But when it comes to our mental health few of us take the time to maintain and improve it. For some reason we expect to be in great mental shape without doing any work. Enter *The Mind Workout* a home exercise programme for improving your mental health and fitness. Developed as a result of Mark Freeman's own recovery from mental illness *The Mind Workout* combines mindfulness Cognitive Behavioural Therapy CBT and Acceptance and Commitment Therapy ACT. It outlines twenty easy to follow steps you can take to free yourself from the ways of thinking and behaving that cause mental health challenges in your life from cutting out the compulsions that cause uncertainty anxiety and distress to relieving stress and distraction. *The Mind Workout* is the key to making the switch from a frenetic anxiety driven life to one that's based on your core values. So smarten it up with 150 stimulating tasks games and puzzles. Each fun and thought provoking exercise is graded for level of difficulty and has an accompanying icon showing which part of the mind it will challenge. The benefits can be considerable including improved grades better concentration and focus at work and a more powerful memory. Start your brain training with an extensive self test to determine the areas of your mind in need of special attention perhaps creativity emotional intelligence problem solving or communication.
