became the stage for one of the most shocking acts of terrorism in modern history Black September's assault on the Israeli athletes shattered the illusion of Olympic innocence and the botched rescue attempt at F rstenfeldbruck turned tragedy into catastrophe While Fischer rose as America's unlikely hero the world mourned the slain athletes and realized that ideology could invade even the spaces built for unity Volume 3 is a haunting contrast triumph of mind against machine in Iceland and the brutal fragility of peace in Munich This is the story of how 1972 forced humanity to question what victory honor and safety truly meant *The Statesman's Year-Book 1981-82* J.
