**Sport in South Asian Society** Boria Majumdar, J A Mangan, 2013-09-13 A detailed study of sports arrival spread and advance in colonial and post colonial

South Asia A selection of articles addresses critical issues of nationalism communalism commercialism and gender through the lens of sport This book makes the point that the social histories of South Asian sport cannot be understood by simply looking at the history of the game in one province or region Furthermore it demonstrates that it would be wrong to understand sport in terms of the exigencies of the colonial state Drawing inspiration from C L R James well known epigram What do they know of cricket who only cricket know the findings suggest that South Asian sport makes sense only when it is placed within the broader colonial and post colonial context The book demonstrates that sport not only influences politics and vice versa but that the two are inseparable Sport is not only political it is politics intrigue culture and art To deny this is to denigrate the position of sport in modern South Asian society This volume was previously published as a special issue of The International Journal of the History of Sport

*The Circuit* Rowan Ricardo Phillips, 2019 Winner of the 2019 PEN/ESPN Award for Literary Sports Writing The Circuit is the best sports book I've read in years maybe ever Rich Cohen author of The Chicago Cubs and Monsters As sports writing goes The Circuit is unusual in the very best way Rowan Ricardo Phillips writes with such fluidity and packs the book with bursts of brilliance This is a compulsively readable guide to one truly Homeric year of professional tennis John Green author of The Fault in Our Stars An energetic lyrical genre-defying account of the 2017 tennis season In The Circuit A Tennis Odyssey the award-winning poet and Paris Review sports columnist Rowan Ricardo Phillips chronicles

2017 as seen through the unique prism of its pivotal revelatory and historic tennis season The annual tennis schedule is a rarity in professional sports in that it encapsulates the calendar year And like the year it s divided into four seasons each marked by a final tournament the Grand Slams Phillips charts the year from winter s Australian Open where Roger Federer and Rafael Nadal renewed their rivalry in a match for the ages to fall s U S Open Along the way Phillips paints a new vibrant portrait of tennis one that captures not only the emotions nerves and ruthless tactics of the point by point game but also the quicksilver movement of victory and defeat on the tour placing that sense of upheaval within a broader cultural and social context Tennis has long been thought of as an escapist spectacle a bucolic separate bauble of life The Circuit will convince you that you don t leave the world behind as you watch tennis you bring it with you     **The Life of Arthur Ashe** David K.
