Small Countries in a Global Economy D. Salvatore, M. Svetlicic, J. Damijan, 2001-03-13 This book addresses the issues surrounding the prospects of small countries in an integrated globalized world The contributors support the thesis that the new global environment does not represent a twilight for small countries but recognise that the honeymoon has not been as comfortable as others had expected They demonstrate that by entering the global arena or by consolidating into regional alliances small countries do not lose and may even gain sovereignty in areas previously closed to them CARICOM Single Market and Economy Kenneth O. Hall, Myrtle Chuck-A-Sang, 2007

Asymmetric Economic Integration Snorri Thomas Snorrason, 2012-07-09 This book investigates whether the effects of economic integration differ according to the size of countries The analysis

incorporates a classification of the size of countries reflecting the key economic characteristics of economies in order to provide an appropriate benchmark for each size group in the empirical analysis of the effects of asymmetric economic integration. The formation or extension of Preferential Trade Areas (PTAs) leads to a reduction in trade costs. This poses a critical secondary question as to the extent to which trade costs differ according to the size of countries. The extent to which membership of PTAs has an asymmetric impact on trade flow according to the size of member countries is analyzed by employing econometric tools and general equilibrium analysis, estimating both the ex post and ex ante effects of economic integration on the size of countries using a data set of 218 countries, 45 of which are European. **Population and Politics**

John Gerring, Wouter Veenendaal, 2020-05-28 Analyzes scale effects across a range of political dimensions encompassing different political levels using a multi-method approach. Eu's Eastward Enlargement, The: Central And Eastern Europe's Strategies For Development Yoji Koyama, 2014-12-09 Owing to the global financial crisis of 2007-2009 and subsequently the Eurozone crisis, the accession of Central and Eastern European countries to the European Union and the Eurozone has not been an easy one. The EU's Eastward Enlargement analyses challenges that these countries currently face in their pursuit of economic self-reliance. Covering a period from the second half of the 1980s to the present, Yoji Koyama provides unique and objective analyses of the European Union and the Euro system from a non-European perspective. He offers a detailed reexamination of the fundamental problems of the European Union which in turn have affected the autonomous development of countries such as Poland, the former Yugoslavia, Albania, and the Baltic States. This book is a useful addition to the scholarship available on the Euro system and Central and Eastern European countries. It will help readers gain a more holistic understanding of the ongoing Eurozone crisis and the future of the Eurozone project. Diaspora Business Maria Elo, Liesl Riddle, 2019-07-22 This volume was first published by Interdisciplinary Press in 2016. *Diaspora Business* is a unique book taking an overarching view to diaspora and business on a global scale. It examines diaspora in the global economy and marketplace from interdisciplinary perspectives. Moreover, it provides numerous discussions on concepts, roles, activities, organizational forms, and institutional dimensions combined with empirical research. The scope of the book includes developed, emerging, and developing country contexts and matches those to strategic perspectives on management, utilization, and employment of diasporas and their resources. The authors represent diverse nationalities and ethnicities and thus enrich the book with their particular viewpoints. The book is structured in four parts: the first one concentrates on diaspora business, investment, and trade; the second one on diaspora entrepreneurship and internationalization; the third one on diaspora networks, roles, and social capital; and the fourth part focuses on diaspora frameworks, institutions, and policy making.
