The Family Of Woman Lesbian Mothers Their Childr:

The Family of Woman Maureen Sullivan, 2004-09-06 Drawing upon interviews with gay families Sullivan contends that gay families have more equitable social relations and move forward in equalizing gender roles Lesbian Intimacies and Family Life Rebecca Jennings, 2023-11-16 Focusing on patterns of intimacy this book traces the historical roots of parenting practices and familial patterns constructed by lesbians and same sex attracted women living in Britain and Australia between 1945 and 2000 It foregrounds women s unique lived experiences as they expressed desire fell in love and created families against the backdrop of changing cultural legal and medical attitudes to female same sex desire in the late 20th century Including almost 100 original oral history interviews conducted by the author Lesbian Intimacies and Family Life reveals the subjective histories of lesbian intimacy during the period both highlighting the huge variety in women s experiences and tracing shifting patterns of relationship and family formation Combined with analysis of representations of lesbian intimacy in literature press articles medical texts and archival material the book demonstrates the ways in which changing political and cultural concepts of sexuality impacted on individual and collective attitudes With a unique transnational perspective Jennings uncovers how feminist and lesbian networks between Britain and Australia promoted knowledge sharing and helped foster change in the familial practices of each country such as through the adoption of reproductive technologies and alternate routes into motherhood Through considering the rise of divorce and challenges to traditional marriage practices in the period this book highlights how lesbian relationships provided alternative models of interpersonal relations impacting on broader patterns of sexuality and helping redefine notions of the family in the modern era *LGBT-Parent Families* Abbie E. Goldberg, Katherine R. Allen, 2012-10-11 *LGBT Parent Families* is the first handbook to provide a comprehensive examination of this underserved area Reflecting the nature of this issue the volume is notably interdisciplinary with contributions from scholars in psychology sociology human development family studies gender studies sexuality studies legal studies social work and anthropology Additionally scholarship from regions beyond the U S including England Australia Canada and South Africa is presented In addition to gender and sexuality all contributors address issues of social class race and ethnicity in their chapters **LGBTQ-Parent Families** Abbie E. Goldberg, Katherine R. Allen, 2020-04-03 This textbook offers a comprehensive overview of research on LGBTQ parent families The new edition of the textbook provides updated information and expands on the range and depth of current research The volume features contributions from scholars in psychology sociology human development family studies gender studies sexuality studies legal studies social work and anthropology In addition the textbook offers an international perspective with coverage spanning many diverse nations and cultures Chapters highlight key research exploring sexual orientation in relation to other key social identities such as gender race and nationality Chapters also discuss new emerging areas of research including asexuality and immigration The textbook concludes with a section on the growing sophistication of research methodology in the study of LGBTQ parent families The

second edition includes new chapters discussing LGBTQ parent families and health LGBTQ foster parents LGBTQ adults and sibling relationships LGBTQ parent families and poverty LGBTQ parent families and separation divorce LGBTQ parent families and religion LGBTQ parent families and grief loss Methods recruitment and sampling in research with LGBTQ families Teaching pedagogy on LGBTQ parent families LGBTQ Parent Families 2nd Edition is a valuable updated resource for graduate students as well as veteran and beginning clinicians across disciplines including family studies family therapy gender studies public health social policy social work and child and adolescent psychology as well as related disciplines across mental health and educational services

Non-Binary Family Configurations: Intersections of Queerness and Homonormativity Brian Joseph Gilley, Giuseppe Masullo, 2022-07-18 This volume provides a close look at the ways in which LGBTQ2 people form familial bonds It brings together stories from non binary families across continents and cultures and recenters care as a foundational value for creating familial ties This volume therefore addresses a gap in the literature concerning non binary family configurations by going beyond the legal battle for non binary partnership rights In recent discussions on marriage equality the notion of familial bonds which was important in early discussions on non binary family research has been decentered in favor of legal and homonormative understandings of individual rights This volume centers familial bonds as the first step toward reimagining how to do research on the family and adds to research on family studies as well as gender studies Students and researchers of sociology anthropology social work gender studies family research well being research and anyone else working on or with non binary families will find this book highly topical and interesting

Lesbian Motherhood Róisín Ryan-Flood, 2009-05-27 This book studies the growing number of lesbian women embarking on parenthood after coming out Theoretical debates about lesbian motherhood often consider its assimilative or transgressive dimensions This book offers a different approach contextualising lesbian motherhood in relation to sexual citizenship and hegemonic discourses of kinship

Gay Fathers, Their Children, and the Making of Kinship Aaron Goodfellow, 2015-06-01 While the topic of gay marriage and families continues to be popular in the media few scholarly works focus on gay men with children Based on ten years of fieldwork among gay families living in the rural suburban and urban area of the eastern United States Gay Fathers Their Children and the Making of Kinship presents a beautifully written and meticulously argued ethnography of gay men and the families they have formed In a culture that places a premium on biology as the founding event of paternity Aaron Goodfellow poses the question Can the signing of legal contracts and the public performances of care replace biological birth as the singular event marking the creation of fathers Beginning with a comprehensive review of the relevant literature in this field four chapters each presenting a particular picture of paternity explore a range of issues such as interracial adoption surrogacy the importance of physical resemblance in familial relationships single parenthood delinquency and the ways in which the state may come to define the norms of health The author deftly illustrates how fatherhood for gay men draws on established biological theological and legal images of the

family often thought oppressive to the emergence of queer forms of social life Chosen with care and described with great sensitivity each carefully researched case examines gay fatherhood through life narratives Painstakingly theorized Gay Fathers Their Children and the Making of Kinship contends that gay families are one of the most important areas to which social scientists might turn in order to understand how law popular culture and biology are simultaneously made manifest and interrogated in everyday life By focusing specifically on gay fathers Goodfellow produces an anthropological account of how paternity sexuality and masculinity are leveraged in relations of care between gay fathers and their children

Woman-Defined Motherhood Jane Price Knowles, Ellen Cole, 2014-02-04 Finally here is an enlightening and empowering book that defines motherhood from a feminist perspective and then explores the implications of that definition Feminist authors examine some of women's full rich and varied thoughts and experiences about motherhood In contrast to the too often accepted male notions of what constitutes a good mother or a normal family this important book presents a comprehensive and balanced view of motherhood as women have observed and experienced it The major issues surrounding motherhood today are closely examined the pervasive problem of mother blaming and mother hating and solutions to overcome it ageism sexism and motherhood relationships between mothers and daughters relationships between stepmothers and stepchildren motherhood and sex roles within the family adoption infertility and childlessness Special insight is also provided into the concerns of women who are mothers lesbians women of color mothers of biracial children and adoptive mothers of children from different cultures *Woman Defined Motherhood* is must reading for women including both mothers and daughters for therapists and other professionals supporting women and for anyone interested in mothering

Contemporary Perspectives on Psychotherapy with Lesbians and Gay Men Terry S. Stein, Carol J.

Cohen, 2013-11-22 The psychiatric view of homosexuality has undergone a fascinating evolution in recent years This includes not only the change from viewing homosexuality as a diagnosable illness as opposed to an alternative life style but also the development of considerable professional concern for providing appropriate mental health services to this previously underserved minority community There has been an increasing recognition of the need for comprehensive services including but not limited to counseling individual psychotherapy and couples therapy This book is written for the practicing clinician and offers a comprehensive survey of the important clinical issues involved in the counseling and psychotherapy of gay men and lesbian women It is an extraordinarily practical book and its breadth and depth make it appropriate for both the novice and the experienced therapist SHERWYN M WOODS Series Editor ix Preface We hear our mentors but do not often heed them Freud's supportive nonjudgmental approach to homosexuality provided an ambience within which discoveries could be made that is the discovery that homosexuality was not a disease of mental degeneration and that sexuality in the sense of a fundamental human propensity to find pleasure in social and physical attachments was at its root directed to both sexes The adherence to a nonjudgmental approach was short lived suffered repression by homophobic defenses and scientific zeal was

directed toward cure rather than comprehension of the homosexual state *Lesbian and Gay Parenting* Y.

Taylor, 2009-07-30 This book explores the intersections between class and sexuality in lesbians and gay men's experiences of parenting and the everyday pathways navigated therein from initial routes into parenting to location preferences schooling choice and community supports
