The Music Of Jesus From Composition To Koinonia:

The Music of Jesus Mark Hijleh, 2001 This book examines four large questions Do we need a theology of music And if so why What is the place of art music classical music in a postmodern world What are the characteristics of the music of Jesus How can this music be manifested in the Christian community Each question is addressed on the basis of building a consistent Biblical worldview which includes adequate respect for the powerful force of music Although the book focuses on the role of composers its aim is to encourage serious musical examination support and action from within the entire evangelical Christian community with an eye to affecting the culture at large The author asserts that in the area of music the Church has become a cultural follower rather than a leader adopting the dangerous postmodern tendency to define musical choices as matters of mere personal preference rather than seeking to define them on the basis of what God has revealed in the Word by the Son and through the Spirit Specific suggestions are made by which the contemporary Christian community may resist such a tendency even while building a dynamic new Christ centered musical practice which can flourish in our postmodern world

The Message in the Music, 2010-12-01. The definitive guide to the meaning of today's most popular praise and worship songs. Few things influence Christians' understanding of the faith more than the songs they sing in worship. The explosion of praise and worship music in the last fifteen years has profoundly affected our experience of God. So what are those songs telling us about who God is? In what ways have they made us more faithful disciples of Jesus Christ? In what ways have they failed to embody the full message of the gospel? Working with the lists of the most frequently sung praise and worship songs from recent years, the authors of this book offer an objective but supportive assessment of the meaning and contribution of the Christian music that has been so important in the lives of contemporary believers.
