JE Gale

The Monkeyrope A Psychotherapists Reflections On Relationships:

The Monkey-rope Jerry M. Lewis, 1996 Now a distinguished psychiatrist draws on his 40 years of research and treatment of individuals couples and families to describe the basic nature of these relationships and how they shape our lives In these brief illuminating essays Dr Lewis sharply delineates how destructive relationships can weaken one s self esteem assault one s dignity and lead to depression and other psychiatric disorders

Famous Marriages Jerry M. Lewis M. D., Jerry Lewis, 2005-11 Everyone brings differing expectations and a variable capacity for compromising to the marital relationship These personality characteristics play a large role in determining how satisfying the relationship will be perceived as being By studying the marriages of ten famous couples including Franklin and Eleanor Roosevelt The Duke and Duchess of Windsor and Robert and Elizabeth Barrett Browning Dr Jerry M Lewis examines what they can teach us about what works and what doesn t work in constructing this life altering relationship Dr Lewis relies on over thirty years of research on marital family systems His studies focus on the important differences between those relationships that promote growth heal early wounds or are destructive to all concerned Marriages are for better or worse They encourage the individual psychological maturity of husbands and wives as well as their children But when it s severely dysfunctional it may contribute to the development of psychiatric disorders Marriage and other long term committed relationships also decisively influence life satisfaction physical health and the establishment of life s meaning Learn from the mistakes and triumphs of famous marriages to make your own marriage stronger and healthier

Encounter in Pastoral Care and Spiritual Healing Daniël Johannes Louw, Takaaki David Ito, Ulrike Elsdörfer, 2012 The International Council on Pastoral Care and Counseling ICPCC met in August 2011 in Rotorua New Zealand for its 9th International Congress Various discussions in the field arose from actual challenges such as the earthquake in Japan social changes and mainly deprivations all over the world The ICPCC offers guidelines on how to cope with these situations which also include the indigenous traditions of the Maori culture projects on inter religious encounter etc all of which provoke a rethinking of traditional spirituality The Congress proceedings are presented in this book as a state of discussion within this globalized network Series Theologie Forschung und Wissenschaft Vol 33

Marriage A Search For Healing Jerry M. Lewis, 2013-06-17 This work reveals those key elements that make for greater bonding with couples in therapy The author believes that improvement in the couples he treats almost always involves greater closeness and the development of greater capacity for intimacy Change can come about in different ways for different couples For some insight appears to play an important role Learning about one s central problematic relationship of childhood and its re enactment with one s partner in adult life frequently involves also learning about the ways one subtly recreates this dysfunctional relationship structure For others improvement appears to be closely related to experiencing new ways of dealing with conflict This avenue of improvement relies in part on the understanding but even more on learning the approaches to conflict resolution It is as if these couples need to hear over and over again the recordings that document their

insensitivities and consequent failure They must offer Each Other The Experiences That Are Emotionally Supportive And Crucial for emotional and physical health and also give life its meaning Finally the treatment approach outline also has significant effects on the therapists Indeed it may be difficult to know who learns most Involvement as a couples therapist may have all sorts of impact on the therapists and it will come as surprise that it is in the area of the therapist s capacity for intimacy that the greatest effect can be experienced

In Praise of Worship David J. Cohen, Michael Parsons, 2010-06-01 Drawing together scholars from fields of biblical studies systematic theology liturgics and pastoral theology In Praise of Worship questions an overemphasis on singing and music alone as worship in today s church Whilst not minimizing moments of conscious and deliberate worship the authors show that according to a close reading of Scripture and a clear understanding of theology the whole of our lives is to be considered as worship glorifying to the Lord who deserves such honor Contributors Nancy Ault Alastair Campbell David J Cohen David G Firth Travis Fitch Michael W Goheen Stephen Haar Brian S Harris Chris Jack Angela McCarthy Alan Niven John W Olley Michael O Neil Robin Parry Michael Parsons Michael J Quicke

Ageing, Disability and Spirituality Elizabeth MacKinlay, 2008-02-15 This collection examines theological and ethical issues of ageing disability and spirituality with an emphasis on how ageing affects people who have mental health and developmental disabilities The book presents ways of moving towards more effective relationships between carers and older people with disabilities
