Knaak,2012-04-17 The fourth volume in the Lost Histories series introduces readers to one of Krynn s most enduring and formidable races the minotaurs Of all the peoples of Krynn one race has remained strong in its pride and beliefs The powerful minotaurs envision themselves as the children of destiny the future masters of the world Despite adversity defeat and enslavement that belief has never wavered If there is a foe capable of destroying the minotaurs it is their own arrogance As clan clashes against clan the exiled champion Kaz must discover the terrible secret of the empire before he and his entire race suffer the disastrous consequences and implement their own demise *The Merovingians* Alexander Murray,2022-05-17 The studies collected here cover a period

of about 33 years from 1986 to 2019 and represent a sustained effort to understand the institutions of the Merovingian kingdom and its history. There has long been a predisposition to cast the Merovingian period in the dark colours of barbarism or to treat it with reference to personal relationships and archaic institutions. The present volume instead recognizes the Merovingian world not as an archaic primitive intrusion on the Mediterranean civilization of the Roman Empire but simply as a participant in the wider commonwealth that existed before and remained after the dissolution of the western imperial system. In so doing it serves to refute the scholarly tendency to primitivize Merovingian governance, its underlying institutions and the broader culture upon which these rested. The collection is divided into four parts. Part I considers the question of whether Merovingian kingship should be viewed as a species of archaic sacral kingship. Part II on institutions has chapters that deal with various offices, the *grafio* and *centenarius*, public institutions especially immunity and public security and the broader makeup of the Merovingian state system. Part III on charters, procedure and law has chapters on the profile of the charter evidence as now presented in the new MGH edition of the Merovingian diplomas and one on particular procedures before the royal tribunal, mistakenly referred to in scholarship as fictitious trials. A final chapter provides a reflection on and basic guide to the law in general of the successor kingdoms with an eye to the evidence of Merovingian Gaul. Part IV, a slight change of pace, deals with historiography, both the modern variety, Reinhard Wenskus and the Merovingian, Gregory of Tours. All chapters deal extensively with the historiography of their subjects. This book will appeal to students and scholars alike interested in Early Medieval European history, Merovingian history, Early Medieval law and society, Early Medieval historiography and the influence of Merovingian law and governance on later centuries. Night of Blood Richard A. Knaak, 2011-12-20 New York Times bestselling author. This follow up to the popular War of Souls trilogy chronicles the adventures of the minotaurs as they are caught up in chaos and changing destinies. The War of Souls has come to Krynn and touched every land, every race. In the minotaur empire a terrible coup, the Night of Blood, brings power to a new ruling clan and elevates the usurper General Hotak. He owes his might to a pact forged with the ancient enemies of the horned empire and the aid of his consort, a priestess and gifted necromancer. Hotak's right hand woman has the ghosts of Krynn under her thumb and they are willing to do whatever it takes to see their leader's dreams of conquest come to fruition. Meanwhile Hotak's nephew races to find a way to put an end to his uncle's tyranny while a general mounts his own rebellion with a rag tag band of minotaurs. As Krynn devolves further into chaos, the struggle for power and riches spawns the Minotaur Wars and threatens to sweep across the entire continent of Ansalon.

Knossos James Whitley, 2023-10-19 Knossos is one of the most important sites in the ancient Mediterranean. It remained amongst the largest settlements on the island of Crete from the Neolithic until the late Roman times but, aside from its size, it held a place of particular significance in the mythological imagination of Greece and Rome as the seat of King Minos, the location of the Labyrinth and the home of the Minotaur.
