Biller, 2002-05-30 Biller integrates research about exercise nutrition and health within an applied developmental psychological framework Readers are presented with ways of making fitness an enjoyable and positive force in their daily lives Although a major focus is on how to get in shape Biller's primary mission is to encourage a healthy lifestyle that enriches self awareness and personal growth The goal is not just to facilitate physical fitness but to enhance overall life satisfaction The book s uniqueness accordingly lies in its ability to help individuals develop a creative playful approach to

fitness in all spheres of their lives While some readers are just beginning to think about fitness because of a desire to lose weight and improve their appearance others are more interested in refining their athletic skills or achieving a greater balance in their daily activities Dedicated exercisers often are striving for new routines and ways to prevent burnout Many parents moreover are searching for activities to help their children as well as themselves become more fit Older individuals are especially likely to be concerned about staying healthy and avoiding physical dependence as they age Biller speaks to all these concerns and all these groups by providing an approach to getting in shape that enriches self understanding and mental vitality **The Complete Idiot's Guide to Overcoming Procrastination** L. Michelle Tullier,1999 Offers advice on how to deconstruct unproductive work habits improve time management and increase productivity at work and at home

Ride Right with Daniel Stewart Daniel Stewart, 2015-07-01 Riders are athletes in the truest sense of the word yet the majority of them fail to treat themselves as such Most riders would never consider working a horse without first warming it up but fail to treat their own bodies with the same respect Daniel Stewart's Ride Right system will improve rider and horse performance simply by showing riders how to improve themselves There are three main phases in the Ride Right system Rider biomechanics the how and why of balance posture symmetry and body awareness strength stamina and suppleness The conditioning of the rider's body with specially designed stretching and fitness exercises rider frame of mind Sports psychology relaxation and visualization All these elements together with good health and nutrition will show riders how to **Life Begins at Sixty** Joan Frentz, 2004-08 Healing Logics Erika Brady, 2001-04-01 Scholars in folklore and excel anthropology are more directly involved in various aspects of medicine such as medical education clinical pastoral care and negotiation of transcultural issues than ever before Old models of investigation that artificially isolated folk medicine complementary and alternative medicine and biomedicine as mutually exclusive have proven too limited in exploring the real life complexities of health belief systems as they observably exist and are applied by contemporary Americans Recent research strongly suggests that individuals construct their health belief systmes from diverse sources of authority including community and ethnic tradition education spiritual beliefs personal experience the influence of popular media and perception of the goals and means of formal medicine Healing Logics explores the diversity of these belief systems and how they interact in competing conflicting and sometimes remarkably congruent ways This book contains essays by leading scholars in the field and a comprehensive bibliography of folklore and medicine **Food and You** Marjolijn Bijlefeld, Sharon K. Zoumbaris, 2001-05-30 What is the BMI How much should I be eating Do I really need to exercise Find the answers to these questions and other food body and health questions in this guide to understanding the fundamentals of good nutrition and its partner for optimum health physical activity Healthy eating can be a habit and good habits started earlier in life are easier to maintain Good nutrition and physical activity complement each other in weight loss cardiovascular health and other benefits This book provides the advice you need on how to get the most out of what you eat and how to develop healthier habits that

will help keep you fit for a lifetime Most teens don t need to resort to special diets or programs they just need to know how to make sensible choices Definitions of good nutrition discussions of how the food you eat affects the way you feel and perform and information on how to use readily available tools such as the Nutrition Facts label and USDA Food Guide Pyramid are just some of the factors provided to help readers develop healthy habits Bijlefeld and Zoumbaris provide information on a number of other health matters from vegetarian diets to eating disorders to the affects of alcohol and drugs on the body You ll also learn how to make healthy choices in grocery stores and restaurants how to set up a kitchen of your own and how to keep your food safe all factors involved in helping you to stay healthy for peak performance in whatever you choose to do
