The Mysteries Of Eleusis:

The Road to Eleusis Robert Gordon Wasson, Albert Hofmann, Carl A. P. Ruck, 1978 Presented here is an astonishing solution to the Mysteries of Eleusis the secret religious rites of ancient Greece that have remained a riddle for the Western World for close to 4 000 years Acting on an insight into the true nature of the rites R Gordon Wasson sought the collaboration of Albert Hoffman the renowned chemist who discovered LSD and Carl A P Ruck a classical scholar specializing in Greek ethnobotany Wasson the author of three books on the role of hallucinogenic mushrooms in human societies has already uncovered the mushroom cult of Mesoamerica and identified the elusive Soma of the Vedic hymns Closely coordinating their research the three scholar scientists first offered documentation on the religious rites at an International Conference on Hallucinogenic Mushrooms in late 1977 These sensational findings given here in a much expanded version leave little doubt that the ancient secret of Eleusis has at last been unveiled Pg 4 of cover

The Road to Eleusis R. Gordon Wasson, Albert Hofmann, Carl A. P. Ruck, 2023-06-27 Unlock the secrets of the Eleusinian Mysteries A deep exploration of secret rites psychedelic sacraments and spiritual revelations that captivated ancient Greek society for nearly two millennia Uncover the evocative history of The Road to Eleusis Once held in hushed whispers the Eleusinian Mysteries were a series of secret rituals and initiations in honor of the goddesses Demeter and Persephone They stood as an enigmatic cornerstone of ancient Greek spirituality capturing imaginations and fevered intrigue for close to two millennia But beneath the veils of tradition and ceremony lay a potent secret First unveiled in this book s controversial 1978 release a groundbreaking trio a mycologist chemist and historian proposed a radical theory the sacred potion imbibed during these clandestine rites was infused with a potent psychoactive entheogen This was not just a challenge to conventional interpretations it was a revolutionary reframing of the role that naturally occurring psychedelic drugs have played in spiritual rituals and rites since time immemorial The Road to Eleusis goes beyond dissecting ancient rites it charts how the authors reshaped our modern understanding of entheogens role in spiritual ceremony revealing facets of the Mysteries previously thought lost to history The authors share intriguing new insights on experiential religious practices perspectives on the healing potential of psychedelics and how and why the secrets of the Mysteries were deliberately concealed The book s revelations reach beyond the scholarly into legal social and spiritual realms all while recasting everything we thought we knew about the rites and rituals of Hellenic cults and expanding our understanding of foundational tenets of Western philosophical and spiritual thought This 30th anniversary edition brings with it an enlightening preface by religious luminary Huston Smith and a renewed exploration of the chemical findings by Peter Webster It powerfully argues for a reimagining of Western religious history and the transformative magic of entheogens

Essay on the Mysteries of Eleusis graf Sergei Semenovitch Uvarov, 1817

The Eleusinian Mysteries and Rites Dudley Wright, 2015-07-17 The Eleusinian Mysteries were initiation ceremonies held every year for the cult of Demeter and Persephone based at Eleusis in ancient Greece They are the most famous of the secret religious rites of ancient Greece It

is thought that their basis was an old agrarian cult which probably goes back to the Mycenaean period c 1600 1100 BC and it is believed that the cult of Demeter was established in 1500 BC The mysteries represented the myth of the abduction of Persephone from her mother Demeter by the king of the underworld Hades in a cycle with three phases the descent loss the search and the ascent with the main theme the ascent of Persephone and the reunion with her mother It was a major festival during the Hellenic era and later spread to Rome The name of the town Eleusis seems to be Pre Greek and it is probably a counterpart with Elysium and the goddess Eileithyia The rites ceremonies and beliefs were kept secret and consistently preserved from antiquity The initiated believed that they would have a reward in the afterlife There are many paintings and pieces of pottery that depict various aspects of the Mysteries Since the Mysteries involved visions and conjuring of an afterlife some scholars believe that the power and longevity of the Eleusinian Mysteries came from psychedelic agents

Initiation into the Mysteries of the Ancient World Jan N. Bremmer, 2014-07-28 The ancient Mysteries have long attracted the interest of scholars an interest that goes back at least to the time of the Reformation After a period of interest around the turn of the twentieth century recent decades have seen an important study of Walter Burkert 1987 Yet his thematic approach makes it hard to see how the actual initiation into the Mysteries took place To do precisely that is the aim of this book It gives a thick description of the major Mysteries not only of the famous Eleusinian Mysteries but also those located at the interface of Greece and Anatolia the Mysteries of Samothrace Imbros and Lemnos as well as those of the Corybants It then proceeds to look at the Orphic Bacchic Mysteries which have become increasingly better understood due to the many discoveries of new texts in the recent times Having looked at classical Greece we move on to the Roman Empire where we study not only the lesser Mysteries which we know especially from Pausanias but also the new ones of Isis and Mithras We conclude our book with a discussion of the possible influence of the Mysteries on emerging Christianity Its detailed references and up to date bibliography will make this book indispensable for any scholar interested in the Mysteries and ancient religion but also for those scholars who work on initiation or esoteric rituals which were often inspired by the ancient Mysteries **Eleusis and**
