An Illuminated Life Heidi Ardizzone,2021-09-28 The secret life of the sensational woman behind the Morgan masterpieces who lit up New York society What would you give up to achieve your dream When J P Morgan hired Belle da Costa Greene in 1905 to organize his rare book and manuscript collection she had only her personality and a few years of experience to recommend her Ten years later she had shaped the famous Pierpont Morgan Library collection and was a proto celebrity in New York and the art world renowned for her self made expertise her acerbic wit and her flirtatious relationships Born to a family of free people of color Greene changed her name and invented a Portuguese grandmother to enter white society In her new world she dined both at the tables of the highest society and with bohemian artists and activists She also engaged in a decades long affair with art critic Bernard Berenson Greene is pure fascination the buyer of illuminated manuscripts who attracted others to her like moths to a flame The Manuscripts Club Christopher de Hamel,2025-11-11 A New York Times Book Review Editors Choice The acclaimed author of Meetings with Remarkable Manuscripts introduces us to the extraordinary keepers and companions of medieval manuscripts over a thousand years of history The illuminated manuscripts of the Middle Ages are among the greatest works of European art and literature We are dazzled by them and recognize their crucial role in the transmission of knowledge However we generally think much less about the countless men and women who made collected and preserved them through the centuries and to whom they owe their existence This entrancing book describes some of the extraordinary people who have spent their lives among illuminated manuscripts over the last thousand years a monk in Normandy a prince of France a Florentine bookseller an English antiquary a rabbi from central Europe a French priest a Keeper at the British Museum a Greek forger a German polymath a British connoisseur and the woman who created the most spectacular library in America all of them members of what Christopher de Hamel calls the Manuscripts Club This exhilarating fraternity and the fellow enthusiasts who come with it throw new light on how manuscripts have survived and been used by very different kinds of people in many different circumstances Christopher de Hamel's unexpected connections and discoveries reveal a passion that crosses the boundaries of time We understand the manuscripts themselves better by knowing who their keepers and companions have been In 1850 or thereabouts John Ruskin bought his first manuscript at a bookseller's in a back alley This was his reaction The new worlds which every leaf of this book opened to me and the joy I had in counting their letters and unravelling their arabesques as if they had all been of
