The Muse Asylum:

The Muse Asylum David Czuchlewski, 2001 Three young people search for the identity of the legendary reclusive author Horace Jacob Little

Asylum Between Nations Janet Polasky, 2023-01-01 Why some of the most vulnerable communities in Europe from independent cities to new monarchies welcomed refugees during the Age of Revolutions and prospered Janet Polasky unearths an unappreciated history of the experience of asylum in Europe and the United States since the Age of the Democratic Revolutions Facing squarely the destruction of asylum in our own time she ends with a stunningly optimistic vision of a path toward its reconstruction Linda K Kerber author of No Constitutional Right to Be Ladies Driven from their homelands refugees from ancient times to the present have sought asylum in worlds turned upside down Theirs is an age old story So too are the solutions to their plight Historian Janet Polasky looks at the asylum freely offered in a revolutionary era when refugees sought shelter among emerging nation states intent on securing their borders This book reclaims the lost story of refugees and of the vulnerable communities that harbored them in the first modern refugee crisis In the wake of the American and French Revolutions thousands of men and women took to the roads and waterways on both sides of the Atlantic in search of their inalienable rights Although larger nations fortified their borders and circumscribed citizenship two port cities German Hamburg and Danish Altona opened their doors as did the federated Swiss cantons and the newly independent Belgian monarchy The refugees thrived and the societies prospered The United States followed not only welcoming waves of immigrants in the mid nineteenth century but offering them citizenship In this remarkable story Polasky shows how open doors can be a viable alternative to the building of border walls

Political Asylum Deceptions Carol Bohmer, Amy Shuman, 2017-12-20 This book explores the legitimacy of political asylum applications in the US and UK through an examination of the varieties of evidence narratives and documentation with which they are assessed Credibility is the central issue in determining the legitimacy of political asylum seekers but the line between truth and lies is often elusive partly because desperate people often have to use deception to escape persecution The vetting process has become infused with a climate of suspicion that not only assesses the credibility of an applicant s story and differentiates

between the economic migrant and the person fleeing persecution but also attempts to determine whether an applicant represents a future threat to the receiving country This innovative text approaches the problem of deception from several angles including increased demand for evidence uses of new technologies to examine applicants narratives assessments of forged documents attempts to differentiate between victims and persecutors and ways that cultural misunderstandings can compromise the process Essential reading for researchers and students of Political Science International Studies Refugee and Migration Studies Human Rights Anthropology Sociology Law Public Policy and Narrative Studies *The Muse's Mirrour* ,1778 **An Introduction to International Refugee Law** M.
