Dietz, 2010-11-01 Dietz finds that this period of Christianity witnessed an explosion of travel as men and women took to the roads seeking spiritual meaning in a life of itinerancy This book is essential reading for those who study the history of monasticism for it was a monastic context that religious travel first claimed an essential place within Christianity **A**

Monastic Anabaptist Manifesto Jerry Truex, Mennonite Church of the Servant (Wichita, Kan.), 2011 **The Communal Experience** Laurence R. Veysey, 1978-11 The original impulse for groups to separate from society and establish communities of their own was religious Though the religious side of this drive toward separation remains strong the last two centuries have seen the appearance of secular communities with a socialist or anarchist orientation In *The Communal Experience* nominated for a National Book Award in 1973 Laurence Veysey explores the close resemblances between the secular and religious forms of cultural radicalism through intensive observation of four little known communities Veysey compares the history of secular communities such as the early Ferrer Colony and Modern School of Shelton New Jersey with contemporary anarchist communities in New York Vermont and New Mexico Religious communes Communities of Discipline such as the Vedanta monasteries of the early twentieth century are compared with contemporary mystical communities in New Mexico Distinctions between the anarchist and the mystical groups are most obvious from their approach to communal life As Veysey shows anarchist communities are loose unstructured voluntaristic the mystics establish more rigid life styles focus on spiritual leaders and hold community a secondary goal to self realization In a new preface written for this Phoenix Edition he describes his return to a New Mexican mystical community and the changes that have occurred in the six years since his last visit *The Zen Monastic Experience* Robert E. Buswell, Jr., 2020-07-21 Robert Buswell a Buddhist scholar who spent five

years as a Zen monk in Korea draws on personal experience in this insightful account of day to day Zen monastic practice In discussing the activities of the postulants the meditation monks the teachers and administrators and the support monks of the monastery of Songgwang sa Buswell reveals a religious tradition that differs radically from the stereotype prevalent in the West The author's treatment lucidly relates contemporary Zen practice to the historical development of the tradition and to Korean history more generally and his portrayal of the life of modern Zen monks in Korea provides an innovative and provocative look at Zen from the inside *Finding the Treasure* Sandra Marie Schneiders, 2000 Sandra Schneiders brilliant and perceptive analysis projects a new model of religious life Deeply exciting and genuinely consoling from back cover
