Agriculture Organization of the United
Nations. Forestry Department**

Small And Medium Sawmills In Developing Countries:

Small and Medium Sawmills in Developing Countries, 1981 Raw materials Marketing Industrial processing Personnel Legal and environmental considerations Structures Construction phases Financial projections and analysis Small-scale Harvesting Operations of Wood and Non-wood Forest Products Involving Rural People Virgilio De la Cruz, 1989-01-01

Introduction to Ergonomics in Forestry in Developing Countries Food and Agriculture Organization of the United Nations, 1992-01-01 Microfinance and Forest-based Small-scale Enterprises Food and Agriculture Organization of the United Nations, 2005-01-01

Communities around the world rely on forests for their livelihoods and the sustainable development of small scale often family run enterprises is increasingly recognised as a key to poverty reduction This publication examines the needs of such small scale enterprises for access to microfinance services given the seasonal and often unpredictable nature of forest based activities It looks at different types of financial institutions such as banks non governmental organisations co operatives and credit unions as well as group lending leasing insurance and cash transfers The strengths and weaknesses of different approaches are considered through four case studies which draw on experiences in Nepal Guatemala the Sudan and Peru *Manual on Sawmill Operational Maintenance*, 1990-01-01 Trees, forests and land use in drylands: the first global assessment Food and Agriculture Organization of the United Nations, 2019-11-29

Drylands cover 41 percent of the Earth s land surface This publication presents the results of the first global assessment of trees forests and land use in these lands The assessment breaks new methodological ground it relies on the visual interpretation of freely available satellite images carried out by more than 200 experts in a series of regional workshops Using a tool called Open Foris collect Earth developed by FAO in collaboration with Google participants gathered and analysed information for more than 200 000 sample plots worldwide For each region the report summarizes the distribution of forests other wooded land and other land uses including grasslands croplands built up areas and barren land across all drylands and by aridity zone It also estimates tree canopy cover shrub cover forest type and presence of trees outside forest Indicating that the global drylands contain more than one quarter of the world s forest area and that trees are present on 31 percent of the world s dryland area the report provides a baseline for future monitoring and will support countries in their efforts to identify appropriate investments for the restoration and sustainable management of drylands **Establishing Pulp and Paper Mills** Food and Agriculture Organization of the United Nations, 1983-01-01

Guidelines for Forestry Information Processing with Particular Reference to Developing Countries J. W. Van Roessel, Food and Agriculture Organization of the United Nations. Forestry Department, 1986-01-01 *General Technical Report FPL*, 1978 **Forest Products from Latin America** Robert R. Maeglin, 1993
