The Mountain Of The Women Memoirs Of An Irish Troubadour

Stephen R. Duncan

The Mountain Of The Women Memoirs Of An Irish Troubadour:

The Mountain of the Women Liam Clancy, 2002-04-30 In an irresistible tale of a life lived fully if not always wisely Liam Clancy of the legendary Irish group the Clancy Brothers describes his eventful journey from a small town in Ireland in the 1930s into the heart of the New York music scene in the 1950s and 60s Following in the grand tradition of such Irish memoirs as Angela's Ashes and Are You Somebody Liam Clancy relates his life's story in a raucously funny and star-studded account of moving from provincial Ireland to the bars and clubs of New York City to the cusp of fame as a member of Tommy Makem and the Clancy Brothers Born in 1935 the eleventh out of as many children young Liam was a naive and innocent lad of the Old Country His memories of childhood include bounding over hills streams and the occasional mountain getting lost and eventually found and making mischief in the way of a typical Irish boy As an aimless nineteen year old Clancy met a strange and wonderfully energetic lover of music Ms Diane Guggenheim an American heiress She and a colleague from America had set out to record regional Irish folk music and their undertaking led them to Carrick on Suir in the shadow of Slievenamon The Mountain of the Women where Mammie Clancy had been known to carry a tune or two in her kitchen Guggenheim fell for young Liam and swept him along on her travels through the British Isles the American Appalachians and finally Greenwich Village the undisputed Mecca for aspiring artists of every ilk in the late 1950s Clancy was in New York to become an actor But on the side he played and sang with his brothers Paddy and Tom and fellow countryman Tommy Makem in pubs like the legendary White Horse Tavern In the heady atmosphere of the Village Clancy's life was a party filled with music sex and McSorley's His friendships with then unknown artists such as Bob Dylan Maya Angelou Robert Redford Lenny Bruce Pete Seeger and Barbra Streisand form the backdrop of the charming adventures of a small town boy making it big in the biggest of cities In music circles the Clancy Brothers and Tommy Makem are known as the Beatles of Irish music The band's music continues to play on jukeboxes in pubs and bars in living rooms of folk music fans and in Irish American homes throughout the country Liam Clancy's lively memoir captures their wild adventures on the road to fame and fortune and brings to life a man who never lets himself off the hook for his sins and happily views his success as a blessing Popular Music Autobiography Oliver Lovesey, 2021-12-02 The 1960s saw the nexus of the revolution in popular music by a post war generation amid demographic upheavals and seismic shifts in technology Over the past two decades musicians associated with this period have produced a large amount of important autobiographical writing This book situates these works in the forms of formal autobiographies and memoirs auto-fiction songs and self-fashioned museum exhibitions within the context of the recent expansion of interest in autobiography disability and celebrity studies It argues that these writings express anxiety over musical originality and authenticity and seeks to dispel their writers' celebrity status and particularly the association with a lack of seriousness These works often constitute a meditation on the nature of postmodern fame within a celebrity obsessed culture and paradoxically they aim to regain the private self in a public forum *Paul Clayton and the Folksong*

Revival Bob Coltman,2008-09-05 Paul Clayton and the Folksong Revival is the first biography of the folk singer and song collector Paul Clayton 1931 1967 Preeminently a scholar balladeer Clayton is credited with the Top Ten hit Gotta Travel On and single handedly brought hundreds of obscure folksongs t **Irish Aran** Vawn Corrigan,2019-03-11 Irish Aran knitting is a living tradition with a worldwide reach Arans communicate warmth comfort and a sense of home which people the world over continue to respond to even though the connection to our rocky outcroppings in the Atlantic Ocean may be long forgotten Aran grew up in the harsh environment of the Aran Islands where everyday wear consisted of home spun fabrics and knits Today Aran survives as part of a rich craft heritage and as high and slow fashion on the catwalks of the world Vawn Corrigan explores the history mythology and growth of this iconic design in this beautiful and informative hardback book

The Green Space Marion R. Casey,2024-04-23 Honorable Mention 2025 ACIS Lawrence J McCaffrey Prize for Books on Irish America A historical exploration of the Irish image in popular culture It only took a century or so to segue from phrases like No Irish Need Apply to Kiss Me I m Irish in American popular culture Indeed the transformation of the Irish image is a fascinating blend of political cultural racial commercial and social influences The Green Space examines the variety of factors that contributed to remaking the Irish image from downtrodden and despised to universally acclaimed To understand the forces that molded how people understand Irish is to see the matrix the green space that facilitated their interaction between the 1890s and 1960s Marion R Casey argues that as Irish evolved between the mid nineteenth and mid twentieth centuries a visual and rhetorical expanse for representing ethnicity was opened up in the process The evolution was also transnational both Ireland and the United States were inextricably linked to how various iterations of Irish were deployed over time whether as a straightforward noun about a specific people with a national identity or a loose endlessly malleable adjective only tangentially connected to actual ethnic identity Featuring a rich assortment of sources and images The Green Space takes the history of the Irish image in America as a prime example of the ways in which culture and identity can be manufactured repackaged and ultimately revolutionized Understanding the multifaceted influences that shaped perceptions of Irishness holds profound relevance for examining similar dynamics within studies of various immigrant and ethnic communities in the US

Folk Music and the New Left in the Sixties Michael Scott Cain,2019-06-04 Artists have often provided the earliest demonstrations of conscience and ethical examination in response to political events The political shifts that took place in the 1960s were addressed by a revival of folk music as an expression of protest hope and the courage to imagine a better world This work explores the relationship between the cultural and political ideologies of the 1960s and the growing folk music movement with a focus on musicians Phil Ochs Joan Baez Peter Paul and Mary Carolyn Hester and Bob Dylan

Writing Modern Ireland Catherine E. Paul,2015 Writing Modern Ireland examines the complex literary manifestations of Ireland and Irishness from the turn of the twentieth century to very recently Together with examinations of the nation the collected essays consider Irish identities that may be sexual racial regional gendered disabled and able bodied

traumatized and in the process of healing Identity like literary texts is a constant process of making and remaking revision and publication This collection takes up the question of what it means to write modern Ireland evoking the many resonances that name will carry a mythic place a land controlled from elsewhere a nation hoped for and achieved a nation denied and resisted an island divided an idea soaked in fantasies and dreams a homeland abandoned in searches for brighter futures a land of opportunity a people who are many people and a place defined by writers who both empower and challenge it W B Yeats looms large as he does in modern Irish writing and in commemoration of his sesquicentennial year Building on a themed issue of The South Carolina Review the present volume is expanded and rededicated by Catherine E Paul Clemson University It features critical essays by Ronald Schuchard on Yeats Michael Sidnell on Beckett Liam Harte on Sebastian Barry Jefferson Holdridge on contemporary Irish poets and Thomas Dillon Redshaw on the revival of the Cuala Press illustrated together with a host of significant scholarship and criticism by 14 additional international experts from the USA UK Belgium France and of course Ireland p 4 of cover

The Rebel Café Stephen R. Duncan, 2018-11-01 An account of how the subterranean nightspots in 1950s New York and San Francisco became social cultural and political hothouses for left wing bohemians The art and antics of rebellious figures in 1950s American nightlife from the Beat Generation to eccentric jazz musicians and comedians have long fascinated fans and scholars alike In The Rebel Caf Stephen R Duncan flips the frame focusing on the New York and San Francisco bars nightclubs and coffeehouses from which these cultural icons emerged Duncan shows that the sexy smoky sites of bohemian Greenwich Village and North Beach offered not just entertainment but doorways to a new sociopolitical consciousness This book is a collective biography of the places that harbored beatniks blabbermouths hipsters playboys and partisans who altered the shape of postwar liberal politics and culture Touching on literary figures from Norman Mailer and Amiri Baraka to Susan Sontag as well as performers ranging from Dave Brubeck to Maya Angelou to Lenny Bruce The Rebel Caf profiles hot spots such as the Village Vanguard the hungry i the Black Cat Cafe and the White Horse Tavern Ultimately the book provides a deeper view of 1950s America not simply as the black and white precursor to the Technicolor flamboyance of the sixties but as a rich period of artistic expression and identity formation that blended cultural production and politics What emerges in these pages is nothing less than a comprehensive psycho social geography of an underground counter culture of black and white jazz musicians leftists poets artists beatniks gays and lesbians and other people of the demi monde All About Jazz

Ireland and the Americas Philip Coleman, James Byrne, Jason King, 2008-02-01 This work is a distinctive multidisciplinary encyclopedia covering the cultural political economic musical and literary impact that Ireland and the nations of the Americas have had on one another since the time of Brendan the Navigator Ireland and the Americas Culture Politics and History aims to broaden the traditional notion of Irish American beyond Boston New York and Chicago In addition to full coverage of Irish culture in those settings it reveals the pervasive Irish influence in everything from the settling of the American West to the spread of

Christianity throughout the hemisphere to Irish involvement in revolutionary movements from the American colonies to Mexico to South America In addition the encyclopedia shows the profound impact of Irish Americans on their homeland in everything from art and literature informed by the emigrant experience to efforts by Irish Americans to influence Irish politics Ranging from colonial times to the present and informed by the surge of academic interest in the past 30 years Ireland and the Americas is the definitive resource on the profound ties that bind the cultures of Ireland the United States Canada and Latin America

The Americana Revolution Michael Scott Cain, 2017-04-04 Americana is a music that defies definition It isn't rock although it does encompass rock It isn't folk but folk is there It isn't Celtic but it is woven with Celtic threads It is a blend of forms music that draws on a wide range of influences Gathering these many genres together Americana continually reinvents itself and actively tells the story of its origins and its future The Americana Revolution From Country and Blues Roots to the Avett Brothers Mumford Sons and Beyond is an informal social history that describes Americana as both a musical genre and a movement showing what it is where it came from and where it is going Musician and historian Michael Scott Cain examines how the idea of genre especially Americana affects the creation and consumption of music He tries to discern the formulas of this slippery genre and seeks out the places where artists have broken or bent those formulas in the name of creativity Through anecdotes and interviews Cain provides a firsthand view into the creation of Americana to clarify how the genre can be categorized and defined Through the stories of its creators both long gone and new to the scene Americana music comes alive as a diverse melting pot of creative genius With this book Cain grants music lovers from all backgrounds an unparalleled view into the future of a music that embraces new influences but never forgets its roots

Thank you completely much for downloading **The Mountain Of The Women Memoirs Of An Irish Troubadour**.
