Small Ecstasies:

Little Miss Lustrig Agnes Giberne, 1896 **Seeing Through the Eye** Cecil Kuhne, 2016-01-22 Malcolm Muggeridge was one of Great Britain's most well known journalists and television personalities having interviewed practically every major public figure of his time. He shocked the world with his conversion to Christianity later in life. St. Mugg as he was affectionately known, was clear in his new found faith. It is the truth that has died, not God, and Jesus was God, or he was nothing. These wonderful selections of Muggeridge's writings and speeches cover a wide variety of spiritual themes revealing his profound faith, great wit, and lively writing style. Topics include Jesus, The Man Who Lives, Is There a God, The Prospect of Death, Do We Need Religion, Peace and Power, and many more. The counter countercultural declaration of Mr. Muggeridge's conversion was especially eye catching given the great legions traveling in the opposite direction. His larger public knew him through his work as a television host and critic. But all of literate England and much of America knew him as a learned and incisive journalist who had written *Winter in Moscow*, a searing exposé of Communism. His intellect and historical savoir faire gave his criticisms a very long reach. In America he made regular appearances as book editor of *Esquire* magazine. No Englishman has a more mordant, more attractive wit. William F. Buckley Jr. From the Introduction **Ascent of the Mountain, Flight of the Dove** Michael Novak, 2011-12-31 The essence of *Ascent of the Mountain, Flight of the Dove* remains intact: its vision of religious studies as sustained reflection on our lifelong voyage to discover who we are. The story we choose for ourselves, the story we live, can sacralize or secularize our lives and our world by the way in which we choose to relate to it. With this awareness of the story dimension of life, *Ascent of the Mountain, Flight of the Dove* opens us to awe, reverence, and wonder at the risks and possibilities of human freedom. This book is even more important than it was thirty years ago. We need religion to strike deeply into the self, away from public glare. Unless Americans become more sophisticated about the language of the self, inner life will shrivel. In addition, our people will continue to be vulnerable to fundamentalist movements. Such movements take over too many innocents. They promise and sometimes deliver a touching happiness. But they do so by closing the spirit in a powerful and dangerous way. Families and schools do not provide a large and critical vocabulary by which to express the inner longings of the spirit. The souls of many are parched and they gladly accept water, any water, from those who offer it. The liberation of the religious spirit from trivial, closed, and simplistic systems of thought can only be achieved through the development of a critical language, exercises and disciplines that open rather than close the mind, that lead to higher viewpoints, breakthroughs, and new syntheses in a constant enlargement of spirit. Novak's book leads us to that place. **Rivers of Light** Miriam Kalman Friedman, 2019-04-04 Growing up in a conservative middle class family in Texas, Claire Myers Owens sought adventure and freedom at an early age. At twenty years old, she left home and quickly found a community of like minded free spirits and intellectuals in New York's Greenwich Village. There Owens wrote novels and short stories, including the controversial novel *The Unpredictable Adventure: A Comedy of Woman's Independence*, which was

banned by the New York Public Library for its risqué content Drawn to ideals of self-actualization and creative freedom Owens became a key figure in the Human Potential Movement along with founder Abraham Maslow and Aldous Huxley and became an ardent follower of Carl Jung In her later years Owens devoted her life to the practice of Zen Buddhism moving to Rochester NY where she joined the Zen Center and studied under Roshi Philip Kapleau She published her final book *Zen and the Lady* at the age of eighty three Friedman's rediscovery of Owens brings well deserved attention to her little known yet extraordinary life and passionate spirit Drawing upon autobiographies letters journals and novels Friedman chronicles Owens's robust intellect and her tumultuous private life and along the way shows readers what makes her story significant With very few role models in the early twentieth century Owens blazed her own path of independence and enlightenment

Ascent of the Mountain, Flight of the Dove J. Bowyer Bell, 2017-09-29 The essence of *Ascent of the Mountain Flight of the Dove* remains intact its vision of religious studies as sustained reflection on our lifelong voyage to discover who we are The story we choose for ourselves the story we live can sacralize or secularize our lives and our world by the way in which we choose to relate to it With this awareness of the story dimension of life *Ascent of the Mountain Flight of the Dove* opens us to awe reverence and wonder at the risks and possibilities of human freedom This book is even more important than it was thirty years ago We need religion to strike deeply into the self away from public glare Unless Americans become more sophisticated about the language of the self inner life will shrivel In addition our people will continue to be vulnerable to fundamentalist movements Such movements take over too many innocents They promise and sometimes deliver a touching happiness But they do so by closing the spirit in a powerful and dangerous way Families and schools do not provide a large and critical vocabulary by which to express the inner longings of the spirit The souls of many are parched and they gladly accept water any water from those who offer it The liberation of the religious spirit from trivial closed and simplistic systems of thought can only be achieved through the development of a critical language exercises and disciplines that open rather than close the mind that lead to higher viewpoints breakthroughs and new syntheses in a constant enlargement of spirit Novak's book leads us to that place

The Cliff-Dwellers Henry Blake Fuller, 2022-11-13 In *The Cliff Dwellers* Henry Blake Fuller crafts a vivid portrayal of the burgeoning urban landscape of late 19th century Chicago Using a distinct naturalism infused with evocative imagery Fuller weaves together the lives of a diverse cast of characters exploring their struggles and aspirations against the backdrop of a rapidly changing society He adeptly captures the tensions between the emerging middle class and the established social structures illustrating the moral ambiguities and unique challenges that arise in a city teetering on the brink of modernity This novel not only reflects the pulsating energy of urban life but also critiques the societal norms that dictate personal ambitions and relationships within the newly industrialized American milieu Henry Blake Fuller an influential figure in American literature is often credited with pioneering the Chicago literary renaissance His experiences in the city along with his keen observations of its socioeconomic dynamics informed his writing

As a contemporary of naturalist writers such as Theodore Dreiser Fuller's deep engagement with the cultural and architectural transformations of his time led him to address themes of identity and community making *The Cliff Dwellers* a poignant exploration of urban existence Readers seeking a profound understanding of the complexities of urban life in post Civil War America will find *The Cliff Dwellers* an invaluable text Fuller's nuanced storytelling and intricate character development provide a compelling lens through which to examine the intersection of personal and societal challenges This novel is not just a snapshot of an era but a timeless reflection on the human condition making it a must read for anyone interested in the evolution of American literature

A Simple Habana Melody Oscar Hijuelos, 2025-02-11 From a Pulitzer Prize winning author comes a masterpiece about a composer returning to his beloved homeland after WWII Kirkus starred review The year is 1947 Israel Levis a Cuban composer whose life once revolved around music and love is finally returning home En route to Habana Cuba from Spain he is a shadow of his former self disillusioned after he was

mistakenly sent to a camp during the Nazi occupation of France In Habana he escapes his anguish by reminiscing about his happiest moments before the war when he lived a life of pleasure and excitement and had a loving if unrequited romance with Rita Valladares the alluring singer who inspired Levis s most famous composition Rosas Puras A tender homage to music art and a vibrant country at the edge of modernity A Simple Habana Melody is a virtuoso performance from one of America s most talented writers Includes a reading group guide *Hawk Rising* John Cowan,2009-06 Thousands in the Western world have sought a brighter life through the practice of Eastern meditation While many have experienced a deeper sense of calm most have never experienced the enlightenment promised by these methods Through witty entertaining anecdotes Hawk Rising shares the secret to understanding observing and then managing a calming approach that softens but does not stifle the desire for achievement John Cowan has spent his lifetime learning within the worlds of spirituality and motivational psychology and offers an innovative method derived from the Buddhist system that effectively reduces anxiety through meditation and visualization Cowan teaches through exercises and personal stories that viewing the imagination as part of the here and now will end frustration and increase the ability to begin each day with renewed power and confidence Anyone interested in remaining in the hustle and bustle of the world and still achieving a new level of inner peace will benefit from his explorations of the sources of anxiety its causes and how to develop a method for being usefully anxious while living a free active and creative life *Politics, Culture and the Lebanese Diaspora* Nathalie Nahas,Paul Tabar,2010-07-12 This book is a collection of essays that were originally presented at a conference at the Lebanese American University in late May 2007 entitled Politics Culture and the Lebanese Diaspora It looks at various facets of the Lebanese Diaspora and examines the politics and culture of Lebanese migrants and their descendants in different parts of the world while detailing the communal national and transnational elements of these practices and exploring the changing characteristics of politics and culture in respect to migration Diaspora and globalization The essays raise questions about the in compatible and interpenetrating relationships between these dynamics and analyze processes of identity formation as cultural manifestations of migratory politics The book is divided into three main sections The first section deals with issues of identity and multiculturalism among Lebanese emigrants concluding that identities are continuously molded and negotiated in the diaspora It examines the formation of identities among second and third generation migrants and the changing conceptions of the meaning of roots and homelands The second section deals with politics and activism in the Diaspora It looks at how diasporas relate to the political processes in their homelands during post conflict resolution and explores the role of Lebanese migrants abroad in the process of peace building back home The third part deals with the Diaspora in literature and media through the assessment of key writings on the explorations of self of the Lebanese abroad drawing on how symbols of identification and conventions of representation become sites of conflict over time The wide variety of perspectives presented in these papers invite us to challenge the notion of a fixed bounded and rigid homeland and identity and move towards one that is more

nomadic and fluid They call us to pay attention to the symbols used in the cultural construction of both homelands and identities in the country of immigration and to think of the complex ways in which transnational politics affect the homeland and are in turn affected by it Ecstasy: The Complete Guide Julie Holland,2001-08 Written by the world s leading experts on MDMA Ecstasy The Complete Guide takes the first unbiased look at the risks and the benefits of this unique drug including the science of how it works its promise as a treatment for depression post traumatic stress disorders and other mental illnesses and how to minimize the risks of use The Year's Best Science Fiction: Twentieth Annual Collection Gardner Dozois,2007-04-01 Widely regarded as the one essential book for every science fiction fan The Year s Best Science Fiction Winner of the 2002 Locus Award for Best Anthology continues to uphold its standard of excellence with more than two dozen stories representing the previous year s best SF writing This year s volume includes Ian R MacLeod Nancy Kress Greg Egan Maureen F McHugh Robert Reed Paul McAuley Michael Swanwick Robert Silverberg Charles Stross John Kessel Gregory Benford and many other talented authors of SF as well as thorough summations of the year and a recommended reading list The Best of the Best: 20 Years of the Year's Best Science Fiction Gardner Dozois,2005-02-01 The renowned sci fi anthology presents a twenty year retrospective featuring many of the genre s most important authors The results are breathtaking Booklist For decades The Year s Best Science Fiction has been the most widely read short science fiction anthology of its kind Now after twenty one annual collections comes the ultimate in science fiction anthologies The Best of the Best 20 Years of the Year s Best Science Fiction in which legendary editor Gardner Dozois selects the very best short stories for this landmark collection Some notable stories include Coming of Age in Karhide by Ursula K Le Guin The feminist science fiction pioneer returns to the world of her classic The Left Hand of Darkness The Winter Market by William Gibson Called the SF Timothy Leary of our times Gibson returns to the subject that made him a cultural icon cyberpunk Trinity by Nancy Kress The search for God is enhanced by cutting edge technology in this story from one of the anthology s most frequent and admired contributors Contributors include Stephen Baxter Greg Bear William Bigson Terry Bisson Pat Cadigan Ted Chiang John Crowley Tony Daniel Greg Egan Molly Gloss Eileen Gunn Joe Haldeman James Patrick Kelly John Kessel Nancy Kress Ursula K Le Guin Ian R MacLeod David Marusek Paul McAuley Ian McDonald Maureen F McHugh Robert Reed Mike Resnick Geoff Ryman William Sander Lucius Shepard Robert Silverberg Brian Stableford Bruce Sterling Charles Stross Michael Swanwick Steven Utley Howard Waldrop Walter Jon Williams Connie Willis Gene Wolfe **The Mammoth Book of Best New SF 16** Gardner Dozois,2011-08-04 Michael Swanwick Geoff Ryman Allen Steele Nancy Kress Robert Reed Michael Cassott Charles Stross are just some of the high profile names that feature in this volume of what is now regarded as essential reading for every science fiction fan This year s edition includes not just the biggest names in science fiction writing but also many of its other brightest young talents too as well as even more stories than ever before All this and the usual thorough summations of the year plus a list of recommended reading more than upholds an established tradition of value and
