Facing the Death Penalty

Michael Radelet,2011-02-07 An in depth examination of what life under a sentence of death is like The Death Penalty

Roger Hood,Carolyn Hoyle,2015-01-08 The fifth edition of this highly praised study charts and explains the progress that continues to be made towards the goal of worldwide abolition of the death penalty The majority of nations have now abolished the death penalty and the number of executions has dropped in almost all countries where abolition has not yet taken place Emphasising the impact of international human rights principles and evidence of abuse the authors examine how this has fuelled challenges to the death penalty and they analyse and appraise the likely obstacles political and cultural to further abolition They discuss the cruel realities of the death penalty and the failure of international standards always to ensure fair trials and to avoid arbitrariness discrimination and conviction of the innocent all violations of the right to life They provide further evidence of the lack of a general deterrent effect shed new light on the influence and limits of public opinion and argue that substituting for the death penalty life imprisonment without parole raises many similar human rights concerns This edition provides a strong intellectual and evidential basis for regarding capital punishment as undeniably cruel inhuman and degrading Widely relied upon and fully updated to reflect the current state of affairs worldwide this is an invaluable resource for all those who study the death penalty and work towards its removal as an international goal Against Capital Punishment Herbert H. Haines,1999-08-19 While most western democracies have renounced the death penalty capital punishment enjoys vast and growing support in the United States A significant and vocal minority however continues to oppose it Against Capital Punishment is the first full account of anti death penalty activism in America during the years since the ten year moratorium on executions ended Building on in depth interviews with movement leaders and the records of key abolitionist organizations this work traces the struggle against the pro death penalty backlash that has steadily gained momentum since the 1970s It reviews the conservative turn in the courts which over the last two decades has forced death penalty opponents to rely less on the litigation strategies that once served them well It describes their efforts to mount a broad based educational and political assault on what they see as the most cruel racist ineffective and expensive manifestation of a criminal justice system gone wrong Despite the efforts of death penalty opponents executions in the United States are on the increase Against Capital Punishment diagnoses the reasons for the failure to mobilize widespread opposition to executions and assesses the prospects for opposition to capital punishment in the future of the United States

Jack and Norman Jerome Loving,2017-02-21 This is the story of an author and his apprentice It is the story of literary influence and tragedy It is also the story of incarceration in America Norman Mailer was writing The Executioner s Song his novel about condemned killer Gary Gilmore when he struck up a correspondence with Jack Henry Abbott Federal Prisoner 87098 132 Over time Abbott convinced the famous author that he was a talented writer who deserved another chance at

freedom With letters of support from Mailer and other literary elites of the day Abbott was released on parole in 1981 With Mailer s help Abbott quickly became the literary it boy of New York City But in a shocking turn of events the day before a rave review of Abbott s book *In the Belly of the Beast* appeared in *The New York Times* Abbott murdered a New York City waiter and fled to Mexico eerily like Gary Gilmore in Mailer s true life novel Abbott killed within six weeks of his release from prison Now Jerome Loving explores the history of two of the most infamous books of the past 50 years a fascinating story that has never before been told

The Death Penalty Roger Hood CBE QC (Hon) DCL FBA, Carolyn Hoyle, 2008-03-27 The 4th edition of this authoritative study of the death penalty now written jointly with Carolyn Hoyle brings up to date developments in the movement to abolish the death penalty worldwide It draws on Roger Hood s experience as consultant to the United Nations for the UN Secretary General s five yearly surveys of capital punishment and on the latest information from non governmental organizations and the academic literature Not only have many more countries abolished capital punishment but even amongst those that retain it the majority have been carrying out fewer executions Legal challenges to the mandatory capital punishment have been successful as has the pressure to abolish the death penalty for those who commit a capital crime when under the age of 18 This edition has more to say about the prospects that China will restrict and control the number of executions on the road to abolition Yet despite such advances this book reveals many human rights abuses where the death penalty still exists In some countries a wide range of crimes are still subject to capital punishment and the authorities too often fail to meet the safeguards embodied in international human rights treaties to safeguard those facing the death penalty There is evidence of police abuse unfair trials lack of access to competent defence counsel excessive periods of time spent on in horrible conditions on death row and public painful forms of execution The authors engage with the latest debates on the realities of capital punishment especially its justification as a uniquely effective deterrent whether it can ever be administered equitably without discrimination or error and what influence relatives of victims should have in sentencing and on the public debate For the first time it also discussing the problem of devising an alternative to capital punishment especially life imprisonment without the possibility of parole

Women and the Death Penalty in the United States, 1900-1998 Kathleen O'Shea, 1999-02-28 Using a historical framework this book offers not only the penal history of the death penalty in the states that have given women the death penalty but it also retells the stories of the women who have been executed and those currently awaiting their fate on death row This work takes a historical look at women and the death penalty in the United States from 1900 to 1998 It gives the reader a look at the penal codes in the various states regarding the death penalty and the personal stories of women who have been executed or who are currently on death row As Americans continue to debate the enforcement of the death penalty the issues of race and gender as they relate to the death penalty are also debated This book offers a unique perspective to a recurring sociopolitical issue
