The Morality Of Pluralism

John Kekes

The Morality Of Pluralism:

The Morality of Pluralism John Kekes, 1993-01-01 Controversies about abortion the environment pornography AIDS and similar issues naturally lead to the question of whether there are any values that can be ultimately justified or whether values are simply conventional John Kekes argues that the present moral and political uncertainties are due to a deep change in our society from a dogmatic to a pluralistic view of values Dogmatism is committed to there being only one justifiable system of values Pluralism recognizes many such systems and yet it avoids a chaotic relativism according to which all values are in the end arbitrary Maintaining that good lives must be reasonable but denying that they must conform to one true pattern Kekes develops and justifies a pluralistic account of good lives and values and works out its political moral and personal implications Controversies about abortion the environment pornography AIDS and similar issues naturally lead to the question of whether there are any values that can be ultimately justified or whether values are simply conventional John Kekes argues that the present moral and political uncertainties are due to a deep change in our society from a dogmatic to a pluralistic view of values Dogmatism is committed to there being only one justifiable system of values Pluralism recognizes many such systems and yet it avoids a chaotic relativism according to which all values are in the end arbitrary Maintaining that good lives must be reasonable but denying that they must conform to one true pattern Kekes develops and justifies a pluralistic account of good lives and values and works out its political moral and personal implications **The Morality of**

Pluralism John Kekes, 1996-03-04 Controversies about abortion the environment pornography AIDS and similar issues naturally lead to the question of whether there are any values that can be ultimately justified or whether values are simply conventional John Kekes argues that the present moral and political uncertainties are due to a deep change in our society from a dogmatic to a pluralistic view of values Dogmatism is committed to there being only one justifiable system of values Pluralism recognizes many such systems and yet it avoids a chaotic relativism according to which all values are in the end arbitrary Maintaining that good lives must be reasonable but denying that they must conform to one true pattern Kekes develops and justifies a pluralistic account of good lives and values and works out its political moral and personal implications

The Morality of Freedom Joseph Raz, 1988 Morality of Freedom is the winner of the W J M Mackenzie Prize of the Political Studies Association for 1987 The Morality of Conflict Samantha Besson, 2005-11-25 This book explores the relationship between the law and pervasive and persistent reasonable disagreement about justice It reveals the central moral function and creative force of reasonable disagreement in and about the law and shows why and how lawyers and legal philosophers should take reasonable conflict more seriously Even though the law should be regarded as the primary mode of settlement of our moral conflicts it can and should also be the object and the forum of further moral conflicts There is more to the rule of law than convergence and determinacy and it is important therefore to question the importance of agreement in law and politics By addressing in detail issues pertaining to the nature and sources of disagreement its extent and

significance as well as the procedural institutional and substantive responses to disagreement in the law and their legitimacy this book suggests the value of a comprehensive approach to thinking about conflict which until recently has been analysed in a compartmentalized way It aims to provide a fully fledged political morality of conflict by drawing on the analysis of topical jurisprudential questions in the new light of disagreement Developing such a global theory of disagreement in the law should be read in the context of the broader effort of reconstructing a complete account of democratic law making in pluralistic societies The book will be of value not only to legal philosophers and constitutional theorists but also to political and democratic theorists as well as to all those interested in public decision making in conditions of conflict **Moral**

Pluralism and the Complexity of Punishment Nicolas Nayfeld, 2023-05-05 This book advances a new interpretation of Hart's penal philosophy Positioning itself in opposition to current interpretations the book argues that Hart does not defend a mixed theory of punishment nor a rule utilitarian theory of punishment nor a liberal form of utilitarianism nor a goal constraint approach Rather it is argued his penal philosophy is based on his moral pluralism which comprises two aspects value pluralism and pluralism with respect to forms of moral reason It is held that this means on the one hand that criminal law has an irreducible complexity due to the compromises it makes to accommodate competing values and on the other hand that there need not be one single justification of punishment This original interpretation is not based only on Hart's key volume on the subject Punishment and Responsibility but on a careful reading of his complete works The book will be a valuable resource for academics and researchers interested in Hart's philosophy the philosophy of law and criminal law

The Catholic Church, Morality, and Politics Charles E. Curran, Leslie Griffin, 2001 A collection of articles that looks at the interconnected relationships involving religion morality and public policy from a variety of opinions and voices **Business Ethics**

Moral Relativism, Moral Diversity, and Human Relationships James Kellenberger, 2010-11-01 This book aims to clarify the debate between moral relativists and moral absolutists by showing what is right and what is wrong about each of these positions by revealing how the phenomenon of moral diversity is connected with moral relativism and by arguing for the importance of relationships between persons as key to reaching a satisfactory understanding of the issues involved in the debate *The Moral Theology of Roger Williams* James Calvin Davis, 2004-01-01 Roger Williams New England troublemaker and founder of Rhode Island is seldom included among the great figures in American Reformed theology Yet Williams's arguments for religious liberty were deeply rooted in Puritan Calvinism This book explores the moral theology that informed Williams's spirited defense of toleration demonstrating how Reformed theology in Williams's hands allowed him to defend the integrity of religious convictions while also making the case for conversation and cooperation with moral citizens outside his circle of faith The Columbia Series in Reformed Theology represents a joint commitment by Columbia Theological Seminary and Westminster John Knox Press to provide theological resources from the Reformed tradition for the church today This series examines theological and ethical issues that confront church and society in our own particular time and place *The*

Ethics of Bioethics Lisa A. Eckenwiler, Felicia G. Cohn, 2007-07-16 Stem cell research Drug company influence Abortion Contraception Long term and end of life care Human participants research Informed consent The list of ethical issues in science medicine and public health is long and continually growing These complex issues pose a daunting task for professionals in the expanding field of bioethics But what of the practice of bioethics itself What issues do ethicists and bioethicists confront in their efforts to facilitate sound moral reasoning and judgment in a variety of venues Are those immersed in the field capable of making the right decisions How and why do they face moral challenge and even compromise as ethicists What values should guide them In *The Ethics of Bioethics* Lisa A Eckenwiler and Felicia G Cohn tackle these questions head on bringing together notable medical ethicists and people outside the discipline to discuss common criticisms the field's inherent tensions and efforts to assign values and assess success Through twenty five lively essays examining the field's history and trends shortcomings and strengths and the political and policy interplay within the bioethical realm this comprehensive book begins a much needed critical and constructive discussion of the moral landscape of bioethics

Unveiling the Energy of Verbal Artistry: An Psychological Sojourn through **The Morality Of Pluralism**

In a world inundated with screens and the cacophony of instant connection, the profound energy and psychological resonance of verbal beauty frequently fade in to obscurity, eclipsed by the continuous assault of sound and distractions. Yet, set within the musical pages of **The Morality Of Pluralism**, a captivating work of literary brilliance that pulses with organic feelings, lies an memorable trip waiting to be embarked upon. Composed by way of a virtuoso wordsmith, this interesting opus instructions visitors on an emotional odyssey, delicately revealing the latent potential and profound impact embedded within the intricate web of language. Within the heart-wrenching expanse with this evocative analysis, we shall embark upon an introspective exploration of the book is central subjects, dissect their fascinating publishing model, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
