The Movie World Of Roger Corman:

The Movie World of Roger Corman Roger Corman, J. Philip Di Franco, Karyn G. Browne, 1979 **Movie World of Roger Corman** Roger Corman, Karyn G. Browne, 1980-05-01 *The New Historical Dictionary of the American Film Industry* Anthony Slide, 2014-02-25 The New Historical Dictionary of the American Film Industry is a completely revised and updated edition of Anthony Slide's *The American Film Industry* originally published in 1986 and recipient of the American Library Association's Outstanding Reference Book award for that year. More than 200 new entries have been added and all original entries have been updated; each entry is followed by a short bibliography. As its predecessor, the new dictionary is unique in that it is not a who's who of the industry but rather a what's what: a dictionary of producing and releasing companies, technical innovations, industry terms, studios, genres, color systems, institutions, and organizations, etc. More than 800 entries include everything from Academy of Motion Pictures Arts and Sciences to Zoom Lens, from Astoria Studios to Zoetrope. Outstanding Reference Source, American Library Association **The Wow Climax** Henry Jenkins, 2007 Whether highlighting the sentimentality at the heart of the *Lassie* franchise, examining the emotional experiences created by horror filmmakers such as Wes Craven, or discussing the emerging aesthetics of video games, these essays get to the heart of what gives popular culture its emotional impact **Keep Watching the Skies!** Bill Warren, 2017-01-12 Bill Warren's *Keep Watching the Skies* was originally published in two volumes in 1982 and 1986. It was then greatly expanded in what we called the 21st Century Edition with new entries on several films and revisions and expansions of the commentary on every film. In addition to a detailed plot synopsis, full cast and credit listings, and an overview of the critical reception of each film, Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making. The book contains 273 photographs, many rare, 35 in color, has seven useful appendices, and concludes with an enormous index. This book is also available in hardcover format. ISBN 978 0 7864 4230 0 **Focus On: 100 Most Popular English-language Film Directors** Wikipedia contributors, **The Price of Fear: The Film Career of Vincent Price, In His Own Words** Joel Eisner, 2013-02-02 Prior to his death in 1993, Vincent Price was collaborating with Mr. Joel Eisner, author of the over 100,000 copy bestselling *Official Batman Batbook* concerning the 60's Adam West *Batman* television series, to construct a definitive official biography of his life and career in films. This is that book. Sanctioned by the Vincent Price Estate and daughter Victoria, *THE PRICE OF FEAR* is not only told through journalist Eisner's personal interviews with Price himself but with the cooperation, direct interviews and quotes from many of those with whom Price worked with throughout his illustrious career. Before he passed away, all Vincent saw of this book was his fellow actor Peter Cushing's heartfelt foreword. Introducing the true story of a man born within a moderately wealthy family of candy manufacturers in 1911, St. Louis, Missouri, whose interest in theatre during the Great Depression led him into eventually becoming arguably the most universally iconic personification of the horror genre in the entire encompassment of the 20th Century. That man was Vincent.

Leonard Price Jr What you now hold in your hands is the only authorized official biography about Vincent Price s entire life in films ever published in history with his direct participation and approval in his own words Never before has the story of Vincent s life been told how he rose from dramatic theatre and stage to joining the ranks of the early cultured Hollywood elite fresh from where motion pictures were first spawned to eventually spend his life behind horrifying makeup and horror genre movie roles at the sacrifice of a greater passion for fine art and comedy For nearly a century we ve known the name We ve heard the voice We ve seen the many faces At last with *The Price of Fear The Film Career of Vincent Price in His Own Words* we can know the man directly from the legend himself in this never before published highly entertaining and inspirational masterpiece

It Came from 1957 Rob Craig,2013-10-09 America in the 1950s was a cauldron of contradictions Advances in technology chafed against a grimly conservative political landscape the military industrial complex ceaselessly promoted the Communist menace young marrieds fled crumbling cities for artificial communities known as suburbs and the corporate cipher known as The Organization Man was created along with stifling images of women The decade huddled under the fear of nuclear holocaust was also dedicated to all things futuristic Science fiction was in its salad days in magazines and novels and in motion pictures trying every trick in the book to lure customers back from television including reliance on monster movies All of these forces collided in 1957 when an astounding 57 movies of the science fiction horror and fantasy variety were shown in the United States a record unmatched to this day Reflecting some of the socio political topics of the day several are exceptional examples of their genres This book critically discusses each of the films

Peter Lorre: Face Maker Sarah Thomas,2012-02-01 Peter Lorre described himself as merely a face maker His own negative attitude also characterizes traditional perspectives which position Lorre as a tragic figure within film history the promising European artist reduced to a Hollywood gimmick unable to escape the murderous image of his role in Fritz Lang s *M* This book shows that the life of Peter Lorre cannot be reduced to a series of simplistic oppositions It reveals that despite the limitations of his macabre star image Lorre s screen performances were highly ambitious and the terms of his employment were rarely restrictive Lorre s career was a complex negotiation between transnational identity Hollywood filmmaking practices the ownership of star images and the mechanics of screen performance

From Television to the Internet Wiley Lee Umphlett,2006 This book complements and expands on the commentary and conclusions of the author s initial inquiry into the modern era of media made culture in *The Visual Focus of American Media Culture in the Twentieth Century* FDUP 2004 From the 1890s on to the 1920s and the Depression and World War II years society s pervasively communal focus demanded idealized images and romanticized interpretations of life But the communal imperative as it was impacted on by evolving social change harbored the seeds of its own disintegration
