls an uneasy conscience the realization that for some reason a little transactional analysis once a week works better than a month of Sundays in curing the souls of troubled parishioners This book seeks to put that uneasiness and ambiguity to rest by helping counselors see their work as a means of grace rooted in a model of personhood that is both theologically and psychologically sound for realizing the full potential of each person Christians Who Counsel has three parts involving building a foundation for Christian counseling exploring the spiritual dynamics in counseling and describing counseling in a distinctly Christian mode Written without either theological or psychological jargon this book is for all Christians who counsel whether pastors lay counselors psychotherapists or family therapists With clarity of vision comes the power of a renewed commitment

Karl Barth's Theology of Relations Gary W. Deddo, 1999 A detailed study of how theologian Karl Barth 1886-1968 comprehended the connections between the Christian doctrine of God the doctrine of humanity and Christian ethics a triad of concepts that the author refers to as Barth's theology of relations He examines Barth's writings on parents and children to discuss Barth's ethics generally and argues for the relevance of Barth's theology of relations to contemporary family issues Annotation copyrighted by Book News Inc Portland OR

**Foundations for Soul Care** Eric L. Johnson, 2007-07-24 In this groundbreaking work of first order scholarship Eric Johnson makes a vitally important contribution to the field of Christian counseling He first presents a detailed overview and appreciative but critical evaluation of the reigning paradigms in the field of Christian counseling particularly biblical counseling and integration Building on their respective strengths he seeks to move beyond the current impasse in the field and develop a more unified and robustly Christian understanding Drawing upon the Bible and various Christian intellectual

and soul care traditions and through a Christian reinterpretation of relevant modern psychological theory and research Johnson proceeds to offer a new framework for the care of souls that is comprehensive in scope yet flows from a Christian understanding of human beings what amounts to a distinctly Christian version of psychology This book is a must read for any serious Christian teacher student or practitioner in the fields of psychology or counseling A Peaceable Psychology Alvin Dueck, Kevin Reimer, 2009-11-01 In the past century psychology has been practiced in the manner of medical science working from the assumption that therapy can transcend particular ethnic and religious traditions Seeking to move the conversation forward this book argues for a theologically culturally and politically sensitive psychotherapy whereby the Christian psychologist treats the patient according to the particulars of the patient's political situation and ethnic and religious tradition while acknowledging the role of his or her own Christian story in therapeutic dialogue The authors point to the life of Jesus as the foundation on which to build a therapeutic ethic appropriating the story of his life to bring healing

**Christ-centered Therapy** Neil T. Anderson, Terry E. Zuehlke, Julianne S. Zuehlke, 2000 In order to put Christ back into counseling and therapy the authors have bridged the gap between theology and psychology by integrating the new disciplines their methodologies and their values clarifications Christ Centered Therapy guides Christian counselors in integrating the truths of the Bible with the practices of psychological counseling
