developing implementing and evaluating policies and social plans including achieving impact through networking formal consultations community development and lobbying Part two of the book looks at types of social care and the challenges each present The types of social care include community embedded specialised statutory and visiting The authors devote specific attention to Indigenous communities and through case studies provide examples of social care programs in action The authors have more than 40 years combined experience in rural social work and community development

Participatory Governance W. Robert Lovan, Michael Murray, Ron Shaffer, 2017-03-02 In recent years a new participatory governance dynamic has been redefining relationships and responsibilities in the planning and implementation of policies and programs Participatory governance not only crosses public private and associational sectors but is also intra organizational It allows for individual and collective participation and challenges longstanding norms of institutional behavior This book examines fresh evidence relating to planning conflict mediation and public decision making processes in civil society by bringing together a multi disciplinary team of practitioners and scholars from North America Europe Africa and Australia In an analysis which spans institutional perspectives and operational concerns the contributors explore the dynamics of stakeholder involvement as deliberative processes constructed around the core idea of shared responsibility The book draws out important principles as to how this diversity of engagement can translate itself into more effective public decision making

Cooperatives and Local Development Christopher D. Merrett, Norman Walzer, 2016-09-16 First Published in 2004 The market economy has changed profoundly over the past two centuries In the nineteenth century business enterprises were largely single product ventures managed directly by the owners and rooted within national economies In the twentieth century firms employed managers who were not owners Firms also evolved into multiproduct multiunit entities that could employ thousands of workers In the twenty first century many firms operate on a global scale taking advantage of free trade policies and rapidly evolving computer and telecommunications technologies Given this potential it is crucial that producers consumers economic developers and researchers realize how co ops can promote local economic and community development Hence this book includes the perceptions of experts on a variety of cooperative issues including the challenges involved in starting a co op and in understanding its impact on surrounding communities This book can be especially useful because it provides the theoretical foundations and practical applications of cooperative behavior
