Stout, 2018-04-13 *Objects Observed* explores the central place given to the object by a number of poets in France and in America in the twentieth century John C Stout provides comprehensive examinations of Pierre Reverdy Francis Ponge Jean Follain Guillevic and Jean Tortel Stout argues that the object furnishes these poets with a catalyst for creating a new poetics and for reflecting on lyric as a genre In France the object has been central to a broad range of aesthetic practices from the era of Cubism and Surrealism to the 1990s In the heyday of American Modernism several major poets foregrounded the object in their work however in postwar twentieth century America poets moved away from a focus on the object *Objects Observed* illuminates the variety of aesthetic practices and positions in French and American poets from the years of high Modernism 1909 1930 to the 1990s **The Art of Maria Tomasula** Soo Y. Kang, 2022-11-15 Maria Tomasula's still life paintings are absolutely captivating dramatizing luscious objects of saturated colors and meticulous details through the spotlight effect against a dark backdrop Beyond their immediate appeal however the still lifes usually contain disturbing features such as flowers being sharply pierced by hooks and nails or isolated body parts such as bones and organs that seem to be fiercely alive Although the pictures are materialistically appealing due to the illusionistic style of the artist they lend themselves to a depth of iconography that has not been accounted for in previous writings on her art This book is the first comprehensive monograph on Tomasula b 1958 unraveling her complex iconography that is founded on her Mexican American heritage and Catholicism but also tracing the European still life tradition It shows that her paintings reflect her feminist and philosophical leanings influenced by various intellectuals including Baruch Spinoza Gilles Deleuze and the proponents of New Materialism Her still life converges the old with new interests it pays tribute to traditional Mexican and European motifs but also reflects ideas and mannerism that speak to the contemporary audience This research evidences the complexity of the Mexican American experience which merges divergent cultural and ideological perspectives from Latin America North America and Europe in varied ways for different and unique individuals **The People Shall Govern!** Antawan I. Byrd, 2020-10-13 A revelatory and informative presentation of the anti apartheid posters created by Medu Art Ensemble Formed in the late 1970s Medu Art Ensemble forcefully articulated a call to end the apartheid system's racial segregation and violent injustice through posters that combined revolutionary imagery with bold slogans Advocating for decolonization and majority nonwhite rule in South Africa and neighboring countries Medu members were persecuted by the South African Defense Force and operated in exile across the border in Botswana *The People Shall Govern* features nearly all the surviving posters that Medu created between 1979 and 1985 These objects are exceedingly rare as they were originally

smuggled into South Africa and mounted in public places where they were regularly confiscated or torn down on sight Offering new insight into the conceptual framework of Medu s working practice and featuring a beautiful silkscreened cover this volume examines the continuing relevance and impact of its poster production

Dynamic Form Cara L. Lewis, 2020-07-15 Dynamic Form traces how intermedial experiments shape modernist texts from 1900 to 1950 Considering literature alongside painting sculpture photography and film Cara Lewis examines how these arts inflect narrative movement contribute to plot events and configure poetry and memoir As forms and formal theories cross from one artistic realm to another and back again modernism shows its obsession with form and even at times becomes a formalism itself but as Lewis writes that form is far more dynamic than we have given it credit for Form fulfills such various functions that we cannot characterize it as a mere container for content or matter nor can we consign it to ignominy opposite historicism or political commitment As a structure or scheme that enables action form in modernism can be plastic protean or even fragile and works by Henry James Virginia Woolf Mina Loy Evelyn Waugh and Gertrude Stein demonstrate the range of form s operations Revising three major formal paradigms spatial form pure form and formlessness and recasting the history of modernist form this book proposes an understanding of form as a verbal category as a kind of doing Dynamic Form thus opens new possibilities for conversation between modernist studies and formalist studies and simultaneously promotes a capacious rethinking of the convergence between literary modernism and creative work in other media
