Senter III, 1997-03-05 Things have changed The Truth has not The 1950 s are gone forever The days of the Sunday school attendance award and the much loved Sunday school picnic have faded into oblivion Yet some youth ministries still operate as if today s kids are living in a vacuum unaffected by the changing morals of today s society How can we reach these kids with the truth of the gospel More than fifty of America s youth experts give advice and encouragement to those who long to see this generation know the love of Christ They help readers think through their philosophies of youth ministry break down barriers that impede progress and maximize their own gifts and the gifts of those who work with them They answer tough questions such as How can leaders build a relational youth ministry How can we find and support volunteers What are the issues women face in youth ministry How do we minister in ethnic communities How should we respond to popular culture How can we help hurting adolescents You can have a vibrant youth ministry even in these uncertain times You can reach this generation for Christ

Revolutionary Churches in Revolutionary Seasons: Dagmawi M. Wube, 2018-01-20 Since the downfall of the Derg and the establishment of the decree for religious freedom there have been types of problems related to the size and type of groups that have greatly affected the Ethiopian evangelical church The first category of problem is due to the attraction that many contemporary church leaders have for reaching multitudes and building mega church ministries at the expense of small group ministries Because of the priority on the large group environment small group ministries have been neglected resulting in a whole generation of students and people who have never experience the vibrant spiritual benefits of a small group As a result believers are inclined to attend only Sunday Worship Services and the rest of the week live disconnected from vital relational community and involvement Too many churches in Ethiopia today have chosen to focus on the quantity of the people rather than the quality of the disciple resulting in the spiritual diseases of nominalism and carnality Discipleship and biblical Koinonia are being ignored therefore many people are not experiencing the richness of biblical Christianity in many practical ways This has resulted in the loss of Ethiopian Evangelicals identity as well as an

influence on all aspects of Ethiopian culture including her institutions and government
