The Modern History Of Kuwait:

The Modern History of Kuwait, 1750-1965 Abu H. Mustafa, 1983 **The Modern History of Kuwait, 1750-1965** Ahmad Mustafa Abu-Hakima, 1983 *The History of Kuwait* Michael S. Casey, 2007-08-30 The tiny country of Kuwait grabbed the world's attention during the Gulf War during which its natural petroleum resource became the envy of its neighboring country of Iraq But Kuwait's history goes back long before any oil was discovered back to Mesopotamian settlements as early as 3000 BCE Ideal for high school students as well as general readers History of Kuwait offers a comprehensive look at how such a small country could essentially rule the world with just one natural resource From sheikhdom to British protectorate to independence to invasion Kuwait's history is long and rich with culture Michael S Casey demonstrates how this Middle Eastern gem has grown throughout the centuries **The Modern History of Iraq** Phebe Marr, 2012 Phebe Marr's best selling history of modern Iraq updated with incisive analysis of events since 2003 **The Modern History of Kuwait, 1750-1965** Ahmad Mustafa Abu-Hakima, 1980 **An Introduction to the Modern Middle East** David S. Sorenson, 2018-05-04 Combining elements of comparative politics with a country by country analysis author David S Sorenson provides a complete and accessible introduction to the modern Middle East With an emphasis on the politics of the region the text also dedicates chapters specifically to the history religions and economies of countries in the Persian Arabian Gulf the Eastern Mediterranean and North Africa In each country chapter a brief political history is followed by discussions of democratization religious politics women's issues civil society economic development privatization and foreign relations In this updated and revised second edition An Introduction to the Modern Middle East includes new material on the Arab Spring the changes in Turkish politics the Iranian nuclear issues and the latest efforts to resolve the Israeli Palestinian dilemma Introductory chapters provide an important thematic overview for each of the book's individual country chapters and short vignettes throughout the book offer readers a chance for personal reflection **State Violence and the Right to Peace** Kathleen Malley-Morrison, 2009-10-22 A thought provoking revelation of the ways ordinary people conquerors and conquered imperialists and the colonized Christians Jews and Muslims think about war and peace Filled with personal reflections from every corner of the globe State Violence and the Right to Peace An International Survey of the Views of Ordinary People is a masterful portrayal of how people from diverse cultures religions and experiences think about war and peace Spanning four volumes State Violence and the Right to Peace brings together the views of shopkeepers day laborers clerical workers students teachers social workers veterans and others talking about governmental aggression torture and protesting acts of war These views from Europe North America South America the Middle East Africa and Asia are seen in the context of major historical battles including the empire building of Western European countries the emergence and contraction of the Soviet Union and the wars in the Middle East As this remarkable resource shows there are some surprising similarities in thinking about war and peace across nations and cultures and some equally surprising cases

where opinions diverge *An Introduction to the Modern Middle East, Student Economy Edition* David Sorenson, 2018-10-03 This book introduces the politics of the modern Middle East which includes the countries of the Persian Gulf the eastern Mediterranean countries and North Africa It covers the major geographical regions that make up the Middle East and summarizes the post World War I history of the Middle East *Modern Conflict in the Greater Middle East* Spencer C. Tucker, 2017-04-17 This reference work covers the history of Middle East nations addressing military political diplomatic and ideological trends in each respective country and enabling readers to better understand the factors behind the crises shaping the Middle East today *Modern Conflict in the Greater Middle East A Country By Country Guide* is a concise reference for students exploring the importance of each nation state in the Middle East and their level of involvement in major conflicts in the region It supplies the broad historical background necessary for readers to understand each country s unique role in the conflicts that have characterized the region since the end of World War I The book also enables readers to grasp the various motives and ideologies that have shaped each nation s military objectives and to appreciate the political and social climates of each of these countries that propelled them into various wars The book presents a chapter by chapter discussion of the origins and impacts of war on specific Middle Eastern countries giving readers an in depth understanding of the global importance of the conflicts within the region These chapters along with detailed timelines sidebars and primary source documents will help readers grasp the connections between individuals developments and conflicts in the Middle East and events and developments such as European imperialism World Wars I and II U S foreign policy during and after the Cold War the formation of the state of Israel Arab nationalism the emergence of the oil industry in the region and the origins of radical Islam **Kuwait and Al-Sabah** Rivka Azoulay, 2020-07-23 The Emirate of Kuwait hardly resembles the city State it was at the start of the 20th century The discovery of oil in 1938 rapidly transformed the tiny tribal sheikhdom of the Al Sabah into a modern oil producing state where by the early 1980s citizens were enjoying one of the highest standards of living in the world While much has been written on the reasons why and how the Al Sabah became a ruling dynasty little is known about the nature of their authority and its relationship to Kuwait s social structure Rivka Azoulay shows how despite the rapidity of change in the oil rich family run emirate it is the pre oil dynamics of social and political life that dictate how society operates The author shows that Kuwait s ambitious diversification plans to reduce oil dependence by 2035 require a renegotiation of the regime s pact with society which threatens the pre oil alliances upon which the Al Sabah s regime has been built
