The Modern Writer and His World George Sutherland Fraser,1975 *The Modern Writer and His World* George Sutherland Fraser,George S. Fraser,1975 *Graham Greene's Thrillers and the 1930s* Brian Diemert,1996 In *Graham Greene's Thrillers and the 1930s* Brian Diemert examines the first and most prolific phase of Graham Greene's career demonstrating the close relationship between Greene's fiction and the political economic social and literary contexts of the period Situating Greene alongside other young writers who responded to the worsening political climate of the 1930s by promoting social and political reform Diemert argues that Greene believed literature could not be divorced from its social and political milieu and saw popular forms of writing as the best way to inform a wide audience Diemert traces Greene's adaptation of nineteenth century romance thrillers and classical detective stories into modern political thrillers as a means of presenting serious concerns in an engaging fashion He argues that Greene's popular thrillers were in part a reaction to the high modernism of writers such as James Joyce Gertrude Stein and Virginia Woolf whose esoteric experiments with language were disengaged from immediate social concerns and inaccessible to a large segment of the reading public **The Story of Shaw's Saint Joan** Brian Tyson,1982-05-01 The literary genetics of Shaw's most famous play are here examined for the first time The sources of *Saint Joan* are closely compared with the original shorthand manuscript and that is compared with its subsequent revisions This evidence is supplemented by facts drawn from Shaw's correspondence in print in the British Library and in private collections and by accounts both in print and in the correspondence of people who knew Shaw at the time of his writing *Saint Joan* The manuscript and its revisions are examined in the light of all that has been written about the play since it first appeared in 1923 Tyson examines the events that led Shaw to write *Saint Joan* establishes the times and places of its composition and speculates on the models upon which Shaw may have based his heroine The scene by scene investigation of the original manuscript accounts as far as possible for later alterations and revisions and discusses passages of critical or historical interest The concluding chapters survey the circumstances surrounding the first production of the play in the United States Great Britain France and Germany and reflect on the impact that *Saint Joan* has had on drama for more than half a century Real Toads in Imaginary Gardens Maureen Whitebrook,1995 Maureen Whitebrook argues that literature through both its form and its content can expose and criticize liberal theory and point beyond it to a new political theory She describes how literary political criticism might be done and demonstrates such criticism in four essays that expose the connections between specific political and literary texts Fiction Whitebrook concludes does a better job than liberal political theory of examining the relationship between the individual and the State **American Book Publishing Record Cumulative, 1950-1977** R.R. Bowker Company. Department of Bibliography,1978 *Contemporary Literary Critics* NA NA,2015-12-25 A reference guide to the work of 115 modern British and American critics *Virginia Woolf* Thomas Jackson Rice,2018-02-21 Originally published in 1984 *Virginia Woolf Guide to Research* is a bibliographic guide to

the writings and critical reception of the works of Virginia Woolf The guide is a simply organized guide that makes easily accessible a diversified body of critical works on Virginia Woolf The scholarship is organised into key collections based around Woolf s major works of fiction and contains studies from a variety of content including periodicals articles book chapters as well as foreign language books
