## Small Not Tall:

*Big and Little Jake* Norman Edelstein, 2006-04 A LUSTY MEMORIAL TO OUR FOREBEARS SEARCH FOR FREEDOM This book is a work of fiction The people populating these pages are not real people living or dead They are mirror images of the people who made the incredible trek from European intolerance to their dream of a better life in AMERICA During the half century between 1880 and 1924 more than twelve million valiant beings made their precarious way to these shores Each of them might have provided a story good bad inspiring or humbling In fact a bibliography of their stories fiction memoir biography and history would fill a large library As is normal that generation of determined beings is now gone from this scene and their children the generation later dubbed The Greatest also dwindling away This then is another story in that pantheon a memorial tale out of those lusty years about one fictional family chasing one of those twelve million dreams

*Inscriptions, Part II, Text* Arthur E. Gordon,2023-12-22 The second installment of the Album of Dated Latin Inscriptions from Rome and the Neighborhood offers a rich continuation of epigraphical and palaeographical study covering the period from A D 100 to 199 Building on the foundation laid in Part I this volume intensifies the focus by presenting 102 meticulously selected texts drawn from 179 inscriptions for which squeezes were made The inscriptions many from the city of Rome and its surroundings offer unique insights into the social political and cultural life of the second century Through careful analysis of stonework and lettering this collection provides an invaluable resource for scholars looking to deepen their understanding of Latin epigraphy while maintaining a commitment to accuracy and scholarly rigor In this volume the authors address critiques of Part I by improving the clarity between texts and annotations refining the typographical presentation and enhancing the organization of the plates This careful attention to feedback ensures a more accessible and user friendly experience for researchers Among the highlights of this collection are rare inscriptions published for the first time such as a previously unknown praetor s name from the year 121 and additional texts from the Arval Brethren which pose intriguing questions about the authenticity and chronology of these ancient records The authors also include several inscriptions of great historical significance such as the metrical texts and records of important officials from the era making this volume a critical tool for both seasoned epigraphists and students of Roman history alike This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1964      Epitaphs & Inscriptions from Burial Grounds & Old Buildings in the North-east of Scotland Andrew Jervise,1875      **Epitaphs &**
